# Krystal and the *Dragon*

On a faraway planet, we find a blue vixen named Krystal trying to claim a Goddess Apple, the largest and most delicious apple in the galaxy, from the extremely large Kamigami (God's) Tree. Krystal climbed this tree in hopes of sating her hunger with this tasty fruit and found the juiciest apple in the tree. The problem was it a good jump out of her reach.

**Krystal:** (thinking) *Okay, Krystal. You can do it. You can do it.*

**Krystal:** Ya!

With a huge leap, she jumped towards the apple and managed to grab hold of it. She was so happy about claiming the fruit, but forgot one important detail...

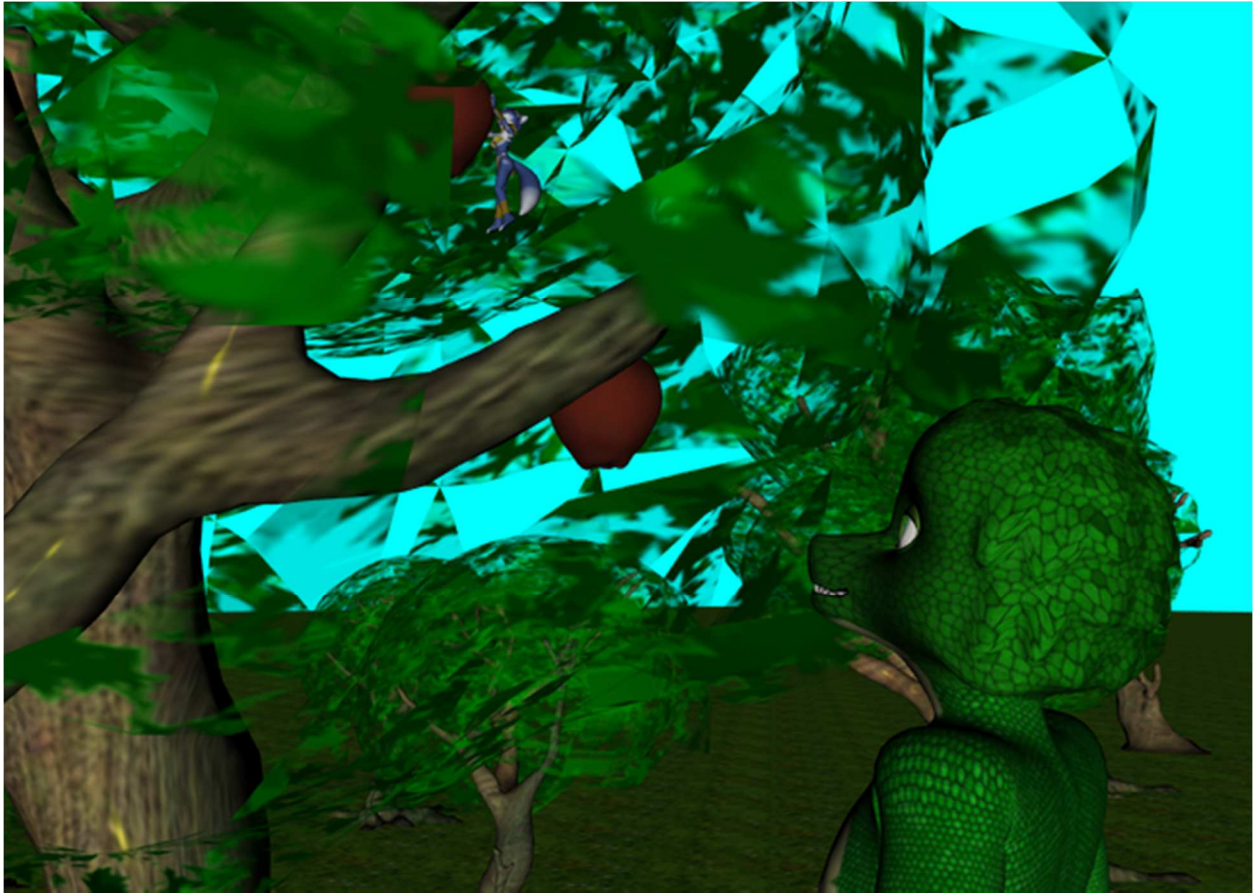

**Krystal:** Ok, I've got it! Now... how do I get down?

Yep. She didn't think about getting down with the fruit and now, she's stuck in the God's Tree. Krystal was left dangling from the apple, thinking about what to do next until...

