“damnit!” Blind said as he slapped the side of the bear shaped bottle above the pieces of toast.

“What is up dude?” Diamond asked as he walked into the kitchen, he had come to visit his buddy and had just woken up, smiling as Blind had made breakfast.

“Oh think im out of honey for the toast, thats all.” he gets a stool climbs on it to look in the back of his pantry “I gotta have more of it, your toast is ready by the way, better eat it before it gets cold” Blind said as Diamond nodded and set down at the kitchen counter, eating the honey toast and drinking his breakfast tea as he watches Blind pull various items from the pantry untill he suddenly shouts “AHA!” pulling another honey bottle, it looked a bit weird but the faded label did read “honey”

“this seems a little old but its probably fine” Blind said as he squeezed some out on his own toast and joined his buddy for breakfast.

breakfast was soon over and both guys head to the living room to just relax and play some video games.

it was a couple of hours later when blind started to feel a bit “unclean” and decides to try and fix it in the bathroom, exusing himself he leaves Diamond alone.

Once in the bathroom he tugs his foreskin back and starts to take a piss however the closer he comes to finishing his piss it started to feel weird, it was like thick? sticky? by the time he finishes there was just weird goop dripping from his member, it smelled sweet?

being a little freaked out Blind quickly puts his boxers and pants back on and joins his friend again in the living room.

he tried to not think about what odd thing he seen in the bathroom, maybe he can soon make a excuse to have a shower and just wash it off?

“sniff sniff” whats that smell? Diamon suddenly asks “smells really sweet?”

Blind gulps and blushes, "I uhm.. i uhm.."

Diamond comes closer to his friend and it doesn't take long to find the source of the smell, "dude what's that smell?" he asks as he was basically leaning over Blind's covered crotch.

Blind blushed deeply "okay uhm.. ill show you.. but don't freak out.. i don't know what happened ... maybe i leaked something during breakfast" -he unzips his jeans and tugs his member out, a big blob of golden colored goop falling of the tip of his member, he tugs his foreskin back showing the shiny head covered in it.

"wow. dude...." diamond blushes and couldnt help himself he leaned a bit closer and sniffed, "that smells amazing"

"uhm... thanks? but i should really get a sho. *gasp*" -he suddenly felt Diamond tongue licking over his member, starting to hungrily suck on him. "fuck.. dude.. s.. stop" Blind said but Diamond couldn't seem to get enough, he was swallowing a lot. like he was drinking something.

Blind wanted to push his buddy away but it felt so good, after a while he gave up and just set there as he let his tongue hang out the side of his mouth, Diamond seemed to be drinking mouthfull after mouthful of something from him and it wasnt cum but Blind didnt care it felt too good to make him stop.

He needed to relax more anyway, just enjoy it, take it easy. he doesnt even notice his ears starting to grow round and his tongoe growing longer.

he looked down at his buddy, did he look more yellow? meh it was probably the lighting.

Diamond kept sucking and swallowing, the fluid he was sucking of Blind's drooling cock was so good, so sweet. it was the best honey he ever tasted, and the more he kept sucking the more of that nice flavour filled him.

After what seems like a long time of the 2 just sitting there and having the honey flow of and in them Diamond start to feel a bit weird but he couldn't stop drinking, he ignored the fact his whole body started to feel sticky.

Blind in the meanwhile was just getting slow and relaxed, he not noticed his own skin turning sticky either but what should have been a bigger hint something was up were the big bear paws he had instead of hands.

Still he remained sitting there, lolling tongue coming out of his bearish muzzle and having his friend enjoy sucking on him

After what seems like a long time Blind finally felt his orgasm approach, he held Diamonds head with his big bearish claws as he pushes a little deeper, growling like the bear he had been becoming, however he lacked mass, he was rather a thin bear and it just didnt seem to fit his form.

As his buddy growled like a wild animal Diamond felt a extra jet of thick gooey honey fire into his eager mouth.

Diamond's whole body had become transparent by now, golden colored and sticky.

With the orgasm of his friend done he finally manages to regain some mental will power and pull away, gasping as the thin bear infront of him and then at his own odd goopy body.

he wanted to get up and scream but before he could the big arms of his now bear friend came down around him, pulling him into a tight hug, squeezing his shape a bit.

"Blind..s.. stop, you're squeezing too hard" Diamond grunts but the only reply he gets from Blind was a bearish grunt and a lick across his face with that wide flat tongue.

Another lick soon followed, and another, he could feel parts of him being licked up.

Blind was a very happy bear right now, he found a good supply of tasty honey, licking a few more times at Diamonds face before he turns him around and hugs him tight again,

"blind wh. what ar eyou doing!?" Diamond shouted but then moans hard as he felt the honey tongue of the bear slip into his hole.

The bear eagerly licking inside it, getting more of that honey filling out of his friend

Diamond moans as Blind licks, for a while it was like heaven but he soon realizes something was happening, feeling more and more of him disappear as his friend licked away at him, panic sets as he realizes his friend was consuming him? he tries kick at Blind but he simply takes a bit bite out of the leg shaped honey goop, swallowing it with a big gulp.

Blind was just being a relaxed bear having some lunch, licking and noming away at his friend. with each big bite or deep lick he felt his belly and frame fill up, turning that typical bear pear shape that a proper bear has.

Diamond was in full panic but there was no escape, soon Blind takes his last bite and he thinks he is done for, as the big bear gulps he feels weird, like he could suddenly seen from the perspective of blind, he could hear his thoughts, "hmm honey good"

Blind and Diamonds mind merging together as they form into one big bear made out of thick sticky honey. getting off their butt, shaking that tiny bear tail a bit as they head outside. "need more honey, more hugs"

They bump into a stranger on the street that was shocked to see the giant honey bear, a big lick caused him to start turning yellow already growing into a bear shape.

BlindDiamond was going to make a lot of more honey bears on his search for more tasty honey
