

Wear fan art and stories and where worlds are travailed

Chapter 1 The evil plan

As for most stories it all started like this not once apron a time or any other rubbish like that.

It just started?

Crystal Fire was upstairs looking at some Manga drawings he drew. He was getting so ingrossed with it.

Looking at them. That is until Judas comes in opening the door unannounced.

"Hello dad"

He quickly hides the drawings.

"hhhhello son?"

"Was that Manga or anima?"

Crystal Fire coffered while hiding the evidence.

"hu hu hur I don't know what you are talking about?"

He says tryng to hide it.

"O...K..." Said Judas.

"Right so why are you here?"

"I am just hear to find out what your evil plan is going to be this time"

"Arh yes my EVIL plan son! Well I have a pretty good idea!"

"And?"

"I am going to steal the codes from the Admins and Mods from both Weasyl and FA with these codes I will be able to go through different worlds or as they say?"

"You mean... er.. Help me out here?"

"You know how people get pictures of themselves with others

from not this world a.k.a fan art as they call it!"

"They even record there adventures by writing them down. Yes I heard there are lots of different ways to enter these worlds and we are like just the hub. From what I recall in the home is three. Do not get me wrong there are more but three ways is the only one I can remember. There is the very expensive way by modern machines created in Japan. When they came out in the eighty's they cost round about £100,000,00 now a days they cost even more round about £100,000,000,00.

Some furs have even made there own. The Bermuda Triangle was a classic when I was growing up. Apparently according to the American fur kids in the home if you went in you would transport to another world. The only down side is it is random. Finally there are the codes. If you write a serton code into your laptop computer whatever as long as it was on you will be transported that way."

"But there is more then one way"

"Yeah of course for the ones who know it"

"Well I am going to take the admin and moderators code!"

"Yes even though you could have your own for other people it dose not have to be stolen from a mod or ad?"

"Where is the Evilness in that! I say if I am going to use code I am going to take the site owners code the staff's code to get into where ever I go! Besides the mods and ads are more powerful because you do not have to type it on a laptop you can just say it out lowed!"

"That is what you heard now where did you get that fact!"

"I'm not-"

"Where did you get it!"

"I do not have to te-"

"WHERE!"

"Wikipedia"

*

"I am telling you dad you just do not know what people will put on there Infact I can put something up there and say Oh the moon is made out of cheese! It dose not make it correct though!"

"Maybe not in this dimension but in another"

"Dad do not try justifying things it is going to get you into more bother and you already get into enough as it is!?"

"I am just saying?"

"Look I can justify things dose not mean it is right I can go up to a cooky jar eat all the cookies and then say Oh I need that for the energy and Glucose for my body to give me instilling. I would get fat and it would not be very healthy for me!"

"But"

"No buts if you want to do something like that get your laptop and start finding out about the code to different worlds that way you do not have to steal somefur else's!"

"I want to!"

"Please Dad you will end up arrested or embarrassing yourself!"

"NO! And that is a Worf NO!"

"Yes that episode was OK I guess!"

"It was funny but the funniest was the it is broken fix it episode We look for things things to make us go."

"How did we get onto a topic of star trek next generation never mind it is good let's keep that topic!"

"Tomorrow I will get toughs codes!"

"Or maybe not" Said Judas sighing.

"I will get my revenge not even Angellothefox can stop me!"

"Yeah... Well it is getting late I think You should get to bed otherwise you wiww be a worry cwanky dwagon in the morning"

"I DO NOT GET CRANKY!"

"I rest my case ni-night Dad."

The next morning

We arrive at Angellothefoxes house he gets up has a stretch and dose the thing with his mouth you know.

What people do when they are tired with there moths.

Forget it.

Angellothefox walks down and gets his Breakfast. Honey nut cornflakes from Tescos or Asda there delicious but you want the story not me advertising food to you don't you.

Well...

Angellothefox finished his breakfast and helped himself to a cabrera's cream egg.

He polished that off quickly as well.

He then set up his laptop. If he owned cats he would do there water.

But why would he need to do that?

Since cats can help themselves to water it isn't very hard?

Angellothefox replied to a few shots then did stuff on his laptop like AVG Sweeepy that important stuff.

Now we are going to fast-forward to 12.00pm.

It was the middle of the day.

Angellothefox decided to go on Weasyl took his time didn't it!

There he noticed something from the Moderators and administrations telling him that there was something going on all there codes have been stolen.

He went on FA and it was the same.

Angellothefox chat it over with his mother and after a little debate or a large one she says "Just be careful!"

Angellothefox signs in to both FA and Weasyl.

What seems to be the problem Typed Angellothefox in replay.
It is terrible we seemed to be hacked I told them they should have bought the Anti Schwarzenegger hacking program but no someone wanted to go for something free! Replied Hunting wolf a admin of FA!

Of course a lot of time passed because it is not like chat rooms you have to wait a minute or so for the other fur to reply.

We must do something and since this fox is here he might as well help? Replied Scoffer the Mod of FA.

Over on Weasyl *This is a blinking outrage a blink blink outrage. I was going to visit that world too! Fuge I wish I wrought it down.* Said fairy fox a mod of Weasyl.

I could help you this thing is happening on Furaffinity too not just Weasyl! Replied Angellothefox. *Well I have a old friend on FA called Hunting Wolf maybe he could help you out he can memmorise stuff. If he could memmorise all of the code we will not need you anymore I will give him a text!* Replied Fire Wolf a dmin.

On Weasyl.

Arr I see you want to help good boy. Well :iconAngellothefox: you can help me you see I have memmorised one code you might want to write this down. But For heavens sake do not say it out alowed otherwise you will be transported before you even written it down. OK The Code is 336 44 2? I will let you write it down good luck we are counting on you! Replied Hunting wolf a admin of FA.

Angellothefox got a pen it was a blue ball pen he wrote it down and then said it.

Chapter 2 The second world you look big

Apon getting transported to this world after seeing green blue and red pattens Angellothefox was finally there.

In front of him was six shocked little dragons

"Cassoodles I beleve we have a big fox. Mmm he can walk on two feet Non of my books mentioned this?"

Said the specky little dragon with glasses.

"Who on earth is he? Are you sure you have not seen him in your books?" Said the small dragon with the bandanna around his neck with a star in the middle.

"Come to think of it I have but it is in a fiction book it dose not exist you do not exist my friend"

Said the Specky dragon pointing towards Angellothefox.

"I do exist!" Said Angellothefox in a grump folding his arms.

"Oh golly what is going on in here" Said a voice.

As he enters Angellothefox notices that it is a big wizard and although Angellothefox was 21 years old the Wizard was much taller then him.

Angellothefox's noise just about tuched the end of The Wizards beard. "It's the Wizard" Said the small dragon with the bandanna around his neck.

"It appears Wizard that this unusual blue fox can talk?"

Said the Specky dragon

Angellothefox looked into the Wizards beard and laughed.

"May I ask what so funny?" Said the Wizard.

"It's your beard I find it highly hilarious!"

