

The Dragon that Liked Hens

Irbisgreif

Every dragon wants to fuck a Gryph,
In particular one liked it if
 The gryph, with a wail
 Would hike up it's tail
And say, "Take me right on this cliff!"

Don't fear for the place of these calls
For if it ever came that he falls
 He'd fill the gryph's mound
 On the way to the ground.
(Lest he succumb to bird-caused blue balls.)
