

Pokemorph Emerald Sex Stories: Heart of Flames

Starring Trainer Danimus and Flamechick the Blaziken

In this Pokemon world, the Pokemon all have anthro appearances as well as the ability to speak english. The male Pokemon forms would look like men and the female Pokemon forms would look like women. Some Pokemon have both parts while others are half anthro. While all Pokemon still enjoy battling, they are also sexual competitions between the Pokemon. This lead to Pokemon having 2 move sets, each has 4 moves. One set is mostly for combat and the other set have sexual effects. There are also 2 types of Leveling systems: eXperience Points, earned from battles, and Sexual Points, earned from contests and sexual acts. Sometimes, if the bond between a Pokemon and its trainer is strong, they will engage in sexual acts as well. As a result, it's common to call the anthros "Pokemorphs" from time to time.

We turn our attentions to the our Hoen League champion, who goes by the name of Danimus, who is entering the Contest hall to relax for a bit. Flamechick, his partner Blaziken, is with him outside her pokeball. They decided to check out one of the rooms there before engaging in some fun. But we're getting ahead of ourselves here. We need to see the champ before he was even a trainer.

Danimus was just a new face in Littleroot Town. After saving the perverted Prof. Birch from rogue Pokemorphs, whom he angered by groping their asses, Danimus was given the female Torchick he used to save him, who he named Flamechick. After speaking with his mom and recieving the PokeDax from Birch, Danimus was finally on his way.

Danimus' journey was a long and hard one. The more he traveled, the more Pokemon he caught, the stronger the bond between Danimus and Flamechick grew. Together, they defeated the first gym, battled many trainers, and stopped the attacks of both Team Magma and Team Aqua. During this, Flamechick evolved into Combusken. Even though her power won them their second and third gym badges, it was her appearance that attracted Danimus' affection.

After collecting 4 badges, Danimus was finally able to face his father, Norman, at the Petalburg gym. His Linoone and Spinda were defeated relatively easily and his Vigoroth defeated 2 of his Pokemon before it fainted. His Slaking, however, was his strongest Pokemorph. It wiped out 3 more of Danimus' Pokemon, leaving him with Flamechick as his final Pokemon. Despite Flamechick's Double Kick being super effective, Slaking proved to be very tough and nearly defeated the poor Combusken. However, after hearing the heart of her trainer, Flamechick evolved into Blaziken. Her figure is much more attractive than Danimus thought. Her Attract, which involves shaking her busty chest and jiggly booty, managed to freeze the male Slaking long enough to land her new Blaze Kick, which was powerful enough to KO Slaking. After recieving the gym badge from his father, Danimus felt that a beauty like Flamechick deserves to walk right beside him outside of her pokeball.

Together, the due caught more Pokemorphs, put a end to both Team Aqua and Team Magma for good, meet legendary Pokemorphs, and collected every gym badge needed to

enter the Hoen League. During the journey, Danimus entered Flamechick in a Pokemorph contest and earned 1st prize. While Danimus did know that contest victors have full access to all of the rooms and facilities, he wasn't fully aware of how these facilities operate or how Flamechick's "contest" moves were mostly for Danimus' eyes.

Eventually, they reached Ever Grande City so they can challenge the Hoen League. They managed to defeat the Elite Four before challenging Steven, champion of the Hoen League. He had very tough Pokemon with him. Though 5 of Steven's Pokemon were defeated, they managed to take out Sparky the Pikachu. Steven's final Pokemon, Metagross, was his strongest, as it defeated 4 of Danimus' Pokemorphs, leaving only Flamechick. Despite having super effective moves, Flamechick was having a hard time land attacks, not to mention that her attract didn't have much effect on him. However, during an attempt to dodge one of Metagross' attacks, her breasts began to jiggle from under her chest fur, which caused an unusual reaction to Metagross. Seeing Metagross' reaction to her tits as a possible weakness, Flamechick used Bulk-Up to not only increase her ATK and DEF powers, but to make her tits grow a bit, putting the Metagross into a trance-like state. This gave Flamechick the opening she needs to defeat Metagross. With his victory against Steven, Danimus was added into the Pokemon Hall of Fame along with Flamechick the female Blaziken, Suma the male Hariyama, Sparky the male Pikachu, Lappette the female Lapras, Magi the male Kadabra, & a shiny female Rayquaza pokemorph, thus making Danimus the new champion of the Hoen League.

With the title as League Champion, Danimus decided to enter the Battle Frontier as well as some more Pokemorph contests. But each time Flamechick entered a Pokemorph battle or even a contest, Danimus' would become more and more aroused of her form. Flamechick, having built a strong bond with her trainer, could smell how horny Danimus is for her, for she too need him so badly.

Then one day, at the location of his secret base:

Danimus: *<It's a nice day, but I can't seem to remain focus on Pokemorph battles anymore. All I can think of is how great Flamechick's form is, especially when I enter her in a contest. What do I do?>*

Flamechick: Master?

Flamechick: Mind if I sit next to you? It was getting stuffy inside.

Danimus: Uh...Sure! I don't mind at all!

Flamechick: Remember those moves I used in the contests?

Danimus: Yes.

Flamechick: Well...each time I use those moves, I would think of you.

Danimus: M-me? Why?

Flamechick: Of course.

[Danimus fell asleep!]

Flamechick: <*Sweet dreams, my Pokemorph master*>

Since that day, Danimus has been able to focus on battles like he used to. He was freed to train with his Pokemon and catch more. He's also been able to enjoy spending more time with Flamechick, helping her with contest moves and her 'personal' desires. Which brings us back to the present, where Danimus and Flamechick are about to enter a private room in the contest hall. They had just won a contest and Flamechick wants to celebrate with Danimus.

Danimus: Whoa! Easy with the arm, Flamechick! We'll need it to still be attach to my body...and yours.
