

Affectionate Dragon Security System

Zyyphelze: Nuzzles the human.

ilbv : blushes

ilbv: oh, hi there

Zyyphelze: Licks your cheek as a big dragon. Hello my little one~

ilbv: h-hi big guy

ilbv:*blushes*

Zyyphelze: I smile warmly. How is my human on this fine day?

ilbv:He is doing alright ^^; reaches up to pet your snout

Zyyphelze: I growl as you touch me and knock you over onto your bed, pinning you with my snout.

ilbv:ah!! easy easy easy! I didn't know....sorry....

ilbv:I wont d-do that again

ilbv:I d-don't have all your trust yet...I g-get it....sorry

Zyyphelze: I grab your shirt in my maw and tear it off, not listening to a word you're saying. I then press my tongue onto your belly, and slowly lick up to your neck, drenching my catch in saliva and warm breath.

ilbv:gah! ugghhyah

ilbv: wh-what are y-you doing?

Zyyphelze: I whisper on your neck. You're fine. I just wanted to lick ya. Snickers a bit and smiles as I press my nose on your forehead.

ilbv:y-you could have t-told me blushes and keeps my hands out to my sides, as far from your face as possible

Zyyphelze: I grin toothily and sharpen my gaze. Pet me.

ilbv:b-but what if I lose an arm?

Zyyphelze: I frown a bit and kiss your forehead. That will never happen. You have my word.

ilbv:gulp wh-where do you want to be petted?

Zypphelze: Tongue. I open my large maw in your face, displaying my soft, rounded tongue, dripping with saliva.

ilbv: blushes and winces as I put my trembling hand on it and start to pet it

Zypphelze: You feel how soft and warm my tongue is. As well as feel the gusts of air rushing at your face and warming you from my throat. Crawl in and pet deeper.

ilbv: o-okay

ilbv: *sits up and crawls onto his tongue, petting further back into his mouth and on his large tongue

Zypphelze: I close my mouth gently, being only a medium-sized dragon my throat is at your face, and my lips are a bit below your chest. I tilt my head up and make you squish in past my uvula and into my gullet.

ilbv: wriggles, mmmffff!!

ilbv: I squirm and try it slide out but being over the back of your tongue has hooked me in your throat

Zypphelze: I gently lick your tummy as it slides in, then your legs, and I slurp up your feet. Tilting my head up, you become a big throat bulge traveling down toward my belly.

ilbv: *feels you swallow and tries to stop my sliding but I cant get the strength and I fall downwards into your stomach

Zypphelze: You find that my stomach is juuuust long enough for you to lay down. But its very tight. My belly outside bulges out a good two or three feet with a shapely human form visible inside. Ahhh... Uuuurp!

ilbv: *feels the sag of my weight in the Dragon's stomach, contained within his stronger body

ilbv: I thought you wanted me to pet your tongue

Zypphelze: I saw someone outside. You just stay safe. I'll deal with this. You feel my warm tummy squeeze all around you protectively.

ilbv: *feels your stomach squeeze me and I wobble around as you move about

Zypphelze: I peek out the window and see someone trying to pick your lock. I open my mouth and shoot golden fire at them that knocks them harmlessly off their feet.

ilbv: feels you move around and feels a rush of heat from somewhere around me

ilbv: wh-whats happening?

Zyyphelze: I climb out the window and pin him under my paw. My pet lives here. If you come back again. Or try to hurt him, I won't hesitate to put you six feet underground. Get it? The thieving fox runs away after nodding.

ilbv:listens to your muffled speaking and only sways around as your belly moves

Zyyphelze: I climb back inside and lay on your bed, making it crunch a little as I pet my belly. its not safe for you outside. I'm keeping you in my belly.

ilbv:o-okay...*feels your large paws stroking over the form I make in your belly*

Zyyphelze: I lean down, you feel a little pressure on your tummy as I gingerly kiss it. I'll protect you human.

ilbv:I know you will, youre very protective

ilbv:*blushes as I feel him give me gentle loving affections

ilbv:c-can I do anything for you?

Zyyphelze: I nod and lick over your bulges. Enjoy yourself as much as you can.

ilbv:squirms inside you, for your own pleasure

Zyyphelze: I blush softly and poke my tongue through my draconic lips, watching as you move around inside and I rest a paw over you. Awwrr... what a sweet human. <

ilbv:*feels your heartbeat vibrations amidst the gurgling and bubbling of your stomach, your heavy paw rests over me and I get more squished and pressed down into your wall, warmly hugged there, belonging to you

Zyyphelze: I smile and lay back, ready for a snooze. Don't worry. Your body is used to mine now, at least more than it was. Your energy is gonna sap slower, and youll just fall asleep when youre out and you can rest safely <

ilbv:y-yeah, I figured it be something like that.

Zyyphelze: Smiles. Sorry. I cant stop the process. My body needs a lot of energy. But youre not in here to be food. Youre in there to be safe and protected. I only need to borrow some of your strength little one.

ilbv:You can have everything big guy, I belong to you remember?

Zyyphelze: I nuzzle my tummy. All I want is your happiness. Tastes better.

ilbv:blushes

ilbv:A lot of preds like the taste of fear

Zypphelze: Fear is apprehension. If I eat fear it fights me a little, and doesn't work as well. Compassion is essentially free energy I don't even need to process, so I prefer it =w=

ilbv:well alright

Zypphelze: I rub over you. Of course, there is an appeal to protecting another being. Feeling them move inside of you, so safe, and warm, and loved. Never letting them get hurt or scared~

ilbv:yeah ^^ Pike feels that way too

ilbv:when he is in his feral form

Zypphelze: Whom is Pike? Licks my chops.

ilbv:He's an Orca

Zypphelze: Oh, one of your friends? :D

ilbv:He is my Character actually, so yes in a way

ilbv:he is extremely protective of me whenever I'm near open water

Zypphelze: Aww, that's so sweet. Purrs happily. Guess im another in a long list of people like that!

ilbv:Oh stop :P

ilbv:Your matter very much to me

ilbv:everyone I know matters to me in a very special way that only they have

Zypphelze: That's very sweet. I like that :D

ilbv:so dont worry about competition <

ilbv:Besides, Pike is a character that lives out of my head, you live right now, an entire;y different being

ilbv:that in itself makes my friends amazingly important to me

Zypphelze: I get so touched I spit you up and cradle you in my arms, wrapping my wings around you and rubbing my head on yours.

ilbv:blushes very deeply as I get a good authentic Dragon hug <

ilbv:gosh youre a loveable sweetheart

Zypphelze: The dragon smiles and kisses your forehead, murring softly and letting you relax, surrounded in my arms and wings. And youre an adorable lovebug!

ilbv:yup I definalty think Ive bonded with you, you melt my heart

ilbv: blushes as he kisses my head gently

Zyyphelze: My heart is indestructible, but it does skip a beat or two when I hold ya close! I rest my head on yours gently, covering you in a nice dragon warmth.

ilbv: rubs your warm scaly chest and nuzzles into those cradling arms <

Zyyphelze: I grin. Ive gotta go for a bit. Sadly draggie has errands to run, and work to do. Ill see you soon buddy? :D

ilbv: of course <

ilbv: have a nice day

ilbv: I really do enjoy you big guy, you are amazing and my heart leaps for you

Zyyphelze: I toss you up in the air and catch you in my mouth, sending you back down into my belly, and your home. Then I lick my lips in utter bliss. Ahh, couldn't go without ya. Be good!

ilbv: s-sounds good snuggles in as he takes me away
