

I'm in love with Pearl.

Shes the tall slim horse girl in my Math class that always wears short skirts. I don't think we've ever spoken, but I can't stop thinking about her.

One day she approached me after class and asked me

"Hey, are you going to join the baseball team?"

She was holding a flier in her hand, but I was only staring at how her arms squeezed her boobs together and showed off her cleavage. Her unbuttoned white dress shirt only made this more obvious.

"Uhhh yes.. yes I am."

I had no interest in sports. My build was average for a fox.. my shoulders were slightly broad, but my submissive body language made this fact hardly noticeable. I knew she was asking this because she was the captain of the cheerleaders, and student body president.. she probably had the responsibility to recruit SOMEONE to the team..

The baseball team was known for being unusually rough and very closed off. No one wanted to join the existing players because the hazing was so intense (or rumored anyway).

But I felt like I had to say yes.. I wanted to do anything I could to please her

"Great! Well just come to the informational meeting after classes today!

It was the Biology room, and Pearl was already there when I arrived. The room was otherwise empty.

"Alright well lets get started!"

"Uhh.. shouldn't we wait for everyone else?"

"No no.. there aren't any others."

That made me a little uncomfortable. I let my slightly long brown hair obscure my face from any 'tells' of discomfort. I sat down.

She was wearing the customary white dress shirt and plaid skirt, but something about today made it look way better.. her toned, smooth legs.. the way her boobs brushed up against the board as she wrote..

My sheath began to swell a little

"Are you listening?"

"Oh.. uh.. of course!"

She gave me a look of disbelief.. paused, then walked over to the desk where I was sitting. She sat on it almost at an angle where I could see up her skirt

She was staring at me with a calculated look, before slowly a look of delight began to spread across her face

"You know what.. I like you. Ice been looking for you for a long time, sweetie."

My eyes instantly widened, and I couldn't possibly conceal myself from blushing

"Come. We're going to the bathrooms."

What did this mean? Were we going to have sex? What if I couldn't get it up.. what if I do something wrong.. oh man this was too intense.. adrenaline began to flow through my quivering body

She grabbed my wrist and was walking at a fast pace towards the womens restroom. I could see her hips sway and I felt the tip of my cock peek out of its sheath.

She pushed open the door, and walked over to a vacant stall (there didn't seem to be anyone in the bathroom) then locked the door. We were standing in the stall together, and I was shaking like mad

She smiled

"On your knees"

What? What did she have in mind here..

I knelt, and I could see up her skirt.. black lace..

Then she lifted it slightly, and I turned red.. she pulled her panties down and let them drop to her ankles.. I could see her clean, wet, perfect pussy.. was this really happening?

She grabbed my hair, and stuffed my muzzle between her legs

"Lick."

I immediately obliged.. is this what sex is supposed to be like? My hair hurts.. am I no longer a virgin? Her pussy tasted funny.. like fish.. it was kind of good though. She was really wet down there.. and she was hardly letting me breathe.. sex is kind of rough I think? Is this weird?

Then she started quivering and making funny noises.. she bent over a little and grabbed my head with both hands.. I think she was moaning

Then suddenly she stopped moving.. she paused for some time before finally letting my head go.. I reeled back and coughed, wiping my muzzle with my sleeve

“Yes. You're perfect. I want you to drink this.”

She reached into her skirt pocket and pulled out a little plastic container.. it looked like it came out of the science room.. there was a bunch of white inside. She handed it to me.

I looked up at her, holding onto the little container.

“Well drink it!”

I frowned.. what was it? She did take my virginity though.. maybe I should do it for her. I unscrewed the top and raised it to my mouth. It kind of smelled like salty something.. it was familiar.. I drank it.. it was thick and funny tasting.. I could hardly get it down

“Good. You're going to be great sweetie. Whenever I tell you to do something, you do it. No questions. Got it?”

I was a little shocked.. I didn't really know how to answer.. were we dating now? Most guys probably do things for their girlfriends..

“Yes.”

She unlocked the stall and left without a word. I sat there on my knees in the womans restroom trying to figure out what had just happened

I thought about nothing else until I got home.. so she really likes me! She called me sweetie. That sounds like a name for a boyfriend or a husband! This was so awesome.. its like a dream come true.