"Why is that so?" Asked the Wizard

"I just find Beards highly amusing I have no idea why?"

"I do not know what is wrong with my beard?"

"hahahahahha ooooooh! Sorry man I could not help it!"

"Man?"

"Oh right I guess I am in the medieval times?"

"Would you like to introduce yourself?"

"Yes I am Angellothefox"

"Yes we can see that" Said the Specky little dragon.

"Come lets go into another room so the rest of my dragons can introduce themselves to you."

Angellothefox followed the Wizard into his study area.

He picked the dragons up and put them on the table.

On the table they had a tin of shrieking powder called Shrieky powder. That was on the very edge of the table one wrong push could knock it over.

In the middle of the table was some paper with a few notes written down.

It read

Dear Machado

I do think you should wash your beard. I do not think poring oil down it is very good for it.

Please wash it with some water for havens sake.

I do not want to and I apologise visit a smelly bearded man.

I must say that one time when you poured sugar down your beard was a blast.

The note looked like it still needed work doing on it.

He had a fathered quill in a ink pot next to the letter.

Angellothefox looked down at the small dragons.

The one with the red bandanna said "My name is Filbert and I am the leader of the pocket dragons" Said Filbert

The specky one said "My name is Specs and do not worry about Filbert he only likes to think he is in charge!" Said Specs
"Hay!" Shouted Filbert.

The one with the flight pilot hat said "My name is Zoom zoom zooooooooooooom zooooooooom! And I love flying!" Said Zoom zoom!

The one with the pencil on her back said. "My name is Scribbles. I can draw you a picture just like that but I really love inventing! In fact you could say I am smarter then Specks!" Said Scribbles.

"Ha!" Laughed once by Specs.

The sleepy one looked zoned out.

"Are you awake? Asked Filbert. "What?" said the sleepy looking dragon.

"Are you going to introduce yourself?" Said Scribbles.

"Oh yeah I am Cuddles I usually like to end every adventure with a long nap. Infarct lets have a nappy adventure where we are all asleep in bed and have our own dreams." Suggested Cuddles.

"You usually plop out in a few adventures? Oh yeah try not to scar Cuddles because sometimes he can plop out."

"Well that looks like that is everybody" Said Filbert.

"HAY!" Said a voice behind Filbert.

As Filbert got out of the way a little dragon was behind him.

"You forgot about me! My name is Binky!" Said Binky.

The Wizard suddenly got up quite quicky and said "Oh golly I am late! I booked a place to stay at the Inn I will only be gone for the night. I will be staying with Sir Nigel oh I do hope the Inn treat him nicely because of his posture. GOT TO GO DO NOT GET INTO TOO MUCH TROUBLE!"

He said running out of the castle.

"So what should we do with Angellothefox?" Asked Filbert.

Scribbles ran towards Angellothefox with her pencil "I say we should draw him this is a gold n opportunity!" She did not notice the Shrieky powder and ran right into it causing it to fall and spill and it hit Angellothefox's Foot!

"Ouch!"

Moments later Angellothefox felt strange he was shrinking slowly and slowly and slowly until he was smaller then Filbert but pocket dragon size.

"His fur is so soft I could fall asleep on it." Said Cuddles.

"There is no time for that!" Said Filbert.

"I have some bad news Filbert acording to this Angellothefox will be like this until the next morning."

Said Specs as he read the Shrinky Powder.

"Maybe there is someone at knows how to get him back upto size! Cassoodles the Toomy Grombleys can help!" Said Scribbles

"It is worth a shot come on everyone"

They was in the open field walking bye when suddenly the dracool walked up and behind them was Crystal Fire.

"Ha little dragons can not escape from Dracool" Said Dracool the redish birdish type thingy.

"It is not as fun as world domonation but kidnapping will have to

do and!" Then Crystal Fire notices Angellothefox one the ground.

"My gosh is that you Angellothefox Aww you look so cute. At least you have done me a faver shrinking down to size so I can capture you. You know I was hoping you would not show up but since you did it makes things more challenging. Then you shrink yourself down and save me the time and effort! What joy I am go-" Said Crystal Fire in the middle of a speech but Dracool interrupted.

"They are going to get away if you keep on talking!"

Crystal Fire Looked at Dracool "Good point" Then Crystal Fire Lept at the Angellothefox but he missed there was dragons scartered all around the ground before everyone followed filbert.

"Just remember the fox is mine Dracool" Said Crystal Fire to Dracool!

"Is the Dracool behind us?" Said Specs scared

"I don't know?" Said Filbert

"Just keep running!" Said Binky.

By know they was in the forest.

"Cassoodles I have a idea we will make a mechine to fight back those meanies" Said Scribbles.

* * *

After Scribbles was done she turned to the rest of the pocket dragons and one fox. "I give you the bearded boxer. Basically this thing will do all the fighting for us."

The machine had was a thin like square metal and it had red boxing gloves.

At the front it had a brown beard.

Out from the bushes jumped the Dracool!

There was a a few sounds in the second bush.

Sounds of pain.

"Ouch oh ar uh Ah AH A!"

With that Crystal Fire Fell out of the bushes.

"Mmm You took your time." Said the Dracool looking over to Crystal Fire.

"Hay give me a Brake man! Your like let's jump out of a bush! I got the one with thorns and brambles the lot! I even have a blinking twig in my blinking horns so do not give me that look!"

"Man?" Said Dracool confused.

"Hit the leaver now Scribbles" Shouted Filbert

Scribbles ran up and pulled the leaver and the bearded boxer started to come to live.

It did a low blow to the Dracool, gave Crystal Fire one uppercut on the chin and one blow on the belly.

"See it is working!" Said Scribbles but she spoke too soon as soon as she said that a boxing fist went strait to the grown on where she was standing.

"It's not supost to do that!" Said Scribbles running away.

It slamed it's fist to the ground where Filbert was lucky he moved.

Then it's beard started grown fist but it was still the beard almost a combo between the fist and the beard. The beard started punching everything.

"The beard made it do it." Punch lined Angellothefox.

Everyone ran away but the Dracool made off with Zoom zoom and Specs and Crystal Fire made off with Filbert.

Scribbles shouted to Specs "I am smarter then you I did not get captured!"

"Ha I am smarter then you at least I didn't make a machine that mal-" Shouted Specs in the distance while his voice faded

away.

They ran away and finally bumped into the Tummy grumbles.
"Ar Cuddles Binky Scribbles We have not seen you since was it when Cuddles was sleep playing?"

"We are trying to see if we can get this Fox to human size again." Said Scribbles "I do not know if we can help we have no antidote for your friend.

"So I am stuck like this until the next day!"

"..."

"Do not feel bad at west you get to experience wot it is wike been our size for the day" Said Binky Cheering Angellothefox.

"Yeah most people could only dream of been our size" Said Cuddles hugging Angellothefox tail.

"How do we get Filbert and the rest of our friends back." Asked Scribbles.

"I have a idea." Said Binky but nobody heard her.

"Anyone got any Ideas?" Asked Scribbles.

