

One body, frozen in time,
One heart, forever silenced,
One mind, to never think,
One soul, now part of all,
Death,
When you die,
We know it's your time,
Some will rise,
And some will fall,
Death
All alone,
But not for long,
At the end,
Is a light that will not bend,
Death,
Eternal life,
Or eternal fire,
Which will you choose,
When you reach Death