I got into my room and the more I thought about her.. the hornier I got.. I let my pants and shirt slide off and found my sheath had already swollen.. The tip emerged, and I rubbed the soft wet redness with one digit.. it slowly creeped out and rubbing turned into stroking.. It wasn't long before it was fully hard. Do girls like big ones? I looked around for a ruler, then placed it up against my dick. 6.8 inches. I continued to stroke it as I powered up my computer.. I got onto the internet to find average sizes.. 6.8 was big! I hope she loves this.. I cant wait to feel this up against her gorgeous pussy.. 'ohh yess its so big!' I can practically hear her squeal.. I prematurely came at the thought

The next day in Math, Pearl kept turning around and looking at me.. she even adjusted her skirt slightly so I could make out her beautiful heart shaped butt.. my sheath got big, and I tried to not touch it.. but she's so hot! It didn't get fully hard thankfully.. it would have been too embarrassing.

After class she came up to me grinning..

“We're going to prepare you for the baseball team.”

“Huh?”

was this all really about the baseball team? Were we not dating? I felt a little heartbroken

“Come sweetie, we need to get you ready!”

Sweetie.. I smiled.. what did she have in store?

She brought me over to a janitors closet.. it was unlocked. She looked around to make sure no one was spying before we went in. She locked the door.

“Knees.”

I thought maybe we would do something different this time.. but I want to make her happy..

She grabbed my hair again and stuffed me in her crotch.. she didn't remove her panties this time.. they were sopping wet.. black thong.

I parted it with my tongue and lapped at her pussy lips.. she started quivering again but this time wanted me to keep going.. she quivered like that a few times before finally letting my head go

She panted and pulled up her panties..

“I stashed this in here for you sweety.. drink up”

She pulled a water bottle full of the white stuff off a shelf and handed it to me. What was this stuff? It wasn't particularly tasty..

I unscrewed the cap and started gulping.. this one wasn't as bad.. still kind of hard to get down, and very salty..

“You know sweety.. the boys of this school aren't like any others. Theres something special about this school..”

What did she mean by that?

“Do you know what you're drinking?”

I paused “Not really..”

“Good we will keep it that way. Just know that it has a special touch, and you wont find it anywhere but here and here”

She pointed to herself, and then to a loose baseball flier on the floor

What the hell was she talking about? The last bit of the white stuff was probably the easiest to get down, and didn't taste all that bad.

“Keep me updated on your changes sweety.”

Changes?

She opened the door and left me on my knees

When I got undressed to shower, I noticed something kind of odd.. My fur seems really smooth today.. just touching it kind of made me.. horny?

I looked at myself in the mirror.. as I was touching my fur, I was in kind of a girly pose.. I stopped making it immediately.

My cock was halfway out of its sheath already.. maybe measurements are different from day to day? I was pretty horny right now, so maybe it is a little extra swollen today! Pearl would be super impressed. I found the ruler and measured.. 6.5.. huh. I felt super horny, but it wasn't all that hard after all I guess.. horniness is all mental after all I took a shower and fapped while I was in it.. I fapped to the thought of licking Pearls pussy today, and came quickly

Pearl showed up right after class again and handed me another bottle..

“We're going to the bathroom again. And today's bottle is concentrated, so make sure to tell me how it works.”

She dragged me into the bathroom again, locked the stall, and stuffed my head between her legs again.. I'm starting to really like sex.. I don't know what I was thinking before..

I downed the bottle afterward, and rather quickly. I think I was starting to get used to the stuff.. tasted kind of good.

“Well?”

I coughed a little “I dunno.. this one was pretty good..”

She grinned.. wide..

“Good ill get you plenty more like it”
She left without another word

I was exhausted when I got home and vowed to take a shower the next morning.
I woke up, stripped, and headed for the bathroom.. as I walked by the mirror I noticed something odd..
All of my muscle definition had gone. I looked smooth and.. girly? I cant think of a better way to
describe it.. I just looked slim and without muscle definition, with a smooth coat of fur. I ignored it..
probably eat more protein today..

the day went as usual, Peal and I had some great sex in the bathroom again, and I downed another of
her weird bottles.