"Nope" "I don't think I have"

"I HAVE A IDEA!" Shouted Binky

"Oh er... Go ahead let's hear it." Said Scribbles

"Well if we get Cuddles to sleep maybe we can get Sirw Cuddles!" Suggested Binky

"That sounds great!" Said Scribbles.

"But how are you going to get me to sleep?" Asked Cuddles.

"I got it follow me! Since Filbert is temperately gone I will be filling in for the leader." She says.

"Oh great just don't make any more inventions!" Groaned Angellothefox.

They reached a pond.

"What we haf half have to do is make Cuddles comfy." Said Binkie. They found some dry grass and it was comfy. The softest grass you ever felt.

"No close your eyes Cuddles" Said Binky

"Er all right" Said Cuddles cuddling a pillow.

"Maybe a lullaby will help rock a by dragon on the tree tops."

"THUD"

It did not make Cuddles jump. Scribbles checked.

"Pisst we may have have a small problem here but we will have to face them!" Wispered Scribbles.

"Are Dracool Found you know. Big dragon!" Said Dracool.

"I do have a name you know it is called Crystal Fire try using it!" Said Crystal Fire.

He jumps and luckly grabs Angellothefox! Angellothefox could not move his arms because the Dracool had his hands around him.

"You run in fear of Dracool!"

"Hay hay hay! Remember our little deal Dracool You can keep the dragons but I get the fox!"

"Dracool knows Dracool has went over it like a hundred times now!"

As they ran in all different directions at the end it was Crystal Fire at got both Binky and Scribbles.

Leaving behind Cuddles to a lovely peaceful rest alone near the pond.

* * *

In the Dracools hut Dracool was mixing something up in his big coldren Crystal Fire was Gloating at was really getting on Dracools nervs Filbert was tied up at the left side of the seat unable to move.

While Scribbles was tied up on the right side of the seat.

Angellothefox was tied up behind Scribbles.

Scribbles could see the side of Filbert while Angello could not.

He could only here the voice of Filbert.

"You can not get out of there you are screwed!"

Just then Dracool put a large spoon full of yellow toenail soup right into Crystal Fires mouth and the worse part he swallowed it!

"YARK!"

"Your Gloating was driving Dracool insane! If you do not want any more of Dracools toenail soup you will do as Dracool says and Dracool says no gloating!"

"What are you playing at!"

"Playing?"

There was a stair between them at lasted for about three seconds before they got on with what they was doing.

"Thank you for trying to rescue me!" Said Filbert.

"Not a problem!" Said Scribbles.

"Hay do you know where the rest of the pockets are?" Asked Scribbles.

"Hmm last time I checked they was stuck in a wooden cage."

Answered Filbert.

"We are up here Scribbles!" Said Specs from above.

"Cassoodles how are we going to get out of here!" Said Zoom zoom stuck in a cage at the top shelf.

"I can hear you but I can not see you Filbert!" Said Angellothefox.

Dracool came over to Angellothefox with some yellow stuff.
"You will be the first Little fox to try Dracools toe nail sup!"
As he said that Angellothefox turned his head away from the
big wooden spoon. It smelled cheesy and revolting!
But just then everybody herd a familiar voice trumpeting.
Followed by a muffled sound "Sir Cuddles to the rescue!"
With that they saw the door braking open with Cuddles!
He bashed Dracool by jumping at him and lead Crystal Fire on a
wild goose chase!

*

*

*

After five minutes

Filbert said "I wounder weather he will ever come back?"
Just then he did He untied Filbert Angellothefox and Scribbles.
He then went and used something to launch himself to the
wooden cage.
He got a candle at was lit and burned it so Specs Binky and
Zoom zoom.

After walking back home to through the open field Crystal Fire
Popped up.

"You may have got rid of the Dracool but I am still here!"

Scribbles had a plan and said "HAY!"

Crystal Fire picked her up.

"I have something for you in my quiver."

Scribbles quickly got her pencil out she was not going to risk
that. Crystal Fire took her quiver off her shoulders.

Crystal Fire emptied the quiver.

What he did not know is that Scribbles put Shrinky Power in
there as soon as Crystal Fire emptied it out in his hands he
began shrinking slowly and slowly and slowly until he was smaller
then Filbert but pocket dragon size.

Crystal Fire looked slightly up at a cross Filbert with his hands around his waist with other pocket dragons folding their arms!
"Got to go see you all!" With that he quickly ran away

*

*

*

"Well I say he sleeps with me!" Argued Scribbles

"I want him too sweep with me!" Said Binky

"Right he is not sleeping with any of you if he is going to sleep with someone it will be me!" Said Filbert

"He can not sleep with anyone because we would be in danger of him growing Overnight and breaking our beds! So maybe we should just let him sleep in the cat basket it may be uncomfortable but at least nothing will get broken!" Said Specs and indeed he was right.

The next morning

Angellothefox was still at a pocket dragon height.

"Good morning Angellothefox!" Said Filbert in a cheery mood
Specs enters the room!

"Oh it looks like it did not work. Then Angello felt a tingle in his nose "A Ah- Ah SHOOOOE!"

Then he suddenly Shot up to his original height!

"That reminds me of something that happened to Binky oh by the way my name is Jassle!" Said Jessle.

Scribbles enters the room. I found this big piece of paper at that black dragon dropped." Said scribbles

"I see you got your quiver back?" Said Specs.

"I was going to use that stuff on you if you got on my nerves too much!" Said Scribbles

Angellothefox picked up the Paper.

"Cassoodles It is another code I wonder where this will take me?"

The Wizard entered the room.

"Good golly I am back I am glad you are all right!"

Cuddles plopped out and Angellothefox read the code out aloud.

"366 78 2"

Chapter 3 In a land where fantasy and dragons come to life!

Angellothefox was transported after seeing a parton of black and white straps.

A fairy looked at him. "What are you doing?"

She asked?

"Is this my 3rd world or my second but if I take into consideration that my world was the first and.

Or dear me I did not see you there my name is Angellothefox!"

Said Angellothefox.

"Please to meet you my name is Zoe and I am a fairy but still you have not answered my question?"

She said.

"what question?"

"Why are you on the ground?"

"Oh that fuge long story. You are not freaking out or surprise at there is a human size fox speaking to you?"

"Oh we are used to it here we have loads or well... Quite a few talking animals so it dose not surprise us really to get a talking fox."

Explained Zoe.

She turns around to Angellothefox one "One last thing" She says and bunks Angellothefox on the head with her wand.

"Och what the fur was that!"

"That is just in case you have a accident or maybe die you will be transported to this location as safe as ever also you lose a

million brain cells bye" Said Zoe flying away

Angellothefox was in some sort of strange fantasy land.
He notice a door he tries knocking on it but it is locked!

"Hay" Said a unknown voice from behind.

He walked to this big bear "Hay you are new here I have my shop open if you want to come in if you like" Said the big bear.

"No thanks where I'm I and who are you?"

