

MOVIE NIGHT

One cannot have a proper Movie Night without an improperly folded bird. Pulsar, showing off his de-synced contortionism.

#BirdsWithThreateningAuras. Cardinals aggressively T-pose when startled.

DreamingMage stopped by, so I busted out my camera. Just in time for someone to not finish loading.

Looks good from behind. Also, dangerous jigglebold.

Too cute for the camera, MagusOtter is such a tiny bean.

Problematic Squirreltaurs figured out the Mirror functionality.

And other people soon learned about it.

There are massive size discrepancies between squirreltaurs and otters.

Pose to the left!

Pose to the right!

Stand right in the middle...

And now you're out of sight!

TaDaa! Otters, indestructible lil' cuties, useful in a pinch!

Aggressively T-posing to scare off predators.

The mirror is a pretty popular and fun tool. Everyone's avatars look so special and unique.

They call this "FUSION" but we all know it's just the start of a merging scene.

Someone has been found out!

TripRat has the best eyes.

Magnus has the best blush. And body. And b...

...and everyone knows it.

Taking a side-shot selfie of a lineless tauric squirrel!

Feels good and looks great!

Trip REALLY has the best eyes.

Kah made both our models and did just a bangable job.

Bangable? I mean, bang-up.

Someone get me out of this awkward social situation.

BIG VIXENS! That does the trick, every time.

With everyone distracted, I can snap pics of Trip's paws.

This is what you follow me for. Trip's paw pics.

Flash those goodies, rat. Show us the tools of your rat crimes.

Meanwhile, the Sergal Show continues.

The Sergal Chorus broadcasts a very important message.

Magnus is short. That is all.

A Tower of Ferrets, and atop, a bent and broken reindeer.

Riz, get down from there before you hurt yourself!

Unbowed and unbent, the adorable deer assumes their natural position on the food chain.

MewTwo is thicc.

DreamingMage is probably thicker.

But no-one can out-dimension Paper Mario!

Trip tries to, anyway.

Rat crimes, I swear.