“Any changes?”

“What do you mean?”

“Like physically..”

I thought about what I saw this morning in the mirror

“Well I guess I don’t have as much muscle definition as I used to..”

She smiled

“Good.”

Good? Why was that good..

“And down there?”

She pointed at my crotch..

Oh man.. maybe we are finally going to do it that way! I unbuttoned my pants

“Yes, get it hard for mama.”

Mama? I was so excited about finally doing it that way that I was hard almost instantly.. my cock
fopped out of its sheath and grew to full attention in seconds.. I was still kneeling there before her, and
fully erect.

“Hmm.. it looks..”

She seemed dissatisfied..

“Here, this should fix it.. meet me outside the boys locker room.”

She dashed out of the bathroom.. how was I supposed to follow her like this? I needed to make this
thing go away.. but it wouldn’t go down!

I resolved to rubbing one out quickly.. I tried to jerk it to the thought of the sex we just had, but I
wasn’t cumming quick enough..

I thought my pants were a little constricting.. maybe ill pull them down and it will be easier..

The sensation of my pants pulling down across my butt felt really good.. My dick stood at full
attention.. I tried doing it again – I pulled my pants up, and then pulled them down, letting the
waistband caress my butt..

I had no idea that would feel so good! I did it once more and came abruptly.. way before I thought I
would.. it splattered all over the front of the stall and a little went out underneath the door. I was
incredibly embarrassed and cleaned it up while my dick went down.

I met Pearl outside the locker room, and she had a bottle in her hand, standing right next to the door.

“Here. This should fix your problem downstairs.”

She left without another word.

I got home, and pondered what she meant by that.. was it not big enough? It was well above average..
but I wanted to do anything I could to please Pearl. I downed it quickly.. this one tasted really

concentrated.. it was kind of delicious! I took a shower, but found myself fully erect without any stimulation.. I tried rubbing one out, but remembered the awesomeness of the waistband against my butt.. so I grabbed my butt flesh and kneaded it, and came quickly.

The next morning as I was getting dressed I noticed that my belly looked really smooth.. I walked over to the mirror and noticed that my belly wasn't the only thing that changed. My legs looked smooth and beautiful, and my hips looked a little wider than before.. my belly (and really my entire upper torso) looked smooth and girly too.. my shoulders looked a little less wide than before. My face looked a little bit girly too.. and my hair looked like it had grown longer overnight!
This was all very strange, and I wanted to examine more, but I had to get to class..

After class, as usual, Pearl pulled me aside. We went into the janitors closet, and she asked if I had any changes, as she pulled her purple lace panties around her ankles
“Well I think I've lost weight or something. My features look a little.. uh.. girly?”
She grinned.. maybe she likes men that look like girls? That seemed odd, but I hardly cared, because she's my girlfriend!
“Good sweetie, good.. now lick”

She gave me two doses, just like last time, but when I took the one from next to the locker room, she asked me if I had any changes down there. I told her I'd find out as soon as I got home.
When I got home I was already hard. Since now I had two ultra concentrated bottles from next to the locker room, I had to be at least 8 inches by now!
I pulled my pants down, and my cock flopped out.. I measured and found.. 5 inches
What?
I felt really funny.. In fact I had felt funny ever since that last bottle.. I was upset and queezy.. I decided I'd deal with it in the morning.

The next morning I looked at myself in the mirror and measured.. my hips had gotten wider overnight.. and my butt had gotten bigger, and looked a little heart shaped.. my legs were indistinguishable from a girls, as were my stomach and arms.. my shoulders were now below the average man's width.. they looked girly.. my face was basically androgynous.. and my hair was at least 2 inches longer. But the most starting and uncomfortable discovery was my dick.. I measured it at 4 inches.. what was Pearl going to think??

At school Pearl teased me a lot more than usual in class.. she sat right in front of me and lifted her skirt so that I could see what color her panties were (red).. I was rock hard and near cumming by the end of class. I could hardly wait to lick her pussy today..

Pearl had a backpack with her today, and pulled me into the bathroom.. She locked the stall and set the backpack on the floor. She opened it to reveal a dildo and 3 bottles.. the bottles looked fresh – they were hastily closed, and there was white stuff around the cap and dripping all over.. what did she have in mind here?

