

A Bootleg Poem

Mr. Late Night Hour

The focus man
He was concentrate
With many dazzling ideas
They were 251 in 1
With front actioning plots 5
And make sure puncture properly
Then black blood ravens flying freely
It was right block man!
No , pauses effectively

In sinking time there was video game's 10
Metroid Fuse save failure!?
Corruption filed!!!
Now he begins new life
In Serious Samus: Zero Encounter
Final fronteir incoming! 15
He must now avoid right block man

In begining there is speed
From darkest pools of late night hour
He was also the soul man
Creating hearts with strength 20
So that many may be sad
But also happy
Now it is the final time!
Game over, play again?