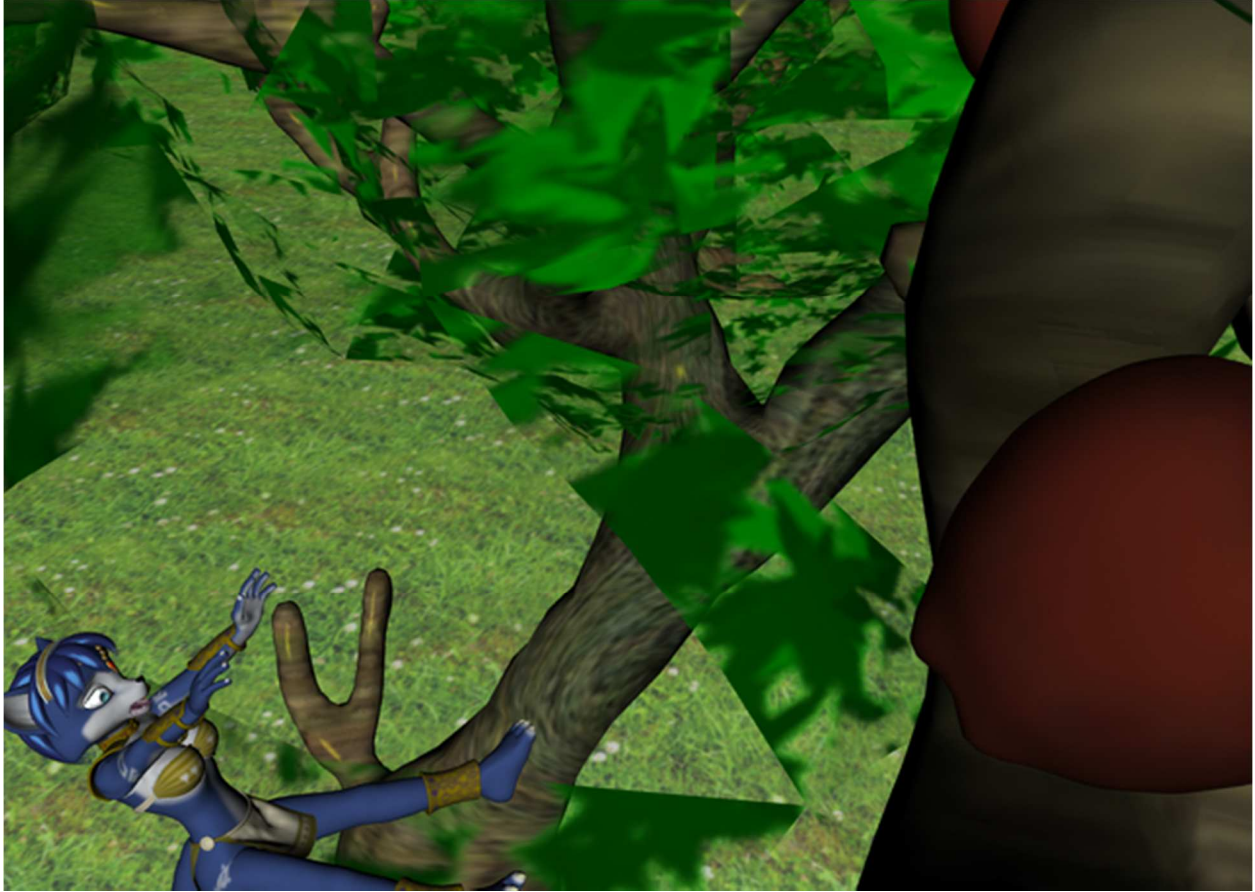

...she heard footsteps coming closer to her. She looked around until she noticed a large, green dragon. The dragon, who we will call “Vradok”, came to the tree in hopes of eating his loneliness away with a Goddess Apple or two when he sees Krystal hanging from an apple. He becomes interested in the micro, but is still concern about her hanging on a fruit. He moves closer to Krystal, causing her much worry.

**Krystal:** (thinking) He’s coming closer! Ok! Calm down! I’m high enough to avoid becoming a snack, so I’ll just- what is that sound?

The sound Krystal was hearing was the Goddess Apple’s stem giving way to the extra weight. It grew weaker and weaker until...

SNAP! The stem breaks, causing both the apple and Krystal to fall!

**Krystal:** AAHHHH!

Krystal suddenly finds herself on strange, yet soft surface.

**Krystal:** Ow. Note to self: Think before leaping. How did I survive a fall like-?

As Krystal opens her eyes, she noticed that the branch she fell from seems closer than she remembers. She then notices the scaly green fingers in front of her. Slowly, Krystal turns her head around and noticed the dragon looking at her.

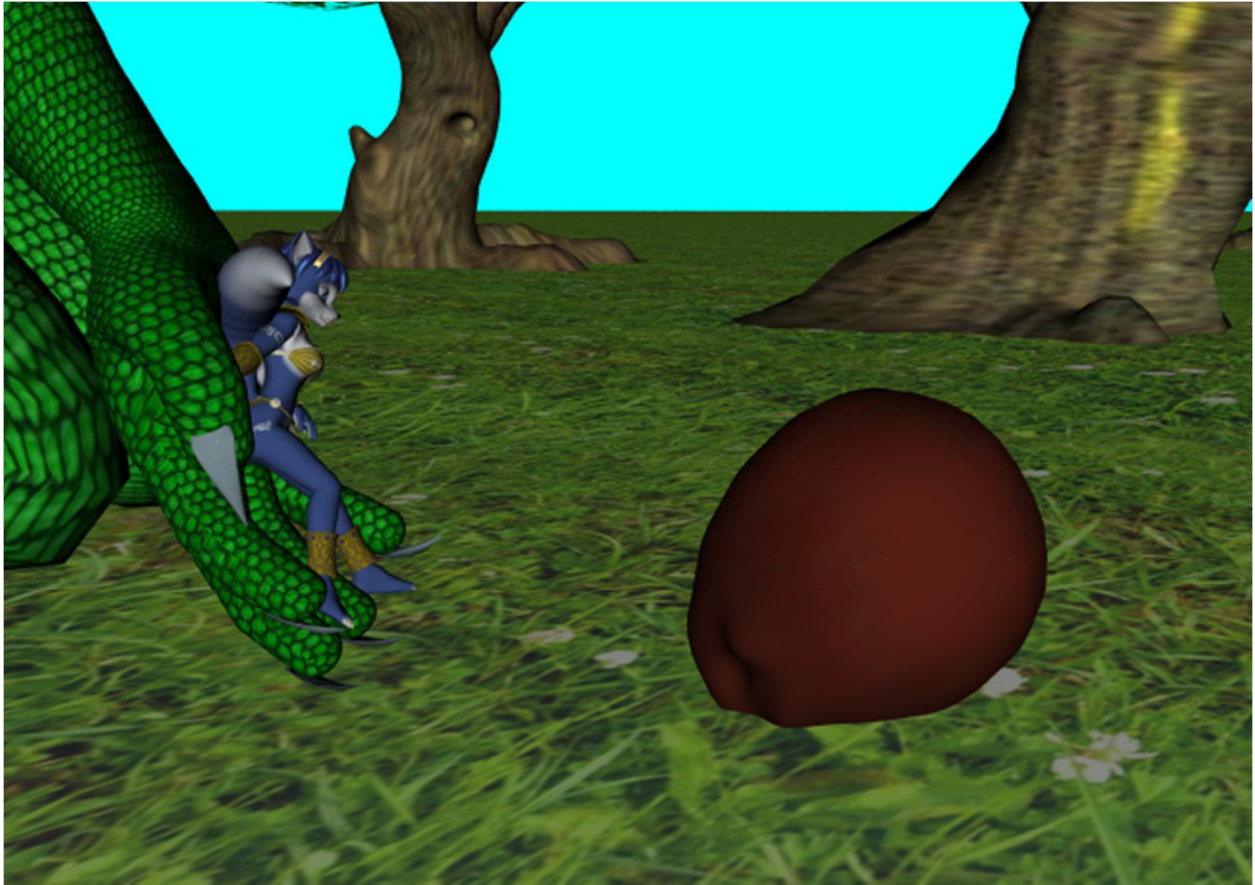

Krystal scooted back a bit before realizing she has nowhere to run. She trembled at the thought of being eaten by the dragon until she pokes her head out and stared at the dragon's face, which contains a friendly smile.