"You do not know OK! I am called Money bags my little fox chum!
As for where you are I usually like charging 500 gems to anyone who dose not know where they are but since I like you. I will tell you where you are. You are in the Dragon Kingdom. That door will not open from that side you need to go all away round to open that door. Oh and by the way if you see any gems give then to me in exchange for some stuff."

So Angellothefox came to a gate it was a large gate at seemed to be open. Almost someone opened it with a key or something. It was half a lock from the door he went inside.

He saw Zoe again she giggled while zapping Angellothefox on the head.

Angellothefox noticed a pink dragon.

She looks out into the distance! "I wonder if Spyro will ever come back?"

She wonders away across the bridge. Disappearing.

Angellothefox carried on He stepped on a button at open some gates then he went inside. After doing that the gates closed behind him leaving him trapped!

He herd a voice at sounded like a old man.

He went farther in this cave.

There was a dragon there. He said to Angellothefox.

"Do not be frightened the days of dragons eating foxes are long over" Said this old dragon.

Zoe came out of no where and zapped Angellothefoxe's head

"My name is Tomas and I am a elder dragon." He says

"My name is Angellothefox" Said Angellothefox.

"right to get up and out of here try jumping and holding on to the platform then push yourself up using your feet.

If you need assistance just let me know"

Angellothefox jumped on the platform but had trouble getting up he scattered his legs tried running up whilst still holding on.

He got up eventually then he jumped and caught the last ledge

"Ouch er.. I little help Tomas please!"

Elder tomas came over and gave him a boost.

"Thank you!"

A leaped was there "Hay there tell me your name and I will open this door?"

"Angellothefox"

"Hay my name is Hunter I am a archer and a deals a deal."

He gets his bow and arrow and aims and shoots at the target at was up at the top of the building.

It opens the gate.

Angellothefox walks in.

He passes the building and comes out of couse he got wet because there was quite few little streams in this place.

He walked to the nursery door and it Opened all by itself.

Angellothefox decided to go in

There was loads of dragon eggs and three had already been hatched.

"Oh what a adorable little fox are you here to take care of the babies" Said the female dragon.

"Er no"

"Oh are you here to look after them?"

"No not at all"

"Entertainer?"

"Nope!"

"Oh um who are you?"

"Who are you?"

"I am the Nanny"

"Don't you have any other names"

"..."

"Al right Nanny. Where I'm I?"

"Your in Dragon Kingdom didn't you learn anything in kindergarten?"

"I went to a nursery then a primary school!"

"You still have not told me your name?"

"Oh it is Angellothefox"

"That figures douging by your appearance right Angellothefox why are you hear execly?"

"Er... I do not know I think it is to stop a really bad dragon!"

"Do not worry Red has been long gone!"

"Red? Oh right from the game."

"Game?"

"Oh right the fourth wall games do not know about that!"

The three dragons babies was playing around and even sucking Angellothefox's tail.

Nanny looked down covered her mouth with her hand and giggled!

"Are you sure you do not want to stay with the dragon babies?"
Said Nanny.

"I'm sure" Said Angellothefox

Angellothefox came out of the nursery and said
"Oh sugar I have been walking around in circles curse this kids game!"

But he noticed a purple dragon at he had met before on the other side of a TV screen.

"SPYRO!" He said running towards him with open arms hugging him.

"Er do I know you?" Said the purple dragon

"Oh Angellothefox!" Said Angellothefox.

"I still do not know you I have been on many adventures but I never recognise you in any of them!" Said the purple dragon.

"You would not"

"My name is Spyro the dragon" Said Spyrothedragon

"So Spyrothedragon" Said Angellothefox

"No not Spyrothedragon Spyro the dragon Look just say Spyro that's what most of the creatures do around here." Said Spyro.

"Bizzzt what possest you to hug my friend with such passion." Said a yellow gold dragonfly.

"I love dragons plus I love Italy!" Explained Angellothefox.

"Er bizzzt that's weird" Said the dragonfly

"That makes sense I guess!" Said Spyro.

"Er... What is your name dragon fly?"

"Bisst Sparx the dragonfly not Sparxthedragonfly"

"Hay I thought we got over this whole name nonsense!" Said Angellothefox.

"OK but first Stop saying Splended all the time! Second could you give us your name please" Asked Angellothefox.

"My name is The Professor" Said the Professor.

Angellothefox looked at everybody. "So who this dragon is, is someone called Crystal Fire yes I know it is a awesome name.

He tens to like been bad very much and he will probably join any one at seem bad. He did last time. He has stolen something very important from a few furries. He probably try to capture me if he sees me!" Angellothefox explained

"Why?" Questioned The Professor

"I do not know really we use to be friends I do not know why his ego decided to do this!" Said Angellothefox

"So How do we get to Avarlar?" Asked Spyro.

"We are going to use My Teleportar!" Said The Professor

"Dosn't money bags have one of those?" Said Spyro.

The Professor Sighed "not this again. My Teleporter teleports you to a whole new realm Spyro have you not remembered?"

"Oh yeah Money Bags Teleporter was smaller"

The Professor did a ni ni ni ni sound "Money Bags Teleporter is smaller"

"Just hope on and the Teleporter should activate!" Said The Professor

So Spyro and Angellothefox and Sparks came out and went to the teleporter.

"A few adjustments here and there and the thing should be all ready to go" Said The Professor.

"Bissst hopefully this thing should take us to Avarlar burisstiuhow!" Said Sparx

The Professor went away while the rest of them got Teleported to Avarlar.

They arived at Avarlar.

"My name is Elora and Ripto has been doing some bad shuff sorry stuff!" Said Elora

"Hi this is my Friend Angellothefox he is going to help us with that black dragon!"

Angellothefox eyes opened wide.

"F-r-i-e-n-d" Having a exited look on his face

"We should be good to go I suppose I have to collect all those Talismans again!" Said Spyro Rolling his eyes

"Don't forget the orbs!" Said Angellothefox.

"I wonder wather that fox is a spy?" Questioned Spyro

* * *

After Spyro Collected all the Talismans both Spyro and Angellothefox went to the dunging part. There was a big hole opened in front of them.

"It would have helped if you HELPED my collect the Talismans!" Said Spyro

"Oh you are so cute when you are angry!"

Angellothefox said giving Spyro a big hug.

"Hmmp!" Said Spyro Annoyed!

"So are we going to jump in that hole or what"

"What ARE YOU INSAIN SPYRO!"

"I have have done it before"

"Come on Angellothefox"

"YOU WILL GO SPLAT!"

"Come on if anything happens we will just appear back to Zoe!"

Angellothefox looks down with Spyro then Spyro gets behind Angellothefox and pushes him off into the grate whole.

Spyro looked like he was shouting and so was Angellothefox!

* * *

"Do you ever think we will get to the bottom of this dunging and when are we going to be splattered?!"

"We will be OK"

"That is OK you got wings!"

"Oh we nealy here!"

They landed with a thump but honestly it only some what hurt

They did not go splat!

In front of them was a big Green thing laughing!

