

Fawks belongs to <http://www.furaffinity.net/user/tinyfawks>

Kaya woke up late, at 11 am. Looking at the clock, she cursed under her breath. Quickly getting out of bed, she looked at Fawks still sleeping. Everyone got off work for Sibling's Day, but Fawks didn't have a sibling, so he just stayed in bed all day. Kaya did her hair up in a ponytail and quickly got dressed, rushing out of the room, she was happy to see Austin was ready.

"I overslept, we have to hurry if we're going to make our reservation." Said Kaya, still rushing.

"Why don't we skip it? Just stay here and fuck on the couch." Suggested Austin.

"Austin, honey, I had to make this reservation a year ago to get it. We're not missing it." Replied Kaya, grabbing her brother and heading out the door.

The two got on the train, it was cool in the car and they saw other pairs of siblings on the train, holding paws and cuddling. Austin watched a pair of red pandas and smiled.

"You know, when you told me to stay over the night before I thought we were gonna start celebrating our first Sibling's Day as lovers early." Whispered Austin to Kaya.

Kaya grinned. "Nope, I just wanted to make sure you didn't jerk off for awhile, you're going to need a big load for brunch."

"What do you mean, sis?" Asked Austin, a little nervous.

One stop later everyone got off. The crowd headed towards the adult theater, but Kaya pulled Austin down a little side street until they found a café named "The Secret Ingredient." The two headed in and found it to be packed. A fox greeted them at the door.

"Welcome to The Secret Ingredient. If you'll just follow me we'll go collect the ingredients from you." Smiled the fox cordially.

"Thanks. If you don't mind we'll share a room and use each others ingredients." Responded Kaya.

"As you wish." Winked the fox as he led them to the back, to a room that was a tight fit for two people but room enough for its purpose. The fox provided each of them with a glass and a bottle of lube and shut the door behind him. Austin had no clue what to do and turned to Kaya, but she was already naked from the waste down, with her panties at her knees. Next, Kaya unbuttoned her brother's pants and pulled his sheath out of his undies.

"I didn't bring any ingredients, Kaya." Said Austin, still not getting it.

“Sure you did. The Secret Ingredient is the city’s foremost purveyor of semen based dishes.” Replied Kaya.

With that she began massaging Austin’s sheath with one paw, holding her glass with the other. The male jackal saw his sister’s cock lipsticking and applied some lube to his paw, then applied his paw to her cock. He stroked it until it was fully freed from her sheath and dripping into the cup. By now Austin’s cock was also fully out and dripping, so he quickly placed his cup under his cock tip. Kaya lubed up her paw and stroked her brother in time with his strokes on her length.

The two masturbated each other in silence, once in awhile grunting but not quite enough to cum. Kaya nudged her brother with her elbow and when he turned to look she kissed him. It didn’t take much after that for the siblings to fill their glasses with semen. Austin was so pent up he almost filled his glass but Kaya’s was overflowing by the time she was empty.

The pair put away their cocks and grabbed their glasses. When they opened the door they were greeted by that same fox, who had a tray and a few towels. Kaya blushed and apologized for the mess but the fox waved her off, saying they pay their janitor extra for cleaning that room. The fox went into the kitchen with their glasses of spoo and a bunny led them to their table. She took their now lubed up towels and left them with two menus and glasses of water.

“How did you find a place like this?” Asked Austin, a little shocked a place like this exists.

“If you pay close enough attention you can find anything you want in this city, bro.” Responded Kaya,

Austin was relieved that the menu items didn’t have cheesy names and Kaya was happy her brother was willing to eat food made with her semen. They both studied the menu for awhile, with Austin deciding on a stack of red velvet pancakes and Kaya settling on the quiche. The bunny returned and took their orders and about 15 minutes later they had their food.

Austin was hesitant. It looked delicious but it was made with his sister’s semen. He looked to Kaya who was taking her first bite. Her eyes widened and she wiped away a tear.

“You taste delicious, Austin.” Smiled Kaya.

After that Austin decided not to be a wimp and ate it. He poured the suspiciously creamy looking syrup on his pancakes and took his first bite. It was like nothing he had ever eaten before and it tasted magnificent.

“You taste amazing too, Kaya.” Responded Austin.