**Krystal:** You're...not going to eat me? Are you?

**Vradok:** I won't eat you. You have my words. Speaking of eating...

Vradok rested his hand on the ground, near the Goddess Apple Krystal was trying to get. Confused at first, Krystal made her way off the giant hand and towards the apple. Before eating, however, Krystal turns towards the Dragon.

**Krystal:** Um...thank you.

**Vradok:** It's no problem. My name is Vradok. What is yours?

**Krystal:** K-Krystal.

**Vradok:** It's a pleasure to meet you, Krystal.

Feeling somewhat comfortable around him, Krystal began to eat the apple.

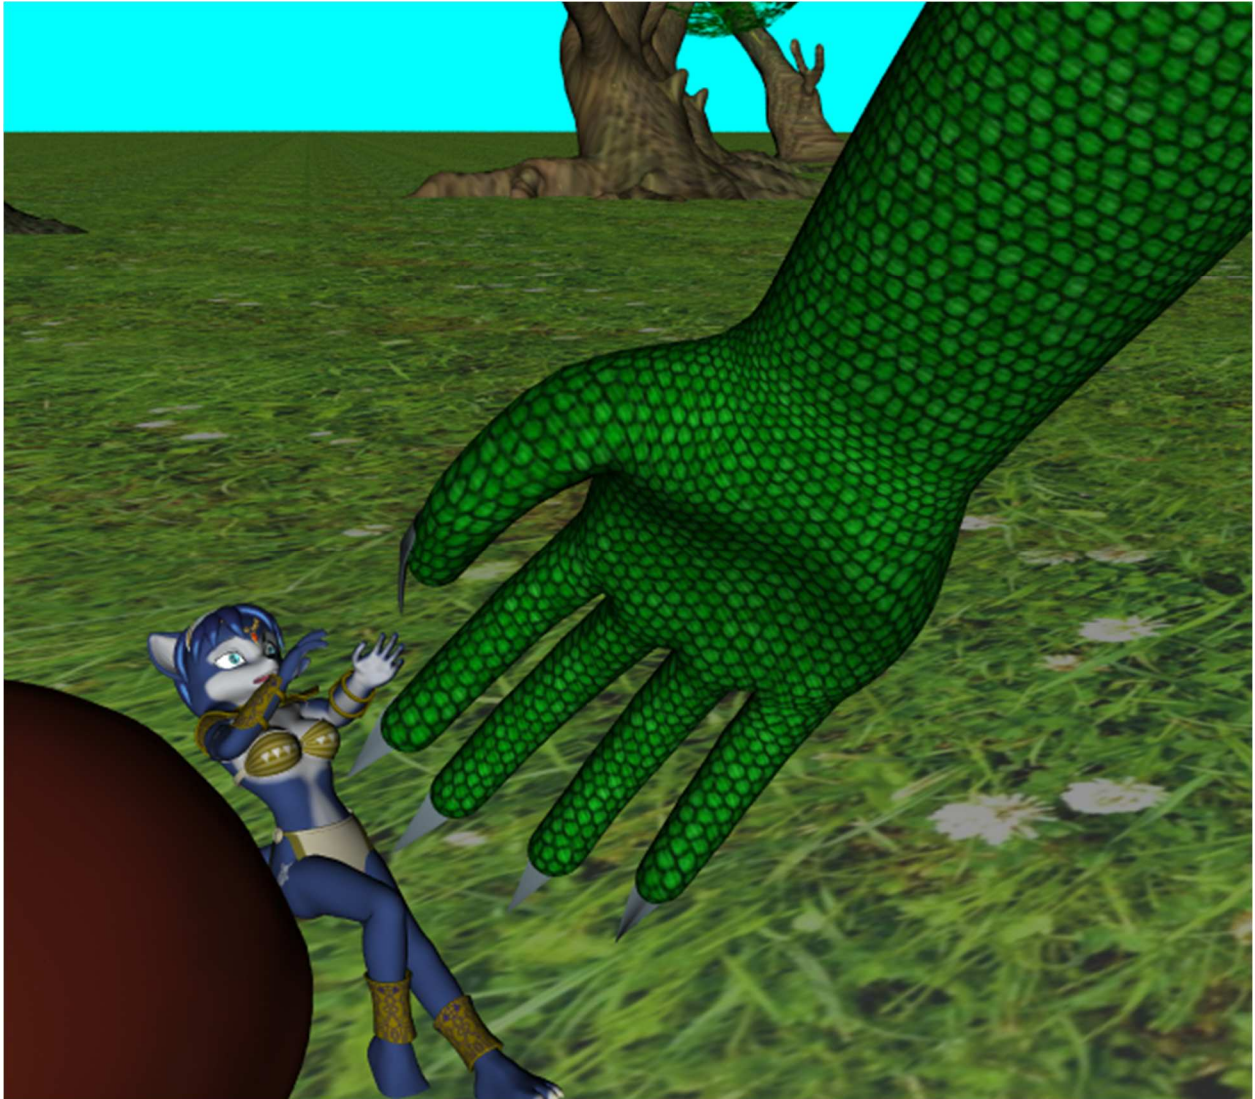

**Krystal:** Mmmmm. This truly is the most delicious apple in the galaxy.

**Vradok:** Yes, yes it is.

As Vradok watch Krystal eat, he couldn't help, but notice how beautiful she looks. Despite Krystal being tinier than him, he can still see her splendid curves, amazing proportions, and special personality.

