

Kage was cruising down Canada for a trip. Probably needed a break from all the Kaiju attacks back in Japan. Everything was going smoothly until he heard the ground shake. "Well," the night blight said, "That didn't last long." It only took 4 days to be free of Kaiju attacks. As people were running down the streets in terror, Kage looked to see what they were running from. It was a giant dark grey dragon-like monster with red eyebrows and a mane. It was Demon Lord Dragon, Batzz. "I heard of this

guy." Said Kage. "He belonged to that guy called Gao Mikado of Balle du Soleil. Wonder what he's doing here without him? And being big, no less." And then Batzz spoke in a booming tone:

"Where is Kage?"

"M-me?" Said Kage. "Oh boy. Guess I'm hiding again."

Unfortunately for the tiny night blight, Batzz had spotted him at such a tall height of almost 400 ft tall.

"There you are." Said the giant Batzz. Soon after, Batzz picks up Kage. The night blight trembled in fear. "Hehe, you look really cute for a micro."

"Th-thanks." Kage replied.

"Canada sure looks cute, doesn't it?" Batzz said.

"Um, yeah it does. What are you gonna do with it?"

"Oh, not much. Just a little bit of Destruction. >3"

"Ooooh, ok. I'd love to see that."

"Hehe, I knew you'd love that."

And with that, Batzz begin stepping on buildings, cars, and even micros. Everything in the dragon's path was crushed underneath his all powerful paws. Electric sparks even emitted with every stomp. "Hehe. Drum would love this."

"Yeah. This is cool."

"You wanna see something *really* cool?"

Electricity and thunder emit all over his butt as he bends down. Millions of micros are now in the crush zone.

Batzz had sat in the middle of the city, crushing everything under butt and causing massive shockwaves and EMP waves.

"Now those are some thunder thighs." Kage said. **"Hehe, yeah they are. Bahahaha!"** Batzz

laughed. Soon after, Batzz layed down on his back, crushing even more buildings in the process.

He then places Kage on his pecs. "Hehe, thanks big guy.

You're the best." Kage complimented. **"Anytime, little one."** Batzz replied. Kage then slept on one of the giant

dragon's pecs and Batzz
smothered him with his hand.
For such an arrogant dragon-like
Buddy Monster, he's been such a
gentle giant to Kage.

**"Gao is already out and about
with his wife and kids. Wait 'til I
tell his son's buddy, Gargantua
Dragon about this little cutie.
Hehe."**
