Austin sat down on Kaya and Fawks' couch with Fawks, making small talk while they waited for Kaya to get ready. He felt slightly uncomfortable, having borrowed a pair of Fawks' briefs for the evening, but Kaya said he'd need them unless he wanted to walk around with his shorts pointing up all night if he wanted to accompany her to the Red Light District to see what she did there.

"Nervous at all, Austin?" Asked Fawks, smiling at the jackal.

"Not really. Kaya said a friend of yours was coming over to keep me company when she couldn't. It's just these briefs of yours, they're kind of tight." Replied Austin, returning the smile.

There was a knock on the door and Fawks led in an otter. This otter's name must have been Kyle, but she didn't look like a "Kyle." She had long blood red hair and perky C-cups. Her skirt was almost as short as one of Kaya's. It wasn't until the otter spoke that he realized he was a boy. Austin was thankful for Fawks' undies, which kept him from poking right at the otterboy with his cock. Fawks gave Kyle a kiss on the cheek and introduced him to Austin.

"Kyle, this is Kaya's older brother Austin. Austin, this is our friend, Kyle. But for tonight he is Maria. He'll be escorting you around the Red Light District with Kaya tonight. Speaking of, here she is." Announced Fawks.

The three turned to look at the female jackal. She wore a camisole with little back to it and a short skirt to match Kyle's. Again, Austin was glad for Fawks' briefs to prevent an awkward erection. Kaya walked past Austin and gave Kyle a kiss. Then gave one to Fawks too before grabbing Austin by the paw and leading the jackals and otter out the door, to the train. One stop later they were in the Red Light District.

"We're going to go where I like to warm up first. I think Kyle has been there too: the erotic bookstore! They have a special room that will fit this situation perfectly." Said Kaya before walking off in one direction.

Kyle grabbed Austin's paw and lead him following his sister. Suddenly Austin felt nervous. He couldn't bring himself to look at the otter holding his paw. He felt sweaty and prayed his paw didn't get Kyle's wet. Kyle pulled Austin a bit harder to catch up to Kaya and the otter was brought into the guy jackal's view. Kyle had his tail raised and flashed his panties to Austin. The male jackal got a bit uncomfortable, his erection being kept in his sheath strained against his jeans.

"K-kyle. Your tail's up." Whispered Austin.

"Oh, damn." Mumbled Kyle, putting his tail down quickly. "Thanks, Austin. I owe you one."

Kyle gave Austin a wink and blew him a kiss. Austin blushed. Hard. Kaya opened the door to the bookstore for the two and Kyle lead him to the back. They saw a series of doors. Kaya grabbed the otter and jackal and lead them to the very end, opening a door for them. Kyle and Austin walked into the room. It had a couch and a TV, with two holes in the wall around waist height. Kaya grabbed Kyle and positioned him at one and took her place at the other. Kaya put two fingers through the hole in front of her and Kyle followed suit. Austin stood behind the pair, watching intently.

Soon enough they heard two doors close and two cocks were put through the holes into the room. Kyle got a nice canine cock that looked a little like Austin's and Kaya got a fat cut cock. Immediately Kyle and Kaya went to work on these cocks. Austin watched Kyle's lips move over the canine's penis, and daydreamed about it being his cock instead. It didn't take much time before the two got a mouthful of cum and the cocks pulled out of the holes. They were replaced by two short uncut cocks, and the otter and jackal went down on those too. Kyle did something special and his cock came first. The otter swallowed and looked back at Austin. The boyjackal looked strained due to his tight undies. Kyle smiled at him and Austin blushed again. Kyle turned around and went to work on the thick uncut cock that had replaced the short one. Kaya got a mouthful and took several long gulps as she swallowed the load. An hour later no more cocks came through the holes and Kaya got up.

"On to the next place, the adult movie theater!" Smiled Kaya.

Kaya grabbed Austin's paw and Kyle followed behind. Once they were out of the booth a group of guys clapped for the pair. Austin blushed even more and stood aside while Kyle and Kaya took a bow and shook hands. When they were out in the cool air Austin felt relieved. Soon they were back inside. Kyle lead Austin into the theater while Kaya got ready for her show. When they got into the theater the screen had a bukkake scene on it. Kyle lead Austin down a row and the two sat down.