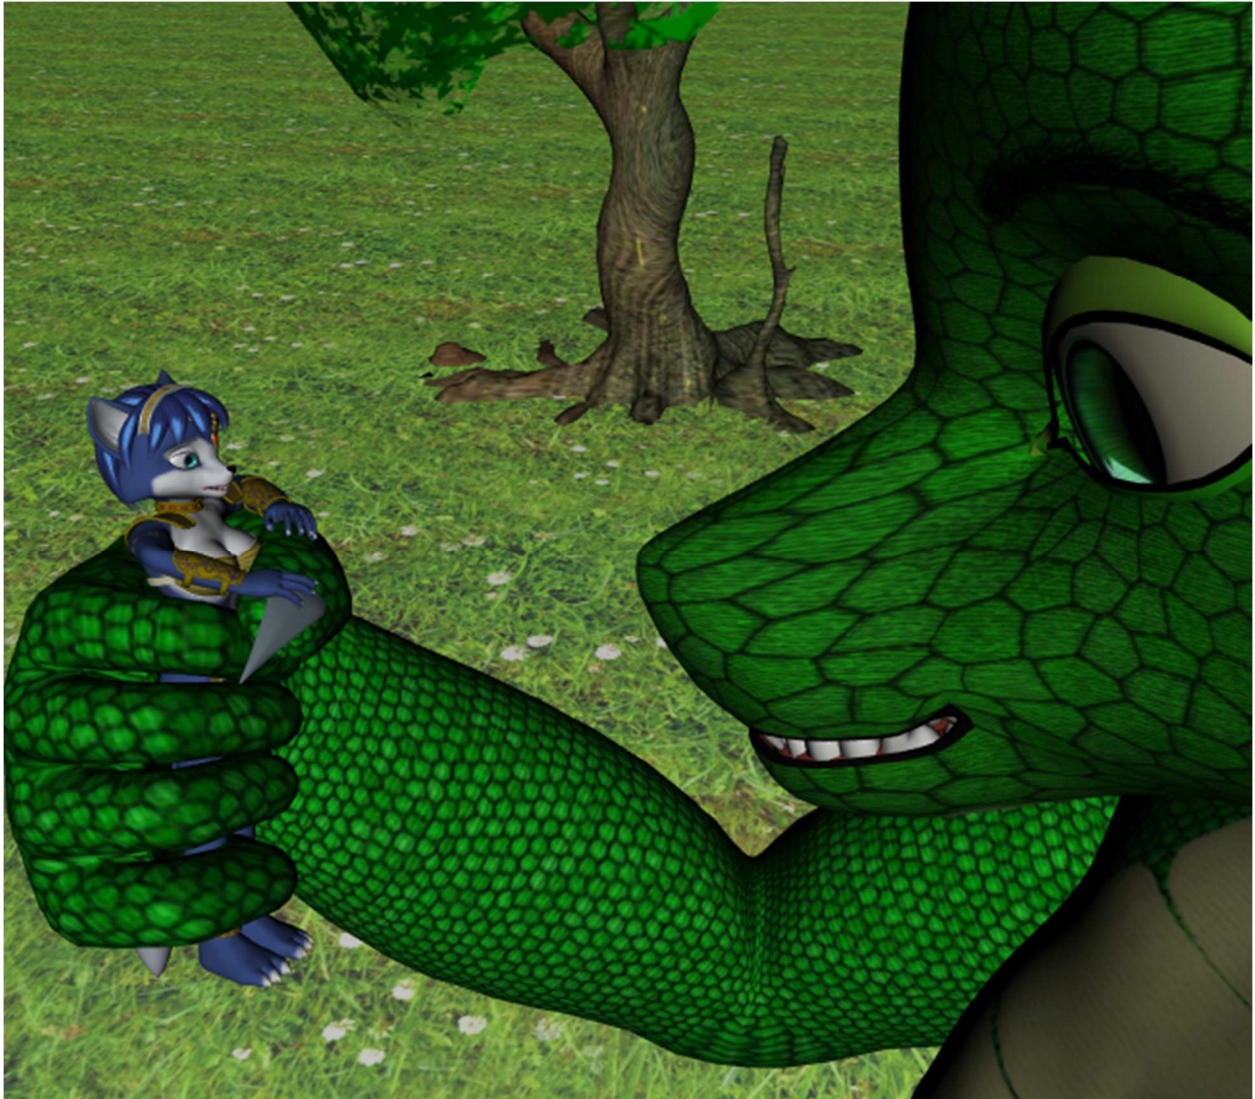

Without second thoughts, he reached for Krystal.

**Krystal:** Hm? (Gasp!) V-Vradok?!

Startled, Krystal falls back and lands on her rear, watching as the hand came for her. Wrapping his fingers around her, Vradok lifted Krystal to his eye level.

Though frightened at first, when Krystal looked at Vradok's emerald green eyes, she felt at ease for some reason. That friendly smile he was still sporting helped make this position feel safe, even when he brought her closer to his muzzle.

**Vradok:** You know, you got beautiful eyes.

**Krystal:** (blushing) Oh! Well...Thank you. Umm...can I touch you?

**Vradok:** I hold no objections.

Reaching forward, Krystal placed her hand on his snout and noticed how soft it is and how he purred when she touched him. Realizing this, she began to rub the muzzle, causing the purring to intensify.

**Krystal:** Do you like it when I rub your snout?

**Vradok:** mmmmmmmmmmmmm...yea.....

**Krystal:** I like rubbing your snout too. It feels so soft.

Vradok could not restrain his excitement at this point.

Reacting on pure, happy instincts, Vradok's tongue lashed out and licked Krystal. Though she didn't expect this, Krystal began giggling.

**Krystal:** (giggling) Hey! That tickles!

Seeing her enjoying this, Vradok began rapidly licking Krystal, his tongue randomly licking areas around Krystal's face...