"He he he he he It has been a while Spyro since the last time I defeated you!" Said this giant green thing

"Acutally I defeated you like two times" Said Spyro

"Ha ha ha ha I guess it has been a while. Oh new people. You must be the Fox at that black dragon is always banging on about!

I am sorry to desapoint you but they will not be here there in Autumn plain! By the way for those who do not know me I am Nasty Gnock!" Said Nasty Gnock!

"So are we going to do this thing or what?"

Said Spyro

Nasty Gnock slamed his hammer down and tried going for Angellothefox luckily Spyro Rammed his horns strait into Nasty Gnock.

After he got rammed in the pants three times he threw a tantrum!

He went for Spyro this time and Angellothefox kicked him in the pants. "Oh my that black dragon was right about you you are a pain in the pants!"

He then ran after Angellothefox With his club kind of like That first bady in Spyro 2 for PS1.

Spyro rammed into him with his horns.

When they was out "Come on you can not say I helped" "OK maybe this much" Said Spyro to Angellothefox They was now in Autumn Planes.

* * *

After Spyro collected all the orbs in the Realm of Autumn Planes he was ready to face the next baddy in the Realm. He met up with Angello the fox.

"It is so nice you attend the meets!" Said Spyro to Angellothefox in a sarcastic way.

This They looked at the whole.

"After you" Said Spyro up on two feet presenting the hole.

"No after you!" Said Angellothefox presenting the hole.

"No I insist!" Said Spyro

"No no no! You first!" Insisted Angellothefox.

"Come on Angellothefox you know it dose not hurt when you!"

Explained Spyro

"Yeah I know that... but it still somewhat hurts."

Spyro got behind him and pushed him.

[illegible]

Then Spyro jumped down.

They fell down and down.

"Aaaah!"

Screemed Angellothefox.

"Don't worry we will be alright!" Shouted Spyro.

"This game dose not make seance!" Shouted Angellothefox!

They went farther and farther down.

"I got to say are you a spy?" Asked Spyro

"No why do you ask?" Said Angellothefox

"No reason. Oh look we are here."

They landed with a Thump and as before it was somewhat painful.

It was the second boss stage or well it looked like it from Spyro 2.

"So what do we do about that problem" Said the Shorty
"Duh we already sorted that out remember" Said Crystal Fire.
"Oh good it is nice to see you doing some bad around here. Oh look Spyro and Erm..." Said the Shorty
"Arh Angellothefox and Spyro the dragon I presume welcome to the dunging! Pretty good. Oh Ripto you have not met Angellothefox in fursom! Angellothefox this is Ripto Ripto this is Angellothefox!"
"Nice to meet you but pretty soon you will be nothing more once I fry you and capture you!" Said Ripto
"Oh yes My name is Crystal Fire I am sure you heard all about me from your foxy friend." Said Crystal Fire.
"Someone got to deal with this annoyance while I watch."
Ripto looks at Crystal Fire.
"Why are you looking at me?"
"Right If you want something done you got to do it yourself."
Said Crystal Fire.
"YES Take care of them and I will trap Angellothefox in the biggest crystal ball you have ever seen!" Said Ripto as he perched himself on top of the chair at is his thorn.
"Come on Angellothefox come back here!"
He said trying to swoop down on him until Spyro set him alight.
Of cause he was al right but it hurt him.
He grumped and swooped down for another go!
Spyro did the same thing.
Then Crystal Fire decided to grab a hold of Spyro and fly off with him.
"Do not worry Spyro!" Said Angellothefox as he grabbed onto Spyro causing Crystal Fire problems with flying.
He had to let go.
"You know Angellothefox you and me are quite alike. Why do you come after me. Is it because you have some sort of hero

syndrome. Can't you just give up? Because this dragon and fox chase is just getting ridiculous! Angellothefox Look in this world I can fly around and no law can stop me. I do not need a flying lessons! But I better end this talk because Ripto is going to get miffed if I keep on chatting" Said Crystal Fire

He swoops down and tries to catch Angellothefox but catches Spyro instead. Angellothefox grabbed Spyro.

Causing Crystal Fire to eventually let go due to the Wight!

He flies up and swoops down again.

He gets Spyro and Angellothefox grabs Spyro and tries to get him back down.

Crystal Fire let go.

He goes for Angellothefox hug grabs him and walks off.

Until Spyro breathed Fire on his Tail.

"You are really making me mad with the both of you! You do know that I will capture your fox Friend Spyro oh how do I know your name Ripto has told me so much about you!" Said Crystal Fire.

He grabbed Spyro again Angellothefox had to run before he flew away. The tackle looked almost comical!

He came back and Grabbed Angellothefox until Spyro touched his tail.

"THATS IT"

He said violently grabbing Spyro and flying above the lake.

Lucky Ripto was looking the other way.

"No Crystal Fire Do not do it! I know you are angry at Spyro but this is not the way to go PLEASE DON'T PLEASE!"

Begged Angellothefox

"ok but I am going to get you regardless!" He said quitly throwing Spyro down.

He glides down successfully.

Crystal Fire swoops down to get Angellothefox.

He missed Spyro Scotched his tail!

He looked back Ripto looked front and he crashed causing him and Ripto to fall all the way down!

"Oh shoot! I hope they are all alright!"

Said Angellothefox looking shocked feeling a heavy emotion of almost like he himself murdered Crystal Fire!

"Come on Angellothefox" Said Spyro as he got out his book and it teleported all of them out.

* * *

Both Angellothefox and Spyro thought things was OK that is until they got to Winter Tundra. Elora was there and said "I didn't think Ripto would survive a fifty feet drop! He is at the castle but to get it open you need 40 multi colored keys and they are hidden all over Avalar!"

"Oh great" Said Angellothefox.

"Well It is different I can tell you that?"

* * *

"WOW you got all the keys!" Said Angellothefox Amazed.

"Yeah now lets go defeat that shorty!" Said Spyro Confident.

"Hello Short dragon and fox like the multi colored keys. It was Crystal Fires Idea. You know I always regretted dragons until he came along! You see Spyro I had a dragon of my own!" Said Ripto.

"So are you going to test your new septet out on up!" Said Spyro He shoots at Angellothefox

"What the."

He laughs "Hahahhahahhahahhahhhahah!"

But then Spyro Charges into him.

Then Angellothefox jumped on him!

He hit Spyro!

"Spyro are you alright!?" Said a censored fox!

"What couller is Sparx?" Asked Spyro.

"Er Blue?" Answered Angellothefox.

"Then I should be aright then!" Said Spyro and charged into Ripto.

"You do know you Dragon Friend isn't dead Chystal Fire is alive but I just decided to leave him in all those rocks!"

Spyro singed his robe and charged into him while Angellothefox tripped him up.

"You think you can defeat me again?" Said Ripto congering up a metal bird to fly on Lucky Spyro had a bird because?...

He some how had a power up of fire balls as well. He shot one at Ripto success it hit him he shooted at Spyro by this time Sparx was green. He fired again and hit Ripto.

"I am getting verry scared there is loads of lever at the bottom of us Spyro"

"Do not worry Angellothefox I have got this shot!"

