

The River

Irbisgreif

Don't cross the bridge,
It's crazy there.
There's always drama in the air.
Stay on this ridge;
Stay on this side. 5
We'd best recluse away and hide.
Stock up the fridge,
The freezer too.
We'll stay here safe, I'll see you through.
Don't cross the bridge, stay on this side of the river. 10

Please stay astride;
Don't go across.
People join that play and get lost.
Just come inside.
Just have a drink. 15
It's not as big as you now think.
Stay here beside
Me, just us two.
Don't go across, please think it through.
Please stay astride, river bile hurts the liver. 20