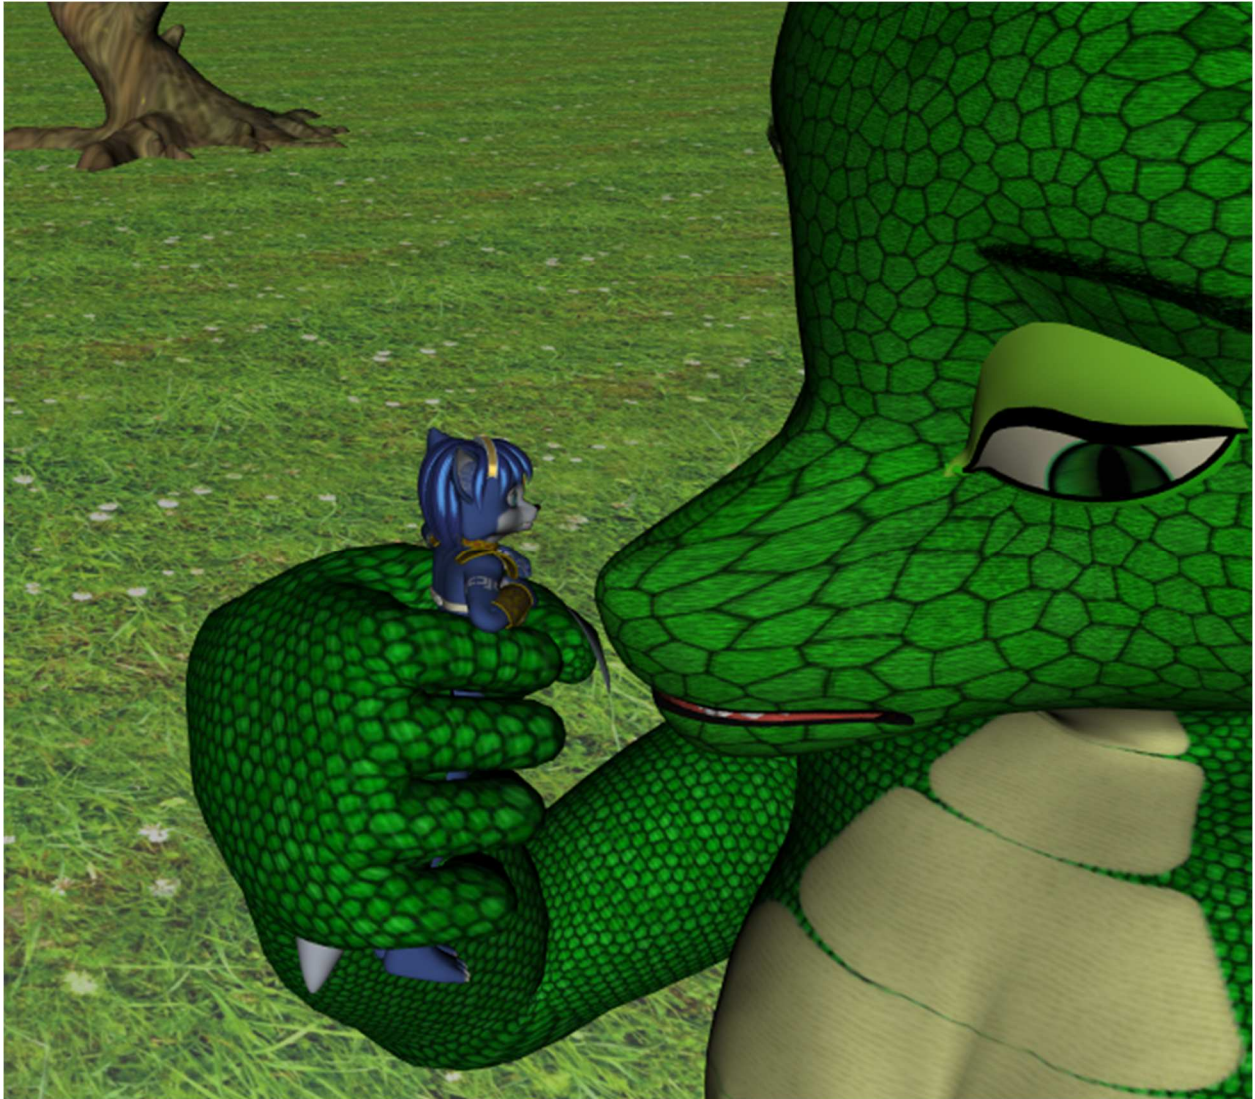

...Until the tip of the tongue accidentally dipped into Krystal's cleavage!

**Krystal:** (gasp!)

In a semi-panic, Vradok removed his tongue from Krystal.

**Vradok:** I'm sorry! I didn't mean to!

Looking at Vradok's eyes, she could see the sadness in his eyes, but she could also see the loneliness as well.

**Krystal:** Vradok, it's ok. I'm not upset. Um, Vradok? Were you alone here?

**Vradok:** In this region, yes. Many of my kind who haven't been killed by hunters have fled this land years ago. I was left alone as a hatchling when my parents were killed.

**Krystal:** That's terrible!

**Vradok:** When I saw you, I thought I can have someone to call friend, but I didn't want to offend you in any way. I'm sorry.