Spyro aimed

then

he

Fired! Knocking Ripto off his flying mettle bird and into the leaver down bellow.

* * *

"Thanks for not doing that much!" Said Spyro

"Here that dragon dropped this bit of piece of papper maybe it is significant to you." Said Elora.

"Thanks Hay Professor watch this 346 92 333"

Chapter 4 Arr Poisonous!

Angellothefox was surrounded by pretty coulers like a bad 60's movie.

He Opened his eyes and saw he was in a weird place he felt something really rubbery and squishy behind his head.

His eyes widened but not in a good way.

He turned around only to find a big Mushroom behind him.

He Panicked and ran away from it looking back and not concentrating on where he was going.

He ran strait into another mushroom he screamed and ran away again.

A walking mushroom small was covering his ears and said "What is all the screaming about.

By this time Angellothefox froze and said quirtly "there everywhere" and you guest it! More running away!

You see Angellothefox didn't like Mushrooms.

Some he was OK with but Fungus wild mushrooms and even once at talk he goes wild.

You see in that little fox brain of his he has a fear of mushrooms. Not all. After all he is slowly trying to conquer his fears but...

He is scared of wild mushrooms sometimes toadstools and even Fungus he can not stand them.

Imagine a weird thing growing twice as big as you and urrrh.

He ran even ferther "Hay wait I am not going to hurt you!" Said the talking mushroom.

He ran and ran.

He ran into a deep dark forest at had a blue over layer almost.

He ran but didn't look and ran into a corner with Goombas and

Koopa troopers.

"Let me guess Angellothefox at that dragon Crystal Fire is always banging on."

Said a turtal apeating out from the top of the tree.

The koopa troopers had Angellothefox by his arms so he did not run off. "Who are you?" asked Angellothefox quite aggressively

"I am King Koopa king of the Koopalings and you are captured my friend! Sorry that sounds too friendly you are captured my enemy there that sounds much more better!"

In the Shadows both Angellothefox and the Koopalings and Goombas and even King Kooper himself herd the laughing of "Yahoo!"

This could only mean one thing a fat man with a moustache in red jumped down from a near by branch.

He jumps down and lands on the Goombas.

He jumped on the Koopa troopers and used there shells to throw at other turtles. I mean Kooplings.

They run away and King Koopa said "I will get you back for this Mario brothers!"

The red fat moustache guy looked up at Angellothefox

"Are you OK?"

"You are a sociopath!" Said Angellothefox

"What I'm Mario" Said Mario

"According to game theory you are?"

"And I am Luigi Mario brother" Said a skinny man in green with a mustache.

"What is your name?" Asked Luigi

"A-a-Angellothef-fox" Said Angellothefox in fear

"Now there is no need to be like that."

Then out popped that talking mushroom "yeah" it said

[illegible]

Said Angellothefox Almost running away but bumped into Mario

antecedently.

"Hay Mario I think this little fox is scared of mushrooms!"

"Gee you think Luigi"

"Why would anyone be scared of me?"

"I would not call him little Luigi" Said Mario

Mario put his arms to the side "Angellothefox this is Toad Toad this is Angellothefox" Said Mario.

"I am still scared of him"

said Angellothefox.

"Hay don't worry about it if he tries to hurt you I will jump on his head." Explained Luigi.

"Yeah that is what I am worried about." Said Angellothefox.

Then out came a woman wearing all pink with a crown on her head with piercing blue eyes and she was holding a pink umbrella She two was with a toadstool. "My name is Princess Peach and who is this human size fox?" Asked Princess Peach.

"Oh that is Angellothefox be gentle he is scared of Mushrooms princess"

They all walked together planning on getting out of the woods when suddenly 5 things come out of the shadow one of them was Crystal Fire and he had a big brown beard attached to him. It was sort of a hairy but spiky beard of cause it was fake he even had a bit of a moustache going around it.

"Hello Angellothefox" Said Crystal Fire

"I am back?" Said King Koopa

"Wahhhah ah! Have a rotten day!" Said a person with a W on his hat and was big and fat fatter then Mario.

"Did you miss me Peach?"

"Oog ooog oog ogogogogogog!" Said a big Ape

"Crystal Fire why have you got a beard on!?" Said Angellothefox

"Well though every world I have gone to I keep failing so I thought having a beard will show Authority and respect! It is

supost to intimidade you. I thought if I have lost the beard will make me strong!" Said Crystal Fire

"Wah and I thought I was crazy" Said the fattist man with a W on his head.

"Ah but enough of this? I am here to snatch the princess I am sorry we are here to snatch the princess!" Explained King Koopa

"Right Donkey Kong show us what you can do!" Said King Koopa.

"Oog oog og ug oog og ogogog oog!" Said Donkey Kong as he grabbed the Princess and ran away with her in his hands.

He also jumped into a portal Mario and Luigi followed him along with Angellothefox.

Mario opened his eyes so did Angellothefox everything seemed to be black and 8 bit.

It was kind of horrible Angellothefox could not wait to get out of there. The platforms was red and the ladder was blue.

Up at top Luigi was in a cage or well a poorly rendord 8 bit Luigi Also was a 8 bit Toad in a cage.

He looked like he was pointing with his middle fingers but that is a debt for another day.

Shoot even Angellothefox looked different in 8 bit.

Mario made his way up while a 8 bit Donkey Kong throw barrels at him. Angellothefox and Mario had to jump over the Barrels to get higher Mario even got a hammer to break the barrels at Donkey Kong was throwing!

He got to the top so did Angellothefox and Donkey Kong ran away as Mario let Princess Peach and Toad out of the cages.

Mario Chased Donkey Kong to a hole and Donkey Kong fell down! Angellothefox felt quite sad as he looked at Mario just stearing in a 8 bit way showing no remorse.

A bad Squire 8 bit portal Opened and Mario Princess was also there since she was at the top on a Platform.

"I have got to say you really creep me out sometimes Mario"

Said Angellothefox

There was 4 figures standing outside.

Crystal Fire with his brown beard on.

King Koopa.

The fatty with the W on his hat.

And that turtle.

"Do not be so hasty it is may go now."

Said King Koopa running into the tree with Peach Mario and Luigi following her.

"Don't forget to let me have Angellothefox if you capture him!"

Shouted Crystal Fire to King Koopa.

Angellothefox followed the two plumbers into a great big tree!

When Mario opened his eyes and when Luigi opened his eyes so did Peach and Angellothefox. Mario found himself in yet another black background. But this time it had gray bricks a red brige and lava underneath.

Mario jumped over King Koopa and jumped to the lever on the the end and the brige fell down.

King Koopa fell in the lava down below.

The wall opened and Angellothefox Luigi Toad Princess Peach was free.

They went threw a 8 bit tree with a square hole.

When the amarged there was only three others to deal with.

Out of the tree they came they met Crystal Fire the wired guy with a W on his hat at was fatter then Mario. Finally the turtle dude.