The two ate in silence, too transfixed by the amazing food to want to stop eating. Once the plates were clean and water glasses empty the fox returned with a few to-go cups.

"Here's the remainder of what's left from your contributions. The gentleman's has a male symbol, the lady's has a female symbol." Bowed the fox, pretty classy for giving them two styrofoam cups of semen and their bill.

"What should we do with it?" Asked Kaya, fetching her purse.

"Give Fawks a blind taste test as to what is yours and what is mine?" Suggested Austin, fetching his wallet.

"That's delightfully crude. I love it." Grinned Kaya, leaving money for her food and a tip.

Austin left his share and grabbed the cups. The two made plans for it as they walked to the train. When they got home they would pour each of their loads into shot glasses and let Fawks have a taste, if he could pick right he'd be rewarded, if wrong he'd be punished. After laughing about it on the train ride home they arrived at Fawks' and Kaya's apartment. Fawks was at the kitchen table.

"Hey Fawks, up for a challenge?" Said Kaya, sweetly.

"Sure, what's up?" Asked Fawks, earperking.

"We have some cum left over from brunch. You're gonna taste both of our loads and tell us which is mine and which is Austin's." Replied Kaya.

"Okay, what do I get if I guess right?" Said Fawks, a bit sterner.

"You get to be "punished" until you've cum four times." Responded Austin.

"And if I guess wrong?" Asked Fawks.

"A sheath cage and you have to watch Austin fuck me on our bed." Said Kaya.

Fawks thought a minute before agreeing to it. Austin went to the kitchen to prepare their loads in identical shot glasses, slurping up the rest of his sister's cum from the styrofoam cup. Bringing them to the table, Austin set them in front of Fawks. The fennec took a sip of Austin's and made a face, like it was too bitter for him. After that he took a sip of Kaya's and then downed the rest of it. After thinking for awhile he made his judgement.

"The one I finished is Austin, the bitter one was Kaya's because of all that coffee you drink, hon." Claimed Fawks.

Austin grinned. "Nope, I'm the bitter one, I love coffee and beer."

Fawks folded his ears and looked at Kaya. The female jackal ran and fetched the sheath cage. Pulling down Fawks' pajamas and undies, she affixed the cage, then grabbed Austin's paw and took him to the bedroom. Fawks meekly followed behind, taking off his clothes in the process. When he got to his room he found the siblings kissing.

As soon as the fennec entered the room Austin pushed his sister back on the bed and undressed her. Then, not bothering to undress himself, simply unbuttoned his pants and pulled his cock through the flap in his boxers.

"Fawks, be a dear and get the lube." Requested Kaya.

Fawks got the lube from his bedside table and gave it to Kaya. The girljackal lubed up her tailhole, still plenty stretched from Fawks' last knotting. Austin lined up his cock with his sister's tailhole and slid in up to the knot. Austin moaned as he felt Kaya's tailhole clench around his cock. Kaya used her lubed up paw to grip her length, sliding her paw along it. Fawks moaned and whimpered, feeling himself being strained by the cage as he watched the jackal siblings have sex.

However, Kaya and Austin are pretty riled up from the situation and it wasn't long before Austin thrust a little too hard into his sister and knotted her tailhole, spilling a thick canine load into Kaya. When she felt her brother knot her she moaned loudly and started spurting cum all over her chest. It's a good thing she gave such a big load to the people at the café, because if she hadn't she'd have soaked herself instead of just coating her chest. When the two are done cumming Fawks is the first to speak up.

"So, can I get out of this cage yet?" Asked the fennec.

Kaya giggled. "Oh honey, I never said when you'd get out of that cage, did I?"

Fawks looked at Kaya with a defeated look on his face but didn't miss the sight of Austin pulling out of the fox's girlfriend. Cum poured out of the girljackal and Fawks whimpered again, his cock fighting hard to get out of its sheath but not having a chance of success. Austin flopped beside his sister lazily and Fawks went to get dressed.

"You're going to keep him locked up?" Asked Austin.

"I'll let him out soon, after I punish him a little for getting our little game wrong." Replied Kaya, looking up at the ceiling.

"We're both delightfully evil, aren't we?" Mused Austin.

"Seems that way." Responded Kaya. Laying back on the bed.