"If you don't wanna save it for later you can take now as a chance to get off really quick. I won't tell if you'd rather do it now." Whispered Kyle to Austin

Austin almost didn't ask, but decided "screw it" and took a chance. "Well, if you still owe me could you suck me off?"

Austin saw Kyle's expression in the glow of the screen, he was surprised. But that look of surprise soon faded and the otter weaseled his paws over the jackal's lap. Kyle undid Austin's belt and revealed Fawks' slightly bulged and pre soaked undies. The otter giggled and pulled them down. As soon as he did the jackal's cock slipped out of his sheath, having been held back for over an hour. Austin gasped when his dick was finally free and let out a sigh of relief. Kyle looked at the knotted penis with reverence.

When nothing happened after a minute Austin looked at Kyle just in time to see him lick his chops before leaning down and taking the tip of the jackal's cock in his maw. Kyle swirled his tongue around Austin's tip before sliding further down on the canine cock

until otter lips touched jackal knot. Austin rested a paw on the back of Kyle's head, careful not to shift his wig, and the otter bobbed on his knotty cock. The boyott slipped a paw down the back of Austin's shorts at rubbed at his tailhole before sliding a finger in to tease his prostate. Kyle bobbed faster and faster, taking the jackal's cock in his throat. Austin felt his balls well up and a few seconds later he fired off in Kyle's maw as the otter pulled back to swirl his tongue around Austin's cock tip again, ensuring he got a mouthful of semen. Moments after he was finished cumming the lights went up and Kyle lifted himself off Austin's lap.

"It's time for the show!" Cheered Kyle.

The otter grabbed Austin's paw right after his cock was put away and lead the jackal to the front of the theater. Austin looked around, an assortment of guys of many different species were jerking off, but no one was cumming. Kaya walked to the center of them and pulled Austin towards her. "Want to help me strip down to my panties?" Asked Kaya

Austin's paws trembled. He took off his sister's shirt and bra and looked at Kyle for moral support. But the otter had his cock out with the rest of the guys and was sliding his foreskin over his cock head slowly. Austin swallowed a lump in his throat and knelt down, pulling off Kaya's skirt to reveal satin red panties. Austin felt Fawks' undies get tighter again. The male jackal quickly gathered all of Kaya's clothes and stepped back towards the masturbating otter. Austin put the clothes on the seat behind him and watched as one guy quickly walked up to Kaya, groaned, and oozed a heavy load on her face. Then, another walked up and shot a thick load on her back. Guy after guy gave his sister a creamy accolade and he felt he had to too. Undoing his pants and dropping his undies enough to reveal his cock, the jackal stroked himself quickly.

Austin and Kyle stood next to each other masturbating and watching Kaya get slowly more covered. They both knew what happened when Kaya and Kyle first met, but this was just a bukkake. Austin was lost in thought, not focusing on what he should, but that trance was broken when Kyle rushed forward. Not knowing his next chance to see such a cute otter cum, Austin rushed forward with Kyle and jerked. Kaya opened her mouth in her brother's direction, awaiting a treat. As soon as he saw Kyle's thick load fall on his sister's face he was blown over the edge and started cumming in Kaya's open mouth. Kaya closed her mouth and swallowed, leaving her companions to step back and take a seat to watch the rest of her cum bath. Once the last guy shot off and left Kaya walked to a nearby seat and grabbed a towel that a nice fur had left her. She toweled off and the three retreated to the Women's Room for her to clean off better.

On the train ride home Austin sat next to Kyle. He desperately wanted to hold his paw again, but he hadn't been attracted to a guy before, he didn't want to only like him while he was cross dressing. The otter said goodbye to the jackals and as the train pulled away he thought of Austin. He was pretty interesting. Once he got above ground he pulled out his phone and dialed Jean's number. "Hey sis, I met the cutest guy tonight..."