"Warrio do you think you can deal with these?" Said Crytal Fire

"Warrio" said Warrio. He snatched the Princess and ran into a magic door

Of course they all followed them because what's the worse that

could possibly happen.

They arrived at the Marios house. But Warrio was there and he was throwing bad stuff at Mario.

Both Angellothefox and Luigi and Toad hid while mario fought the Wario all it took was 3 jumps on the head and Mario clamed his house back and got the Princess back.

They went into another door

and came out somewhere different this time.

It was in the field of the Mushroom Kingdom. There was only two baddies left. "Oh you defeated Wario Erm!" Said Crystal Fire.

"But know you have to defeat me Bowser ha ha ha!"

He grabs the princess come on this one is for free and throws her over his sholder and runs off.

Luigi and mario followed by Angellothefox and Toad.

The enter Princess Peaches Castle and go into one of the many rooms. "Over there" Said Luigi pointing to a Bowser painting.

They jump into it and perpar to fight Bowser.

Bowser breathed fire.

"Oh no I hope that didn't singe my tail" Said Angellothefox

"Once I am done with these Plumbers your going to join the Princess Angellothefox in her cage ha ha ha ha ah!"

Laughed Bowser!

Mario jumped three times on his head so did Luigi on the list bounce he fell down. Bowsers keys fell out and Mario quickly grabbed them and Freed Princess Peach from another cage.

She

gave

Bowser a little wink before she left.

They got out of the painting and went outside where Crystal Fire was.

"Oh dear!"

Crystal Fire ran Mario and Luigi and Toad Princess Peach and Angellothefox ran after him.

He ran into some sort of laboratory.

When all four of them came into the laboratory the doors behind them closed and guess what.

Peach got captured again!

This time by a mechanical arm with a hand that only had three fingers and a thumb.

They got to the final bit that was a big machine to shut it down there were 5 switches scattered to get to these switches they had to step on 3 buttons for the bridges to open they only had 10 seconds to do it.

Yeah I know I play a lot of video games.

"How do you like this this was my idea but Koopa" before Crystal Fire could finish King Koopa interrupted.

"That's King Koopa to you!"

"Sorry King Koopa and Bowser made this for me and Wario was the one with the destructive ideas. It is kind of like a ball thing where we spin around and someone else is in charge." Said Crystal Fire then the machine spun around.

"I hope you enjoy it because it may be your last I may keep you in my own personal douncing along with Princess Peach and Angellothefox!" Said King Koopa then the machine spun around again. "How are you liking it princess HAHAHA!" Said Bowser giving a little wink to the Princess. Then the machine spun around.

"We have to stand on all three buttons to get those red bridges to come out." Explained Mario.

"Wario will beat you up Wh ha hah hahahahah!" Said Wario the machine spun again.

"If we Switch those switches it will power down the forcefield and we will be able to easily get the machine." Explained Luigi
"OOOOOOOOOOOOOOOG! OOG! OOOOOOOOOOOOOOG!"

Og gog ogogogogogogogogogogogogogogooooooggggoooog!

Oo o ooo o ooo ooo oooooooo oooo o oo O o O o o oO!"

Said Donkey Kong and With that the machine started Spinning
The first to land was Crystal Fire at shot a Single net.

Yeah it did not do that much. Didn't even capture them.

But it was blue and purple.

Okay...

The machine spun around again. Mario and Luigi and
Angellothefox both stud on a button.

Toad was hiding somewhere big scary machine you see.

All well it meant Angellothefox was able to conserntrait without
fear of having a fungus following him everywhere.

They switched three of the switches and successfully got back
in time for ten seconds. It was Warrios turn.

Yes his forcefield was up Wario Fired shoes at everyone.

Before waiting for 5 seconds it started to spin again. This time
landing on Bowser at just so happens to have his forcefield down
thanks to the Mario bros.

Mario made a joyful sound of hitting Bowser onese then he fell
off the machine.

The machine spun around again.

It stopped on King Koopa which just so happened to have a
forcefield up.

He shot lessors out of his gun then stoped and the mechine spun
around again Angellothefox and Mario and Luigi got onto the
buttons and pressed the switches.

Angellothefox

had to jump because he misssduged the time and ten seconds was
up and he was right in the middle on the bridge.

Mario and Luigi got him up.

Now all the forcefields was down on the machine.

It stopped on Donkey Kong and Mario was more then happy to hit the machine once and watch Donkey Kong fall a long way down.

The mechine started to spin again and it landed on Warriio.
Yeah.

Mario defently hit the machine and make Wario fall down.

The machine spun around yet again.

This time it landed on King Koopa.

Mario quickly hit the machine with joy and King Koopa fell down.

The mechine spun around and it was Crystal Fires go.

He looked Sheepish

"Angellothefox darling can't we just say it is a tie. Come on my old friend."

But before he could react Mario and his punchy fist's hit the machine causing some peace of paper to slowly float out.

They rescued Peach and they was still in the laboratory.

Angellothefox with a piece of paper.

He looks at Mario and says "Game theory was right about you"

He reads the code out load Angellothefox that is "824 57"

Chapter 5 Mobius

After seeing 50 shades of blue (no rude jokes please)

Angellothefox opened his eyes to find a two tailed fox a blue hedgehog. A big female dragon a ground Squirrel at was femail and a bunny with a robot arm. She was also female.

"What do you think it be sonic" Said the bunny with the robot arm.

He opened his eyes.

"Hay the blue fox is getting up" Said the two tailed fox.

"Uh where I'm I who are you?" Said Angellothefox

"Ha he dose not know who I am!" Said the blue hedhoge quite cross!

"Calm down sonic" Said the ground Squirrel.

"My name is Sonic the coolest hedgehog on the planet!"
Said sonic.

"Hi I am Sally Acorn but you can refure to me as Princess infact when we are out don't! I do not want that bad man finding out that it is me! So wait until we are in nook hole to call me princess!" Said Sally.

"I am Tails the two tailed fox" Said tails.

"Hi my name is Bunnie sweetheart!" Said Bunnie

"I am Dulcy the dragon" Said Dulcy.

"Er you best be careful when flying her."
Said sonic.

All of a sudden a laugh came out of nowhere.

Then a big machine came out.

"Hello Sonic it has been a while!" said a man behind the machine.

"Could somefur please tell me what is going on!"
Shouted Angellothefox in frustration!

"That is Robotnic a no good fat man at wants to Roboticize us all!" Said Sonic

"What is Roboticize?" Asked Angellothefox.

"You don't want to know!" Said Sally.

The others saw a black dragon with red tips at the end of his wings.

"Hi I am Crystal Fire Everyone and Roboticizing Creatures to conquer the worlIIIIII. I mean for Robotnic to conquer the world!"
Shouted Crystal Fire.

He was up in the air for goodness sake!

How on earth could you hear him if it said said!

"That is more better Crystal Fire remember I Conquer and rule

things your just a puppet in my scheme!"

Said Robotnic.

"Now Crystal Fire Capture those freedom fighters starting with your favourite Angellothefox" Said Robotnic

"Oh goody!"