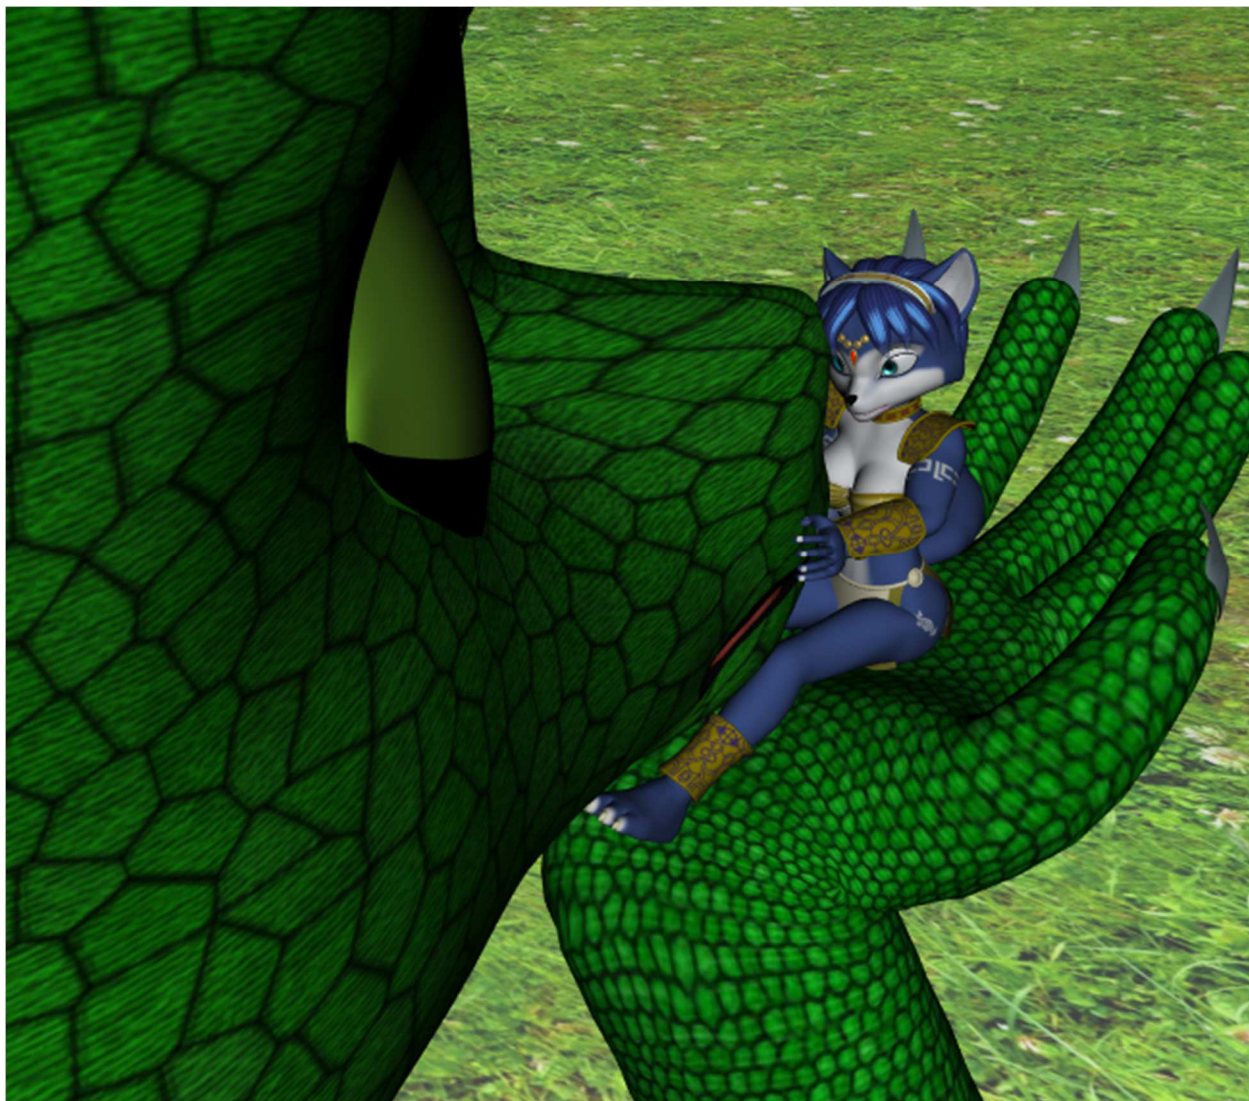

Vradok shifted his hands so Krystal can relax more on his palm. Krystal was looking down while placing a hand on her right breast.

**Krystal:** (thinking) *He's really that sorry for me. Maybe, he's more afraid of me leaving him alone than I am about him eating me.* Vradok, it's alright. I'm fine. And if you like, I'll be more than happy to be your friend.

**Vradok:** R-really?

**Krystal:** Yes, unless... (Blushing) you wish me to become...more.

Vradok brought Krystal closer to his snout after hearing this.

**Vradok:** “More”? What do you mean?

**Krystal:** (blushing) well, if you like, I can be your...girlfriend.

**Vradok:** K-Krystal.....I...I’ll be honor.

Vradok then precedes to kiss Krystal, though given his size, he kissed Krystal’s entire body. Despite how awkward this is, Krystal actually found comfort and enjoyment in this.

Before Vradok can pull back, Krystal precedes to kiss him.

**Krystal:** Thank you...for everything.

**Vradok:** No, Krystal. Thank you.

With that, he starts nuzzling Krystal, purring the whole way while Krystal continues hugging the dragon's snout. During the process, the bra's clamp has been loosened, causing the bra to fall off.

**Krystal:** (gasp!)

Krystal covers her breasts while blushing, still nervous about the entire thing. Vradok noticed this and was confused about it.

**Vradok:** Krystal, are you okay?

**Krystal:** I'm fine. It's just my bra fell.

**Vradok:** (confused) "bra"?

**Krystal:** It's what I wear to cover my breasts.

**Vradok:** (confused) Why cover them? Is something wrong with them?

**Krystal:** Not really. It's just I'm...shy about showing my body.

**Vradok:** But why be shy about it? Your body is as beautiful as the rest of you.

Vradok begins licking at the micro fox. Krystal, in the mist of the licking, let her guard down long enough for Vradok to start lapping at her breasts. Feeling his tongue on her breasts caused her to moan uncontrollably. Krystal then decides to try something a bit more daring.

Removing her panties and loincloth, she stood up in Vladok's hands to allow him to nuzzle her bare form, which he immediately did. After a while, Vladok pulled back a bit to give Krystal some space, though she continues to rub at his snout.