“I want you to strip.”

There was no way she could find out how much smaller my dick had gotten.. I didn't want to refuse her though.. I decided to try to appease her by just licking her pussy as usual.. I got on my knees

“No nono..” she pushed me back

“I’m the boss here.”

She turned me around and bent me over the toilet.. she pulled my pants down over my sensitive but and big hips.. my ass was totally exposed to her.. I grew incredibly hard. Maybe she won’t notice the size from this angle? Maybe this is ok.. but what is she going to do?

I felt the tip of the dildo touching my pucker, and immediately recoiled.. I turned around only to have a bottle of white stuff already opened crammed in my mouth.

“No? Then drink.”

I gulped greedily.. I’ve never had anything in my butt before.. but this I’m used to.. why would she want to do something like that? Isn’t the boy supposed to be putting--

She raised the bottle into the air so I had to gulp even faster.. after I finished it I hardly had time to think before she crammed another down my throat.. I felt dizzy..

Maybe it was ok? She’s my girlfriend.. so I should just go with it.. maybe I’ll get to--

She parted my butt cheeks with the dildo.. and it felt.. good?

She slid it into my tight bum, and I felt my dick twitch.. it felt better than I thought it would

She slid it in and out for only a few minutes before I found myself cumming.. there was liquid being squirted up there too.. I hadn’t even touched my dick.. it was kind of humiliating.. but worse yet, as I came, I could feel a strange tightness in my dick, and I could literally feel it getting smaller.. I clutched at it as soon as I realized this, and could feel it getting smaller in my hand

“Oh! Doing girly things and being humiliated helps I see.. noted!”

I was so embarrassed. what did she mean??

She turned me around, and sat me on the floor

“let me look at you sweetie..”

She looked down at my body... this was so humiliating.. she could see my dick got smaller..

“Hmm.. tight waist, hourglass.. hips and but have gotten much bigger.. maybe an AA cup.. oh and this has gotten smaller”

She touched the tip of my dick with her index finger, and it spurted a little pre.. it was still hard..

“You are too cute.. and look! You finished all of your medicine”

All 3 bottles were empty.. she had put the third bottle into the squirt dildo and injected me with it. She tucked everything in her backpack, and then knelt down.. she kissed me on the lips! It was my first kiss..

After, she stared at me intently, then smiled and giggled before leaving.

I looked at myself in the mirror that night.. I was almost indistinguishable from a girl. If I didn’t have a 3 inch dick and gumball sized balls between my legs, no one would ever know. My chest had even swollen a little.. my nipples were bigger and more defined than before, and it looked like I had small boobs.. maybe an A cup

I wasn’t really distraught over all of this.. I really like Pearl, and if she likes this, then I guess I do too.. plus there’s something about being dominated by her that I really like..

“I have something different for you today sweetie..”

She dragged me over to the boys locker room

“Today is practice day, and the boys are all sweaty..”

She shoved me into the locker room, and began to tug at my clothes.. I resisted at first, but my mortification at what I thought was about to take place made me freeze..

Pearl stripped me down to my boxers, and then shouted 'all yours boys!' before leaving.

I looked around the locker room to find it filled with the baseball team – all species and sizes.. and in all stages of undressing..

Suddenly someone slapped me on my large butt

“Better hit the showers..”

The figure emerged from behind me.. it was a German shepherd man.. he was well built, and I found myself strangely attracted to him.. his smile was soothing..

.. and I saw that he was carrying a fat sheath and big testicles between his legs

I blushed slightly and tried to leave..

“Hey little girl, showers are this way.”

I turned around quickly “I’m not a girl!”

He was almost on top of me

“Really?”

He poked my swollen chest

“I uh...”

I could smell his manly scent, the whole thing made me blush

“Well I’ll be waiting in there for you..”

He walked away, and I could see a lot of the other boys in the room were rather intimidating looking..

the German shepherd seemed like my only ally.. I cautiously pulled my boxers down and started walking to the showers, making futile attempts to cover my chest and package

“Looks like her treatment is going well.. look at how her girly hands barely have anything to cover up down there!”