He flies down towards him.

Sonic shouts "Duck!" While jumping on him to make sure he did not get caught by Crystal Fire!

"What do you think you are doing!" Said sonic

"Sorry sonic" Said Angellothefox

"Oh by the way what is your name again?" He asked

"Angellothefox" Said Angellothefox.

"Wow that name is too long for me to remember so I will just break it down to ATF so you know who I am talking about! A Angello T The F Fox ATF!" Said sonic to ATF

"Right it is time to make mince out of that egg head!"

Sonic spun around and broke a lot of machinery.

He left Robotnics last and started destroying everything!

Robotnic retreated!

"Not so fast Doctor Tails you stay here me Dulcy me and ATF since that dragon working for Doctor Robotnic and he seemed to know ATF's name we might as well check it out!"

Said sonic

"Not so fast! If you are going so I'm in! Because without me and Nicola you will do something stupid!" Said Sally

"All right all right!" Said sonic

"You two take the dragon and I will take the road!"

Said Sonic to everyone else.

"See you Angellothefox or ATF!"

Sonic raced past like he was there and then he was gone.

They flew to Robotropolis they saw a light glimmer.

"Yeah that is sonic.

That is the signal to say everything is OK."

They flew down.

But unfortunately it was a crash landing!

"Is she OK?" questioned ATF?

"Don't worry Mommy I have been a good girl!" Said Dulcy a bit dillariouse.

"Do not worry she is fine" Said Sally "Dulcy go somewhere and hide!" Said Sally.

"You got it!" Said Dulcy as she walked away.

"Are you sure she will be OK?" Asked ATF.

"She is a fire breathing dragon I think she can handle things!" Said Sally.

There was a locked air vent. Sally got out a little device.

"Nicole can you open the door please" Said Sally to it.

"No problem Sally!" Said Nicole and she did open the air vent with lasers.

Sonic came to Sally.

"Didn't keep you waiting? Did I?"

Said sonic smug.

"Oh just get into the vent!"

The crawled into the vent.

In the air vent Sonic was at the top.

Behind Sonic was ATF behind ATF was Sally.

Sonic put out his arm to stop ATF from crawling any closer and whispered "hold it"

They looked through as Robotnic and Crystal fire walked into the room.

"Crystal Fire do you know why I bought you here?" Said Robotnic.

"No, Oh by the way I bought along my son Judas. I thought since the beard thing did not work, I thought about bringing Judas to help me." Said Crystal Fire.

"Hi. At least I didn't illegally get the code!" Said Judas.

"It is not illegal." Justified Crystal Fire.

"You are taking something without consent therefore stealing!" Explained Crystal Fire.

Crystal Fire walked with Robotnic.

"Dad a word" Said Judas he indicated to Crystal Fire to bend down. Then Judas whispered in Crystal Fire's ear.

"I do not trust this guy be careful." Whispered Judas worryingly.

"You know the Roboticizer. It turns innocent animals into robots at work for me!" Explained Robotnic.

"What are you implying?" Said Crystal Fire.

Then

Suddenly he is grabbed by two robots.

"HAY LET ME GO!" He shouted

"Oh that! You see Crystal Fire you did quite a good job of trying to get Angellothefox and hopefully the rest. But I think you can be improved you will be much more useful as a robot!" Said Robotnic.

"Hay Live my Dad Alone!"

Said Judas trying to get to him but gets caught by two robots.

"Your Dad will be brand new! He will be much more better!"

Said Robotnic to Judas.

A tear runs down Judas face.

He watches his dad get thrown into the roboticizer and in pain Crystal Fire shouts

Judas was now practically crying with tears running down his face.

Out comes a Metal version of crystal Fire.
It was all over, Judas had lost his Dad.

"Oh no what on EARTH!"

Shouted ATF!

"Shhhhhhh! Your going to give away are position!"

Robotnic Grabbed ATF with his metal arm.

"Hmm it seems we have caught Angellothefox after all!"

Said Robotnic.

"Why don't we put him in the robotizizer!"

Then...

Out comes Sonic and hits Robotnic causing him to let go of ATF.
Sonic also makes mince work out of the other robots and grabs Angellothefox and gets out of there!

"Blast that Hedgehog! Crystal Fire take care of them all I
WANT THEM ALL DEAD!" Shouted Robotnic.

"Your wish my command my lord!"

Said Crystal Fire.

His wings came out and with the rocket jetpack he had on his
wings he flayed away.

He flew up to the sky and spotted ATF and the rest of the
Freedom fighters.

He fired a lazer at them through his eyes.

The freedom fighters dodged it. Then Crystal Fire flew down
and grew a robotic beard and fired it at the freedom fighters
they lucky doged it.

Sonic called Dulcy. "You took your time sonic" She said

"Quickly we have a mechanical dragon on our tail!" Said Sonic

"OK everybody aboard!" Said Dulcy as she takes off

They was followed by Crystal Fire at was Firing mechanical
beards like mad at them unfortunately it hit them half way
home.

Dulcy went down with a crash.

"Dulcy are you alright!" Said Sally worried.

"But Mommy I want to go on the marry go round!" Said Dulcy.

"OK Dulcy is out" Said Sally.

"She is still with us" Said ATF.

"No she entered Mommy land!" Said sonic to ATF.

Crystal Fire came down Sonic grabbed a ring.

"Try not to hurt him please!" Said ATF.

Sonic rolls up into a ball and bashes strait into Crystal Fire causing him to go all the way back to robotropolis.

After Dulcy got concenus they flew back to nook hole.

Tails gave Angellothefox some pice of papper with a code on it.

It was the code to go home Angellothefox read it.

He can not wait to tell the mods and admins on FA and Weasyl.

Back in robotropolic. Crystal Fire landed where Judas was.

Judas drags Crystal Fire to somewhere where Robotnic can not find them.

He fiddled around with a few wires hoping to get his Farther back.

Crystal Fire woke up.

"Hello Judas and What is this? Why am I mettly?" Said Crystal fire.

"Well you see you got robotazized." Said Judas.

"Anyway to get me back to normal by any chance?... Oh I know a time mechine!"

Said Crystal Fire!

"You know that would take a long time! Go on then I will get started!" Moned Judas but it was good to have his old Dad back.

* * * * *

A lot of time past Judas was now a old man with white and Gray fur with a walking stick he made for himself out of old parts.

"Th-is better work it's been too long and my bones ace."

He switched the switch and it started working.

He went back intime.

He arrived at that very moment in time

"What are you implying?" Said Crystal Fire.

Then

Suddenly he is grabbed by two robots.

"HAY LET ME GO!" He shouted.

"Hay you looking for me!"

The robot's got side tracked and let go of Crystal Fire and had no attantion of past Judas.

"Run you fools."

They ran out as fast as they could.

OK Angellothefox still got the paper with the code.

After the transported back to there world they both thought maybe living world travel for a bit was a good idea.

Crystal Fires Mum came into the room.

"Are you introuble again Crystal Fire?"

"Gee you think Mummy?"

THE END