**Krystal:** Thank you for making me feel better about myself.

**Vradok:** It's a pleasure to see you happy.

**Krystal:** (looks down) Hm? (Giggles)

**Vradok:** (confused) Huh? Is there something funny?

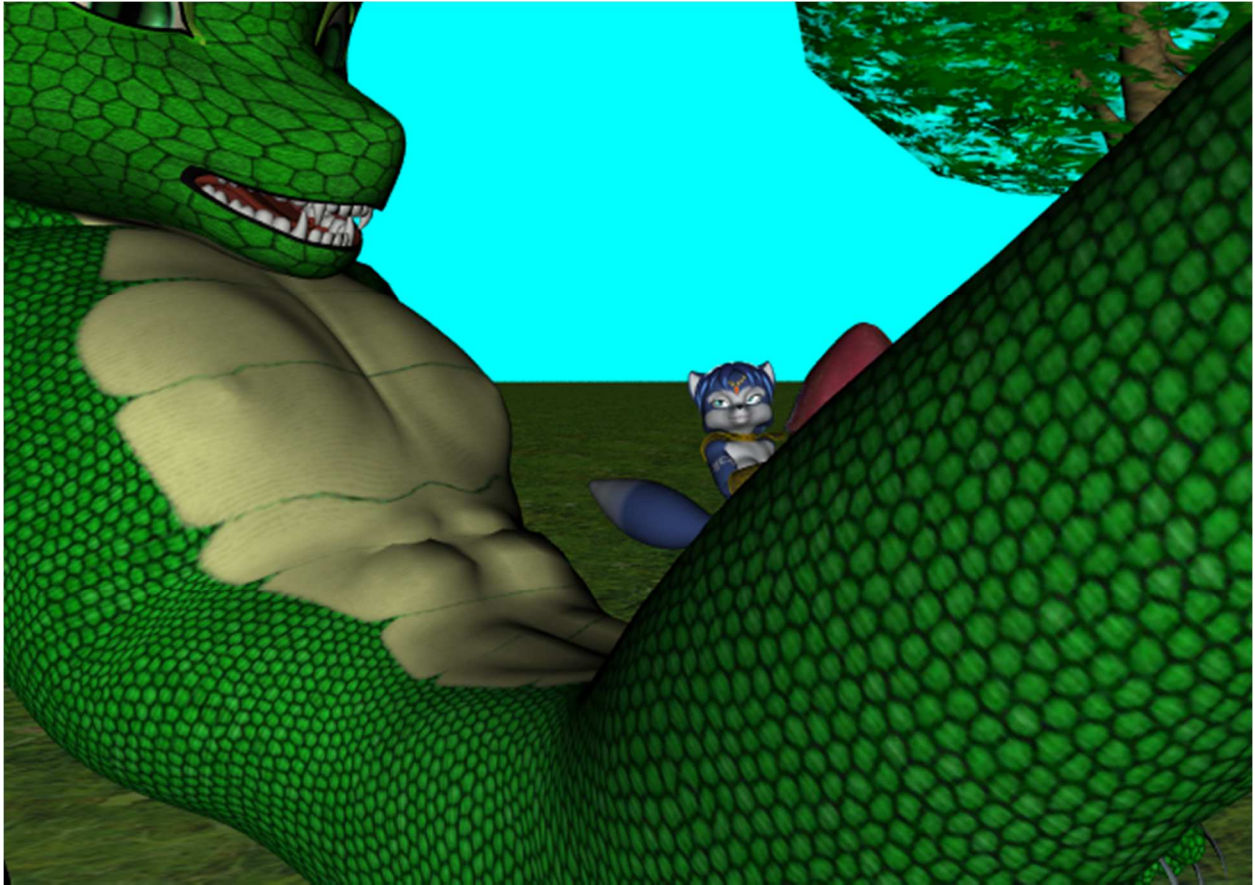

**Krystal:** I can see your pleasure.

With that, Krystal points to Vradok's crotch, which is sporting an erected cock.

**Vradok:** (blushing)

**Krystal:** Don't worry. I'm not offended, but maybe you should get comfortable while I ...tend to your needs.

**Vradok:** Uh, sure. No problem.

Vradok precedes to lay down a bit and set Krystal down on his stomach. Krystal then to make her way towards the dragon's penis, where she starts rubbing it.

**Krystal:** Does that feels good?

**Vradok:** Y-yes.

**Krystal:** Good. Now it's time for the good part.

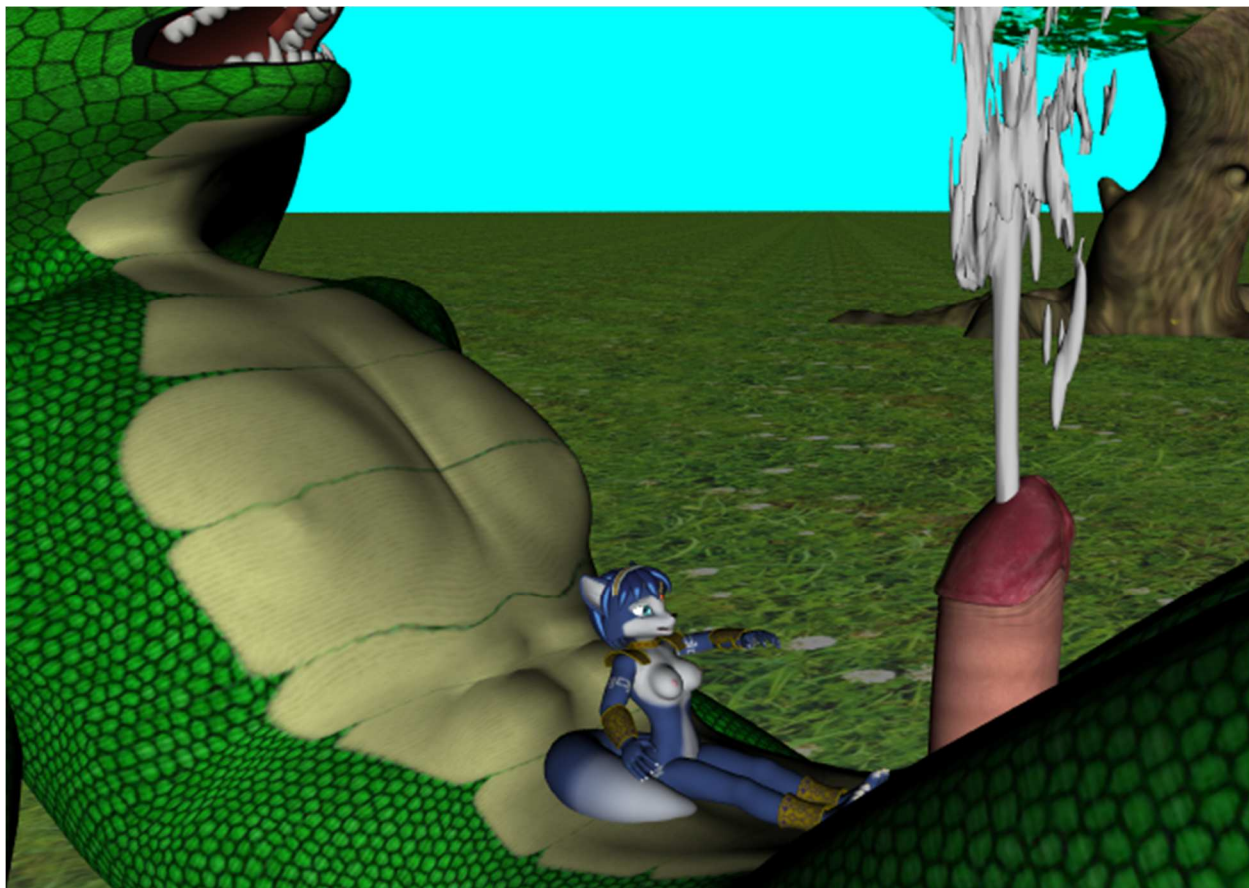

Krystal starts licking at the giant cock in front of her. Vradok, feeling the effects of the affection she's displaying, began moaning in bliss.

