

Gryph and Peep

Irbisgreif

Devoid of thought, suppressed of brain,
And drooling on the bedroom floor,
The subby bird cannot complain
While gryphon uses his back-door.

Long nevvv tail waves back and forth
While gryphon cock a tail-star strains.
A peeper's butt can handle girth
When said peeper lacks any brains!

5

A willing dumb nevrean is easy
For a strong, smart gryphon to violate,
And even a drooling beak is cheepy
With a gryph-cock rubbing a dumb prostate.

10

It's where Colin wants to be at
When Ryo's cock decides to splat!
