

Desired Tales 12

Mark has only been going out with Kim for a few weeks. The dates have been going well, but Mark does have an insecurity that's pestering his thoughts. There is a significant height difference between Mark and Kim. Mark is a short man while Kim is a tall woman. Kim is taller than the average guy while Mark is shorter than the common lady.

Mark has never dated someone so tall before. He's used to women closer to his height. But when he first saw Kim, he couldn't resist asking her out! Was it love at first sight or did Mark simply wanted to get inside her pants? It doesn't matter the reason why. He was smitten with her early on.

Mark believes his great personality makes up for his short height. Mark recalls Kim laughing at his jokes and blushing. Mark keeps thinking about it more. Kim obviously likes him. She wouldn't just be faking it. She would have just ended it on one date if she was faking it.

Would the relationship last long term? If Kim was shallow enough to end the relationship due to the height difference, then Mark knew he dodged a bullet. But what if this is relationship is meant to be and it lasts forever? Mark sighs, "I need to stop overthinking it." Mark looks around. Did he already forget he was in public doing some shopping?

A store employee taps Mark's shoulder. The employee asks with an obviously fake wide grin, "Do you need help?" Mark replies in a stern tone, "No." The employee walks away. Mark feels another tap on his shoulder. He turns around but sees no one there. He notices a box.

Mark steps towards the box and looks inside. He sees vitamin supplements. Mark utters to himself, "This is stupid. There is no way this is going to work. But there's probably no harm in trying." Mark purchases the supplement before leaving the store.

Mark spends the next few days taking the supplement. There are no instant results. Mark's height stays the same. Mark continues taking the supplement up to the day of his next date with Kim. The date goes well and Kim invites Mark to her home.

Kim kisses Mark's forehead once inside. Mark blushes and starts taking off his clothes. Kim flings her clothes off. Kim states, "Put this on." She gives Mark a condom wrapper. He rips the package open and slides the condom on his cock.

They get in bed together. Mark gets on top of Kim and launches his penis into Kim's vagina! Kim moans while Mark thrusts his hips and pounds into Kim's pussy! Mark's dick squirts cum inside the condom while he fucks Kim's vagina. This goes on for several minutes until Mark pulls out and rests on his backside.

Before Mark can take the condom off, Kim begins stroking Mark's cock! Mark grunts and breathes slowly while his dick gets slowly jerked. More cum gets squirted and fills the condom!

Kim moves and sits on top of Mark's penis! Mark watches Kim's breasts jiggle as Kim rides the shaft! Mark's dick releases more sperm inside the condom!

Once Kim gets off Mark's penis, Mark passes out from exhaustion. He wakes up the next day alone in Kim's bed. Mark smells something cooking in another room. Mark realizes Kim must be cooking breakfast. Mark stretches and yawn. His morning wood feels weird. He looks down and sees he's still wearing the used condom.

Mark has trouble pulling off the condom. He pinches the top of it and pulls it with all his might until it finally flies off his dick! Mark gasps as he sees his penis. It's longer and girthier! It doesn't look like a human penis! Mark tries to keep his voice down while saying, "This... this can't be real. This must be a dream or a nightmare."

Mark hears the doorknob turning. He quickly grabs a nearby blanket and pulls it on top of his crotch and legs. Kim, practically naked and only wearing an apron, enters the room and announces, "I've made breakfast!" Mark responds, "That's great. I need to use the bathroom first." Kim says before leaving the room, "No problem."

Once Kim is away, Mark throws off the blanket. He utters, "How am I supposed to hide this? Maybe I can if it's flaccid and I hide the outline while wearing pants but it will show if I get hard!" Mark's penis becomes erect just thinking about it!

Mark's hand grabs the cock and tries to push it back down. His penis throbs as his hand accidentally strokes it! Mark admits, "It feels good. I don't think I can hide this." Mark's hand continues to jerk his large rod. His fingers shapeshift and become two cloven hooves while he rubs his meat! Giraffe fur appears on his hand and spreads up his arm!

Mark strokes his unit with his two hoof-like fingers. His body stretches while he masturbate! He doesn't feel pain, only pleasure. Giraffe fur soon covers most of his body. His neck grows longer while his face shapeshifts into a giraffe muzzle! He gets out of bed and tries to walk on his new two-toed cloven hoof feet. His legs wobble as well as his long neck. He's taller than before but not obscenely tall. His head doesn't hit the ceiling.

Kim shouts, "Mark, you're doing okay?" She opens the door again. This time, she sees a well-hung anthropomorphic giraffe! Mark realizes he's now the same height as Kim. He kisses her! His giraffe tongue slides between Kim's lips. Kim doesn't resist Mark. She doesn't want to fight it. She closes her eyes while they kiss. Her hands touch the fur on Mark's chest. One of Mark's giraffe hands touches Kim's butt while the other lifts up the apron.

Mark's long giraffe penis goes underneath the apron. Kim makes an audible gasp once the penis enters her vagina! Her arms hug and squeeze Mark while they have sex. Kim begins to grow taller while Mark's dick is inside her! Her legs, arms, and neck stretch! Her head transforms into a giraffe head! Her hands and feet lose digits to become cloven hooves! Her butt develops a tail!

Mark's penis slips out of Kim. She's too tall for Mark in this position. There is a height difference between them again. Kim kisses Mark's furry forehead. Instead of mentioning the obvious, she simply says, "Your breakfast is gonna get cold."