**Vradok:** T-that feels s-so g-g-good.

**Krystal:** (thinking) *it looks like he's enjoying this.*

**Vradok:** Kr-Krystal! I think...I'm gonna-!

With a loud roar, Vradok unleashed a huge cumshot. Gallons of cum splattered all over his crotch and Krystal.

**Krystal:** Wow. That's a lot of cum there.

**Vradok:** (panting) Guess...I was...pent up.

**Krystal:** That's an understatement. (Licks cum off her palms)

Vradok precedes to scoop the cum covered vixen into his hand.

**Vradok:** Sorry about the mess.

**Krystal:** Don't be. It tastes wonderful.

**Vradok:** Even so, I'm not one shy to "make up for it."

Vradok then started licking Krystal, cleaning her fur up and arousing her in the process. Afterwards, Krystal precedes to hug the dragon's snout.

**Krystal:** Thanks' for the tongue bath. I needed one.

**Vradok:** (chuckling) Oh, you're not clean yet. There's *one* spot I haven't gotten to just yet.

With those words, Vradok dipped his tongue into Krystal's pussy. Though she was surprised by his sudden action, she was soon moaning to the organ wiggling in her pussy.

Eventually, Krystal let go of Vradok's and precedes to squeeze her right breast.

**Krystal:** (moaning) Oh! Oh God! Yes!

**Vradok:** (thinking) *looks like she's nearly there. I guess it's time to crank up the pleasure.*

Vradok then push his tongue deeper into Krystal's vagina, with satisfying results.

**Krystal:** (moaning) Oh Vradok! I'm...I'm...CUMMING!

With one loud scream, Krystal came all over Vradok's tongue.

Afterwards, Vradok removed his tongue from Krystal's person as she lay back a bit.

**Krystal:** (panting) that...was wonderful.

**Vradok:** I can see that. I can also see the exhaustion in your eyes.

**Krystal:** (soft yawn) I guess that did tire me out.

**Vradok:** It has been a long day for us both. (Yawns) I suppose we can just rest here for a bit.

Vradok lays on his back then set Krystal to rest on his chest. Vradok then precedes to stroke the tiny fox's back, causing her to purr.

**Krystal:** Vradok?

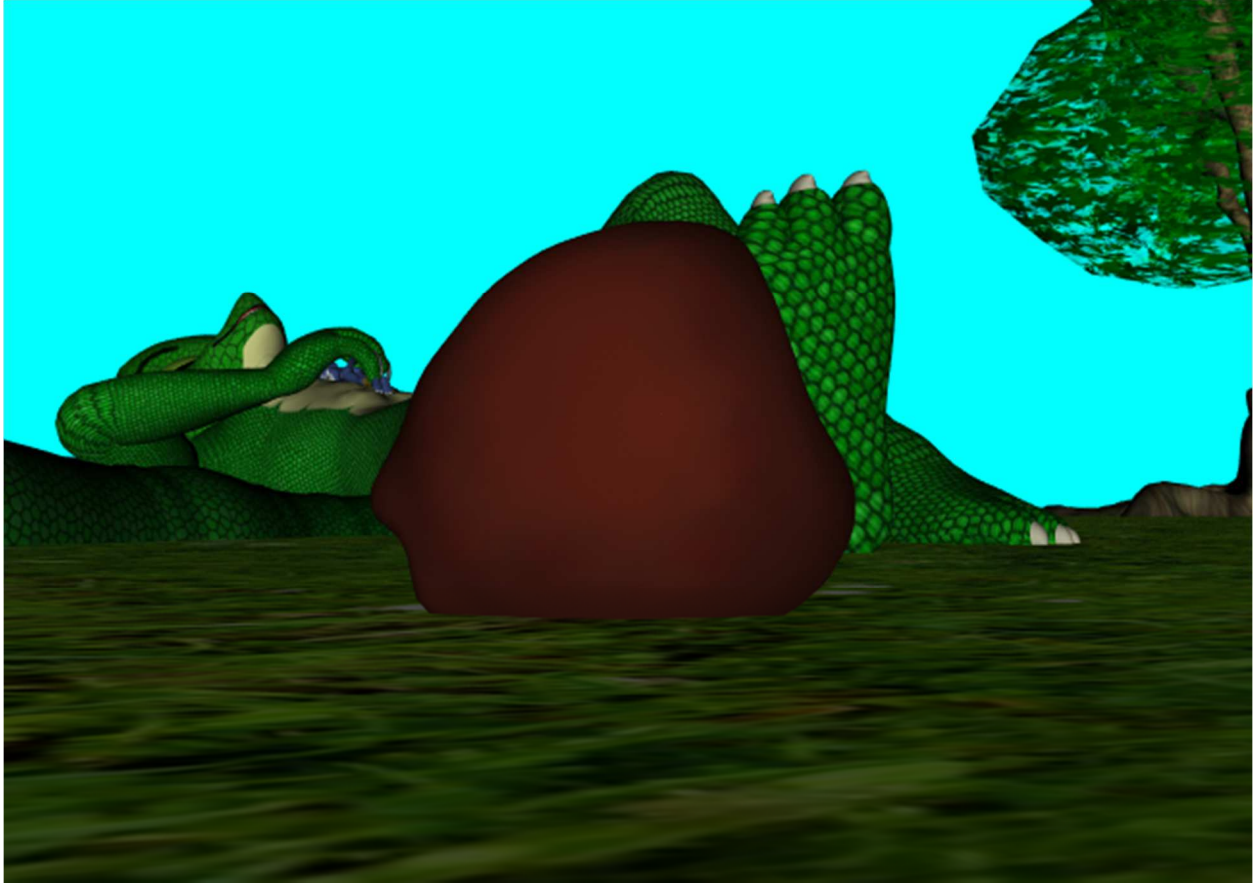

**Vradok:** Yes, Krystal?

**Krystal:** Thank you for everything. (Falls asleep)

**Vradok:** You're welcome... (Licks her face)...my love. (Falls asleep)

The couple began to dream about their future together, seeing many wonderful adventures that awaits them.

No doubt, a future brought upon them by the will of the Goddess Apple.
