

Desired Tales #1

Christian bangs his knuckle against the dorm room door as he pounds on it to be let inside. Christian is a chubby short college student trying to visit his taller skinnier friend, Daniel. Unfortunately for Christian, the door is locked. It is night time. Their classes are already done for the day. Christian pulls out his cellphone from his sweatpants pocket while waiting in the hallway.

A muscular student approaches. He's taller than Christian but shorter than Daniel. He pulls out a key before noticing Christian. The person looks like a jock to Christian. The muscular student asks, "What are you doing outside my door?" Christian answers, "I wanted to hang out with Daniel." The muscular student responds, "Oh. I'm his roommate, Scott. Pleased to meet you. What's your name?" Christian introduces himself, "I'm Christian." The two shake hands before Scott puts his key into the doorknob and unlocks the door.

The room is dark, which isn't surprising considering it's nighttime. Scott states, "Time to see if Daniel is here. Maybe he's out or he's sleeping." Scott walks inside the room and flicks on the light switch. Scott walks deeper inside the room and Christian follows. The door shuts behind them.

Scott stares at a naked Daniel who is sitting on a bed with a laptop in front of him. Scott mentions while trying to look away, "You have company." Daniel suddenly realizes he's not alone. He grabs a blanket from behind himself and puts it over his hard dick. Christian shouts, "Dude! Seriously?" Daniel reacts, "I wasn't expecting you, Christian. What are you doing here? I thought Scott would be gone for a few more hours." Christian asks, "You didn't hear me knocking on the door?" Daniel answers, "The person who lives in the room next door is drunk again and has been throwing a basketball at the wall. I can barely hear anything besides that." Christian wonders, "What were you looking at?"

Christian runs over to Daniel before Daniel can turn off his laptop. Christian sees a bunch of naked hairy men smoking cigars and having intercourse. Christian laughs, "That's what you're were jerking off to?" Scott looks over and sees the bright screen. Scott utters, "What the fuck." Daniel responds, "So what? I'm gay." Scott sighs, "It's not that. Cigars are unhealthy!" Daniel replies, "It's not like I'm smoking them!" Scott rolls his eyes, "Whatever. I'm out of here."

Christian shouts at Scott, "Don't go!" Scott responds in an annoyed tone, "Why not?" Christian pulls out two cigars from his sweatpants pocket. Scott immediately reacts, "Gross!" Christian grins, "Relax. It's not a regular cigar." Daniel asks, "Did you get them from your roommate?" Christian chuckles, "Yep. Don't tell him I took it." Daniel tells Scott, "Christian's roommate is a drug dealer." Christian elaborates, "He's going to school to be a pharmacist. But yeah, he sells weed. The room always smells like pot thanks to him. I needed some fresh air and thought I'd come here." Scott shouts, "Then why did you bring that here! I really should go." Christian smiles, "Don't you want a smoke? I'm not going to charge you." Scott sighs, "I don't do drugs." Christian turns to Daniel, "You want one?" Daniel blushes, "I've never tried one." Christian smirks, "Come on, Daniel. Don't be a wimp like your roommate." Scott interjects, "I'm not a loser! Give me it and I will tell you how bad it is!"

Scott snatches one of the cigars from Christian's hand. Scott puts part of the cigar between his lips. Scott mumbles, "Light it up already. I'm waiting." Christian pulls out a lighter from his pocket. He flicks it on and lights the cigar that's in Scott's mouth.

Scott expects a nasty flavor or a putrid odor. Instead, Scott experiences a berry flavor on his tongue. He smells a delightful fruity scent coming from the cigar. It doesn't smell like weed at all. It doesn't smell like smoke from a cigar or cigarette either. Scott begins to giggle. Daniel's dick is erect under the blanket as he watches Scott laugh. Daniel's hand reaches out and grabs Christian's remaining unused cigar.

Once Christian realizes the cigar is missing from his hand, he turns around and sees that it's in Daniel's mouth. Christian quickly lights the cigar for Daniel. Daniel's smile widens with the lit cigar in his mouth. He tastes a sensual flavor with a decadent fruity aroma. His hand pulls the blanket off his hard penis. Daniel starts masturbating while looking at Scott and Christian.

Christian's ears twitch as he hears a ripping sound behind him. He looks over at Scott and witnesses the seams on Scott's clothing stretching and ripping. Scott is growing taller and his muscles are growing larger! His shoes break and Christian can now see Daniel has claws instead of toenails! Scott laughs as his face shapeshifts into a kangaroo muzzle! Kangaroo fur soon covers Scott's new naked body! A loud thud is heard when Scott's new kangaroo tail touches the floor.

Christian is too aroused and confused to be scared. The gigantic anthropomorphic kangaroo in front of him is turning him on! Christian can't look away. His eyes drift down Scott's chiseled furry body and sees Scott's huge kangaroo cock! Scott gulps. He begins to hear a similar ripping sound coming in the direction of Daniel but Scott does not turn around to look. His eyes are still fixated on the kangaroo hunk Scott.

Scott takes the cigar out of his mouth while he smiles at Christian. Scott's free hand paw grabs Christian's chin. Scott leans his huge kangaroo muzzle towards Christian and kisses Christian's lips. Christian doesn't resist. This is heaven to him. Christian can taste the cigar's fruity smoke and lingering flavor from Scott's mouth.

Scott finally pulls away to get a puff of the fruity cigar again. Christian feels hot all over but he's not sweating. His skin tingles under his clothes. His hands are shaking. He feels them shapeshifting into kangaroo paws!

Suddenly, there are four kangaroo hand paws within his vision as he looks down at his clothed belly. Two of those paws don't belong to him. They belong to the person behind him, Daniel! Daniel's paws gently rip the shirt off Christian's stomach! Christian sees kangaroo fur all over his stomach and a kangaroo pouch! Christian laughs. Why is this funny? Christian doesn't know the answer, but he does know that he feels good. The fruity scent of the cigars completely fills the room and Christian's nostrils. Christian feels a hard throbbing sensation below his belly, however he doesn't see his dick. He does see his shoes ripping to reveal two new kangaroo feet!

His kangaroo hand paw reaches beneath his stomach and touches a vulva! Christian starts fingering a new wet pussy!

Christian moans while fingering the new vagina. A new tail sprouts from Christian's rear and smacks Daniel. A kangaroo Daniel hops off the bed and is now beside Scott. Christian realizes Daniel looks identical to Scott. Both are tall, muscular, sexy kangaroo men with big cocks! Christian doesn't understand why Christian is still fat and why Christian has a vagina instead of a huge dick like the others. It doesn't matter to Christian. Christian is too horny to be upset. Christian just wants to get fucked by Daniel and Scott!

The three spend the night having sex. They take turns fucking each other. Christian gets tag-teamed by Scott's dick in Christian's pussy and Daniel's penis in Christian's ass! Scott's shaft fucks Daniel's hole. Scott slurps Christian's wet vagina. Daniel holds Scott's tail and thrusts his rod up Scott's anus. The night is filled with different sex position. The three are too excited during sex to even wonder if they'll still be kangaroos by the time of their next class tomorrow.
