

It was now time for Anthael to repay the favour to each of his gropers. Bill and Dan grabbed hold of the green, slimey meerkat and lifted him high in the air. Emmy smiled and told them to to toss him in. Since it was Halloween he needed to be made into a slime monster; a cock hungry slime monster that is. Bill counted as they swung Anthael in the air. On three they tossed him, and he landed in the deep slime with a big splat.

Anthael emerged out of the slime fully covered. The orange and black mixture was super thick but had a lube like quality to it. The group agreed they would go in pairs. Bill and Dan would go first then Emmy and Principal would go next. The bull and the werewolf stepped into the slime. The eager slime monster bent over spreading his legs. Bill grinned pushing his cock deep inside him. Anthael let out a moan only to have muffled by the wolf cock being pushed into his mouth.

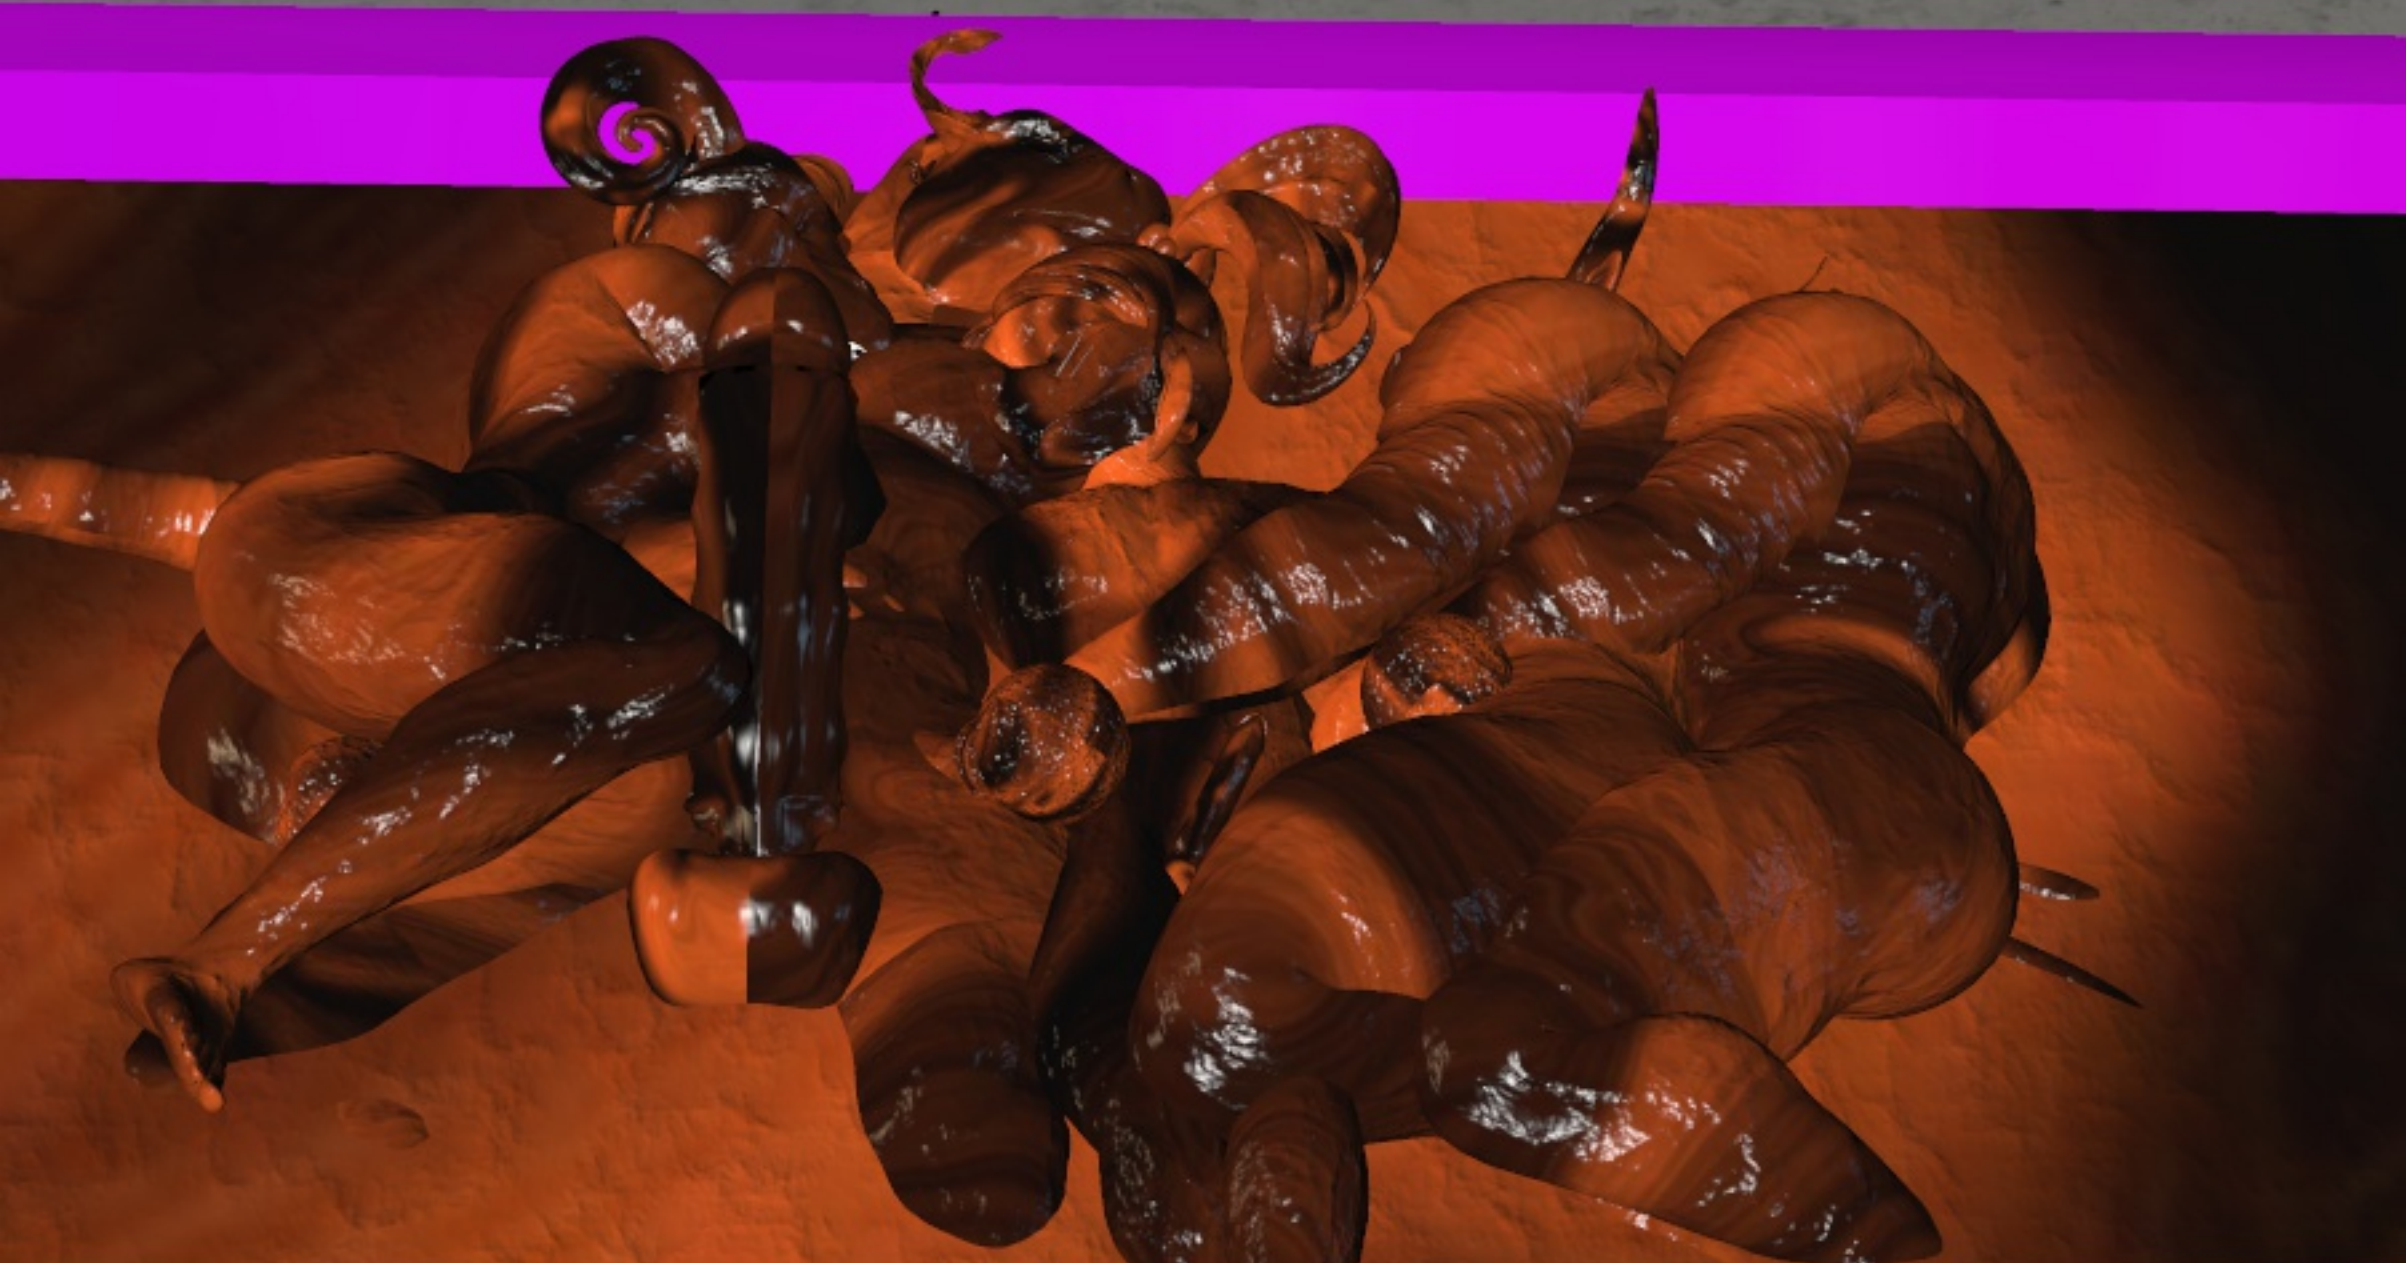

After a good hour of hard fucking. Bill and Dan finally came in the meerkat. They slowly pulled out. Bill tagged Emmy saying it was their turn. Bill and Dan lounged together in the slime as Emmy and Principal got in the slime. Emmy laid on her back pulling Anthael on top of her impaling him on her cock. Principal stood up and had him rub and suck his massive cock. Soon the slime was rocking.

Emmy's cock was the first to go off deep into Anthael ass. Then he was giving a hose down from the massive dragon cock he had been licking and sucking on. Emmy pulled out and lifted her hips motioning for Anthael to mount her. His cock pushed into her wet pussy. Bill moved behind and pushed back into Anthael's ass. Bill then let out a moan as Dan mounted him. The Principal started to jack himself off knowing the meerkat could take it in his mouth.

The orgy lasted for hours until the sun started to appear on the horizon. The slime was a little thinner from all the cum that had been mixed in with it. Anthael was exhausted. He had been filled with enough cum that he felt like he didn't need to eat for a week. His body had been worked a hundred times over by every single person. Everyone was tired now. Principal laid down and pulled the falling asleep Anthael up to him. Emmy got on his right. Bill snuggled up to Anthael and Dan spooned Bill. They all feel fast asleep in the slime. It really was on the best Halloween parties in years. Anthael couldn't stop smiling as his he relived everything in his dreams.