Many guys in the room chuckled.. I looked around to see lots of fat sheaths and thick veiny dicks.. I was flush.. this is way embarrassing.

I could feel my dick shrink a tiny bit, and I ran quicker into the steam filled room

I made a line directly to the German shepherd

“There you are.. looking good!”

I shied away and stood under the shower nozzle.

“So your friend Pearl..”

“She’s my girlfriend!”

I couldn’t believe I blurted it.. but when I did I left my chest and cock uncovered to clench my fists in anger

“Oh?”

He was looking down at my chest and dick..

“I imagine she sent you in here for more medicine..”

I was puzzled.. but his sheath started swelling.. I couldn’t help but watch as the tip eased out

“You’re pretty cute, you know..”

I blushed, but I was getting hard too.. fast

“I won’t force you.. but I know I won’t have to..”

He gestured toward my crotch, which was already fully erect.. standing proudly a little under 3 inches..

I was terribly embarrassed. but his cock was huge and almost fully erect..

I looked around the locker room to see other dicks getting hard.. there were onlookers..

He turned my face back to him.. “They don’t matter.. it’s just us.”

His cock was totally hard now.. it had to be at least 10 inches long, and I caught myself drooling.

I let my body take over, and I grabbed his cock.. I leaned up against the wall and guided his cock up to my ass.. he rubbed it between my butt cheeks and I could feel pre leaking like a faucet out of my own dick.

He slowly pushed it into my hole.. he was gentle but so enormous.. he waited for me to start moaning before he really started fucking me.. I came at least 3 times before he finally did.. then he escorted me out.. I saw that my cock had shrunk.. it was probably only 2 inches at this point, and my balls were

hardly there

Pearl found me in the hallway the next day, and she had a huge grin on her face

“You've been such a good pet.. what would you like to do?”

She was leaving it up to me? I wanted to fuck her badly..

I dragged her into the bathroom stall and locked the door.. I started to undress, and she followed suit..

she unbuttoned her shirt and unfastened her bra.. her tits were perfect.. when we were both naked, I sat down on the toilet and looked up at her.. her body was entirely flawless.. perky boobs, hourglass shape, dripping snatch..

“I want to fuck you.”

She started to giggle, but climbed on top of me and put her arm around my neck and back to ease herself onto my cock.. problem was.. it couldn't even get hard anymore! I was more horny than I've ever been before, but instead of growing erect, my tiny dick just leaked pre..

She ended up just slobbering pussy juice over my tiny flaccid dick in an attempt to get any pleasure out of it.. she rocked back and forth over it, attempting to go in and out..

“You think you can really fuck me with this little thing? Hahahahah”

She started to laugh, and I could feel my dick shrink a little more

“If it weren't you it wouldn't even be pleasurable. you're my little girly!”

I felt it shrink a little more.. she was fucking me, but I couldn't feel my balls underneath her... it was totally flat down there.. I wanted to cry

She saw my face twist up

“Aww baby... you're my special girl.. this is how I wanted it to be.. you're my girlfriend now sweetie.”

This.. this isn't how I expected it to go.. I could feel my chest swelling more.. her boobs were pressed up against mine, and as mine grew, they started fighting for space

“Ohhhh yess...”

She felt my penis getting smaller and my boobs growing.. she started cumming again and again

Eventually I came, but I didn't feel anything come out.. we reeled in ecstasy together before collapsing exhausted..

After a few more minutes she got off of me and stood there before me.. sweaty and beautiful as ever.

“Look.”

I looked down at my crotch to discover that my penis looked more like a clitoris, and was getting smaller before my eyes.. it receded a little more and sat cutely between my legs.. I touched it and noticed there was a slit between my legs

“ME FIRST!”

She ran out of the bathroom completely naked, and I sat there mortified.. she came back after a few seconds with her backpack, and yanked the dildo out of it.. she pressed it up against my new pussy lips.. she plunged it in and I could see her practically drooling.. It felt so good.. Is this what it feels like for all girls? I came countless times.. and it seems like every time I came my boobs grew a little larger.. by the end they were probably D cups

“You're my cute little vixen”

She kissed me deeply
