

Desired Tales #4

Isaac was the only werewolf in the guild. He fought many battles with the mages, brawlers, and various weapon-wielding knights. Isaac realized it was time for him to retire from all the fighting and chaos. He wasn't getting any younger. He already knew he wanted to settle down and start a family one day. It was too dangerous for him to keep fighting if he wanted to ever be a father. No werewolf wore armor. Werewolves had no protection in battle. Isaac wanted to become human again. He only became a werewolf to make the guild stronger. Isaac didn't know magic, he wasn't a great sword fighter or axe fighter, and his punches were barely above average. The guild needed a werewolf at the time and he volunteered for the position.

Isaac went inside and approached a mage captain in the guild, Mathieu. Isaac stated, "Today is my last day. You know the agreement. Turn me human." The mage Mathieu responded, "Not yet. You're the only werewolf we got. The cost of the spell that transformed you into a werewolf was expensive. It's even more expensive now!" Isaac grumbled, "How did it become more expensive? Shouldn't it have become less expensive?" Mathieu answered, "Magic inflation is real. It was a one-time spell, so we would have to buy it again if we wanted to use it. We always need a werewolf in our guild. Your strength proved that!"

Werewolf Isaac rolled his eyes, "Not my problem. When are you going to turn me into a human?" Mathieu stated, "After you turn someone into a werewolf." Isaac laughed, "I can't do that! I never turned someone into a werewolf. You've been listening to too many superstitions." Mathieu shook his wand, "No. It's true. I have a spell that will make it spread! It was much cheaper to buy a contagious spell than to buy a new werewolf spell."

Isaac pouted, "I have no idea what all that means." Mathieu elaborated, "I'll make you human again only after you turn one of the other fighters in the guild into a werewolf." Isaac asked, "Am I supposed to bite someone?" Mathieu reacted, "Oh no. That might cause damage to the body." Isaac wondered, "Then how will it work?" Mathieu tried to keep a straight face, "Give them your bodily fluid." Isaac blurted out, "I don't understand."

Mathieu blushed, "The spell will make you stinky with sweaty damp fur. It will make you drool. It will make your penis..." Isaac reacted, "That's enough! Let's get it over with already." Mathieu grinned, "That's great to hear! We'll do this outside so more people can watch. It's important for our mages to watch and learn."

Isaac was brought outside with Mathieu. Several mages circled them. A lean naked man, Kieran, walked into the middle of the circle. Kieran looked puny compared to the werewolf Isaac. Kieran was a fighter in the guild but was definitely not the strongest. Kieran knew he needed to be stronger if he was ever going to make a name for himself and provide for the guild. He wanted this. Kieran looked at Isaac and wanted to be just like him.

Mathieu informed everyone, "It's time for me to cast the spell. Mages, pay attention!" Mathieu kept a distance from Isaac as he shouted mystical words while waving a wand. Mathieu's wand zapped Isaac with a magical light.

Mathieu quickly ran into the crowd, away from Isaac, once finished. Isaac's cock emerged out of his sheath and grew larger! Drool escaped his werewolf maws. Isaac's nose twitched as his scent became stronger and more powerful. He was a stinky horny werewolf!

Kieran wasn't afraid. Kieran moved closer to Isaac. Kieran began to smell the musky odor coming from Isaac's fur. Kieran knew he was supposed to take in Isaac's bodily fluid in order to transform into a werewolf. Kieran reached out to Isaac. Kieran's hands grabbed Isaac's werewolf muzzle. Kieran closed his eyes and stood on his tiptoes as he tried to kiss Isaac.

Isaac thrust his tongue inside Kieran's mouth as they kissed. Kieran swallowed Isaac's slobber. The crowd could see Kieran's dick becoming erect and visibly hard! The crowd watched Kieran grow larger, more muscular, develop werewolf fur, grew a werewolf tail, and had his hands and feet become werewolf paws with claws while his face shapeshifted into a long werewolf muzzle! Kieran was now a werewolf!

Isaac did his deed. Now Isaac could become human again. The werewolf Isaac ran to Mathieu. Isaac stood before Mathieu. Isaac howled, "Cast the spell! Make me human!" Mathieu opened his mouth. He breathed in Isaac's musky scent. Isaac's werewolf ears twitched as he noticed Mathieu's heartbeat getting faster.

Suddenly, Mathieu pressed his face into Isaac's furry chest! Isaac could hear Mathieu's nose inhaling Isaac's scent. Isaac's erect dick was spreading precum all over Mathieu's clothes while Mathieu was distracted. The precum wasn't the clothes' main problem. Mathieu's face began to shapeshift into a werewolf muzzle and the rest of his body followed suit. His clothes ripped and revealed Mathieu's new werewolf body! Mathieu continued to breathe in Isaac's scent through Mathieu's new werewolf nose.

Isaac pleaded, "Make me human!" Mathieu howled, "Why would I want to do that? You're exactly what I need! You should lead us! Besides, I can't use magic now. Everyone knows werewolves can't use magic. I no longer have a magical bone in my body. This wasn't supposed to happen. I honestly wasn't planning on becoming a werewolf like you. I guess I was too powerful of a spellcaster. I have no regrets. This is the best thing that ever happened to me! You could try asking the other mages if you still want to turn into a human."

Isaac looked at the crowd of mages. One of them had to know how to cast a spell to help him. Isaac ran into the crowd. Any mage who got too close to Isaac suddenly had their clothes ripped as the mages transformed into werewolves! The newly transformed werewolves rubbed their noses into Isaac's stinky fur and armpits! Isaac felt some of the werewolves licking his body!

More precum oozed out of Isaac's cock. Isaac howled as new werewolves licked his penis and furry musky balls! Isaac loved the touch of the tongues. He would make a moaning yelp sound every few seconds while his body was worshipped.

Isaac continued his attempt to move closer to the remaining human mages. None of the mages could resist Isaac's musky aura. Several got down on their knees and transformed. Others kissed Isaac's mouth, licked his musky furry body, or sucked his dick! Isaac wasn't successful that day

in finding a mage to turn him human. All the mages in the guild were now werewolves incapable of casting spells. The only thing Isaac was successful at was starting a family. He didn't need to be human to have a family. The werewolves were his new family.

The next day, Isaac looked around the guild. The remaining humans weren't magic users. The humans were fighters who used weapons or fists. Isaac was no longer contagious. The spell wore off. Isaac was disappointed. He loved his new werewolf family and wished for the remaining human guildmembers to be werewolves too. Isaac set out on a new journey with his werewolf crew. He wanted to find a mage to help him. He wasn't interested in becoming human again. He wanted a mage to make him contagious again! Isaac's new desire was to make everyone in the guild become werewolves!
