It was summertime and the otter parents were away. While this would normally mean a party there would be none in the otter house. While Kyle and Jean were left to house sit, it was time for Jean's heat. While this would normally be good news for Kyle, Jean didn't like having sex with her brother during her heat. Kyle reflected on all of this while sitting on the couch with his boyfriend, Austin. Jean had confined herself to her room, not wishing to be bothered. Kyle was just starting to get comfy when there was a knock on the door.

When he went to answer it was none other than his old college professor, Professor Snoshade.

"W-what are you doing here, professor?" Questioned Kyle, a bit startled by his presence.

"Your sister asked for me, she said there's something only I could do, so she begged me to save up a load for a few days and stop by. Her room is the first door on the left upstairs, right Kyle?" Explained Xeila, making his entrance.

Kyle was at a loss for words as to why she was in his home, but knew better than to question Jean during her heat. Going back to the living room he rejoined Austin, who had a question.

"I don't get it, so Jean's birth control doesn't stop her from going into heat?" Asked the jackal.

"She goes into heat less, but it just makes it worse when she does go into heat. Maybe Profe... Xeila can help her out in a way I can't." Shrugged Kyle.

Xeila got to the top of the stairs and didn't even have to knock. Jean's door opened and she pulled in the folfess, slamming the door behind him. It was obvious she was in heat and only barely hanging on to her courtesy. She was only in a pair of panties, and the scent of her along with the view led the folfess to have a bulge in his pants.

"So, why did you ask me here, Jean?" Asked Xeila.

"I want you to breed me. Please, fill me with a load from those orbs so I can bear your puppies!" Cried Jean, and not wasting any time she pulled off her panties and presented her dripping pussy to the folfess.

Seeing no reason to deny the otter she lead Jean to her bed and laid her down. Then, stripping off his clothes, joined the ott in it. Placing the tip of his large cock at the otter's entrance, the folfess knew she'd need no prepping and slid in up to her knot. Jean let out a loud moan and cried. "Yes! Please shove that knot into me so none of that wonderful seed escapes my womb and I can get pregnant with your cum!"

Professor Snoshade thrust into Jean, slapping his knot against the otter's pussy lips. The weight of his thrusts caused the bed to creak and shake, allowing for Kyle and Austin to hear downstairs. Austin looked at Kyle and saw a bulge in his shorts. No longer watching their movie, the jackal slipped between the otter's legs and cradled his junk through the otter's shorts. "You know, I haven't tasted your cum since our first date."

Kyle, happy to oblige his boyfriend's curiosity, unzipped his fly and pulled out his cock. The jackal immediately worked on giving his first blowjob, covering his teeth and bobbing on the otter's cock. Kyle petted Austin to show he was doing a good job, then leaned back and listened to his sister's moans upstairs.

Once Jean felt Xeila trying to mash his knot into her slit, she groaned and begged the folfess. "Please, I want to have your puppies, fill my womb with your cum until it stretches like the last time."

Xeila, not needing any more reason, popped his knot into the otter and started flooding her pussy with his saved up load. Just like Jean wanted, her womb started to stretch and inflate under the barrage of folfess cum that Xeila was shooting into her. Jean hissed "Yes~" and kissed her lovely mistress. The otter slipped her paw between her legs and only had to give her clit a small touch before she erupted into an orgasm and squirted Xeila's tummy and emptying balls with girlcum.

Kyle, hearing his sister cum couldn't hold on any longer and filled his boyfriend's maw with spoo. However, it was too much for the poor jackal and the mess dripped from his overflowing maw onto his shirt. Austin swallowed all he could and coughed, looking up at his otter. "That was a lot of cum!"

"Sorry, hon." Apologized Kyle.

Austin took his place on the couch again and half an hour later Xeila came downstairs, looking proud of herself.

"Did Jean ask for you to inseminate her?" Asked Kyle, knowing full well she'd want that.

"Yeah, but I thought she was on the pill or something." Replied Xeila, looking for the kitchen.

"She is, I think it was roleplaying. The kitchen is through that door, help yourself to a drink." Said Kyle.

"I need one after cumming that much." Quipped Xeila as she went into the kitchen.

"If she came a lot for him you're going to be washing Jean's sheets." Nudged Austin to his boyfriend.

"I know." Facepawed the boyott.

Xeila plopped down on the couch and watched the rest of the movie before leaving home. It was an enjoyable evening for all.
