

To a Friend I Want to Sleep With

Irbisgreif

I want to go and visit you, or have you come visit me,
Then I could show your smiling face how cuddly I can be.
 I'd grope your balls and fuck your snatch,
 You would be laying my eggs by the batch.
When I was done I'd collar you, and never set you free.

Then you'd be my pet always, and forever by my side.
Except of course, when I take you to bed for a 'ride.'
 I'd repurpose your mind; undo all inhibitions;
 Make you sultry, slutty, love exhibitions;
And beam at all times with pure submissive pride!
