Austin and Kyle sat on the subway with their paws in their laps, Austin holding his sheath and Kyle holding his dick. Both of the furs really really had to pee, just as Xeila had instructed. When they arrived in the Red Light District they quickly met with the folfess, both Austin and Kyle doing a small dance to illustrate how much they had to go.

“Are my pets ready for a walk?” Asked Xeila, grinning.

“Yes!” Replied Kyle and Austin, in unison.

Xeila led hir pets slowly to the namless park with a bag at hir side. Once they arrived at the entrance, shi told her pets to strip and get on their knees. Once Kyle and Austin were on their knees and naked, Xeila went into hir bag, and brought out leashes and collars. After putting a collar and leash on each of hir pets, she spelled out the rules.

“Well, my pets, here are the rules. I know you both really have to go, but you will only let loose when I say you can, if you can’t hold on I will punish you. No speaking either, pets can’t talk. Got it?” Asked Xeila, smiling sweetly. Neither Austin or Kyle spoke, so they went on their way.

As Kyle walked around on his paws an knees next to Austin, he couldn’t help but think how everything and every place looked like the perfect place to pee. He knew he couldn’t last much longer, but also that Austin probably was reeling too. They walked around for 20 minutes, deep into the park before Xeila spoke. Both Austin and Kyle earperked hopefully when shi cleared hir voice.

“Austin, go water that tree for me.” Spoke Xeila, strictly.

Austin walked over carefully on his paws and knees to the tree and lifted one leg like a good dog. Kyle tried not to listen, but heard Austin sigh with relief before he heard a piddling sound that was Austin unloading on the tree. Xeila smiled as hir pet did good, and a few minutes later when the jackal was empty they continued on, but this time with Austin sporting an erection from his troubles.

Xeila led them around for another half hour before Kyle couldn’t wait anymore. Not wanting to break his mistress’ rules too much and not having the time Kyle stimpily stopped walking. Xeila felt his leash go taught, but before shi could turn around to speak shi heard the sound of the otter wetting himself. Kyle looked miserable, not even able to lift his leg he just sat on the ground as a wet puddle expanded around him on the path. Austin watched his boyfriend peeing and his erection throbbed, causing some pre to drip on the path. After a few minutes when he was finished Kyle folded his ears as his mistress approached him.

“Now you must be punished.” Smiled Xeila. “I hope your boyfriend’s knot has prepped

you well, you're going to take mine now. Come on, boys."

Kyle looked at his mistress with a "You've got to be kidding me" look and Austin just hoped he'd get a turn too. Xeila led them to the nearest little enclave shi knew for some privacy and dropped the leashes. Turning to hir pets, shi gave the command: "Austin, why don't you loosen up your boyfriend, I can at least do him that favor." Then, shi stripped down to watch the show.

Still true to their pet identities today, Kyle didn't stand up or lie on his back, and simply turned towards Austin, lifted his tail in the air, and shook his rump at the jackal. Austin needed no more goading and mounted his boyfriend like a dog would, glad that Kyle had decided to lube up his tailhole before they left this morning. Sliding into his boyfriend up to his knot, the jackal knew better than to tie the otter this time, and just thrust into him the best he could without not appearing pet-like.

Hoping to hurry things up (and because shi had to go) Xeila walked up to the fucking males and aimed hir cock at the two, letting loose a forceful stream of pee on hir pets. That was all Austin needed, and soon he shot off a heavy load into his boyfriend. Kyle let out a groan as he felt his insides turn hot and his outside warmed up under Xeila's shower. After a minute or two of slumping forward on his boyfriend, Austin pulled off and walked like a pet to the side, waiting for Xeila to take over.

Xeila had finished unleashing a torrent of urine on hir pets shortly before Austin pulled off Kyle, and took the jackal's place, placing hir cock head at the otter's entrance. "I hope you're ready for your punishment, Kyle. This'll be worse than a spanking, I assure you."

Kyle braced himself as Xeila slid in, suddenly feeling for his sister, who he had watched take this cock. Kyle felt cock in parts of him that he had never felt cock before, and aside of the need to get used to it, he felt pleasure most of all. Xeila gripped Kyle's rump cheeks and fucked the otter with no holding back, hir knot slamming the poor mustelid's tailhole with each thrust. Austin sat to the side and watched Kyle's face turn from pained to fighting back an orgasm rather quickly.

Soon after that Kyle's tailhole spasmed around the folfess' cock and rhythmically clenched over it as dozens of sticky cumshots fell from the otter's cock. Thinking quickly, Austin placed his muzzle over the otter's cock for a drink. Taking hir chance, Xeila thrust hir well endowed cock into the otter hard enough for hir knot to pop in, and again Kyle felt his insides warm up. The only thing that stopped Kyle from collapsing was the desire not to fall on his boyfriend, but his stomach bulged and nudged the jackal's muzzle anyway.

Once the otter's balls were empty Austin came up for air and watched Xeila cum into his boyfriend. The folfess reached over to the jackal as shi was cumming and petted Austin tenderly, glad the canine took the opportunity to get such a big drink from the otter. They sat in silence, after Xeila finished cumming, waiting for hir knot to deflate. Once shi pulled out a river of cum fell from Kyle's stretched rump, and the otter fell over. After the

river drained to a trickle Xeila got dressed and took the leashes.

"I'd say it's time to take you back to get your clothes!" Smiled the folfess. As they walked back they passed by the tree Austin had watered and Austin's line went taught. Xeila looked back and saw the jackal pointing his nose at the tree.

"Gotta pee again, Austin?" Asked Xeila.

Austin nodded.

"Do it on Kyle, he hasn't been punished enough. Kyle, on your back, show your belly." Stated Xeila.

Not wanting to be punished again the otter did as he was told, holding his legs in the air the otter laid on his back. Not waiting, Austin walked next to the otter and lifted his leg, drizzling his boyfriend's belly with piss. Once he had finished Kyle shook as best he could to get rid on the liquid and they walked back to the park entrance to retrieve their clothes. Xeila took off the collars and the former pets dressed quickly.

"You were good pets, we should do this again." Smiled Xeila.

"Even though I didn't wait for you to let me pee?" Asked Kyle, a little shocked at a positive review.

"Oh Kyle." Xeila shook hir head. "You didn't expect me to agree to be your mistress today and not take advantage of the situation. I never was gonna stop, I was just waiting for you to wet yourself. Anyway, bye boys, until next time." Winked Xeila, departing.

Kyle watched hir go, his mouth open. Austin patted Kyle on the back and gave him a kiss on the cheek. The two left the park soon after and boarded the train, stopping off at the next stop so they could shower at Kaya and Fawks' apartment.
