

Sylvester laid in his hospital bed. Stuck in the hospital for observation of stomach pains is bad enough, but he had to have someone watching him. Being around a watcher 100% of the time left him feeling pent up, it didn't matter if they let him shower alone, they were right outside the curtain. His heart monitor beeped and beeped throughout the night, Sylvester had trouble sleeping on top of being horny nonstop. Staring at the TV in the corner of the room, time just dragged on slowly.

It wasn't until Saturday that he got a break, his dad and brother were paying him a visit. Once he saw the two of them it was a relief and a burden, he was happy to see them, but his cock decided to make itself known to the room. Tom grinned at their father. And Pops, looking in the direction of Sylvester's watcher, nodded.

Walking up to the woman, Pops immediately made smalltalk with his watcher, diverting her attention away from Sylvester.

"Hello there, ma'am! I wanna thank you for looking after my boy" Exclaimed Pops.

Meanwhile, Tom carefully shoved his paws under Sylvester's sheets, one paw gripping his uncut cock, the other gently cradling his balls. Sylvester did his best not to make any noise as Pops keep going on to make cover noise while Tom had his way with his brother. After short while, however, it became apparent Sylvester needed more if he wanted to cum, and no one paid attention to the heart monitor as it beeped a little faster.

"Say, can you show me to the cafeteria, ma'am? I think it's about time I got my son lunch." Asked Pops, realizing Tom and Sylvester needed more privacy. He quickly lead Sylvester's watcher out and shut the door. As soon as they were alone, Tom tossed aside his brother's sheets and gave his cock a lick. Sylvester shuddered and let out a gentle moan now that they had some privacy.

Tom took Sylvester's cock into his maw and took it as far as he could. Sylvester gently laid his paws on Tom's head as he bobbed on his cock. Sylvester felt himself getting closer and his grip on the back of Tom's head got tighter. The heart rate machine got faster as Sylvester got closer and closer to the edge until Sylvester gripped his brother's head and held him down as he shot his cum down Tom's throat.

The door to the room burst open and two nurses ran in to respond to the increased heart rate but Sylvester paid no mind, he just held Tom's head on his cock. Of course, Tom noticed and tried his best to alert his brother, so he started hitting his brother while the two nurses stared at the incestuous scene open mouthed. Once Sylvester actually looked and saw their audience he blushed and released Tom, but before the boys could explain the nurses started giggling. One set the machine to ignore the increased heart rate and the two left quickly, leaving the boys to stew in their embarrassment.

After a long silence Pops and the watcher returned with lunch. When Pops saw his boys' expression he burst out laughing, he knew exactly what happened. The visit was a normal hospital visit after that and the next day Sylvester was released. Which was good, because after that every member of the nursing staff would giggle at him when

they saw him.

Once the cat got home he flopped on his bed. He found it surprising he could miss a bed but he had missed his. Tom walked in the room and sat down next to his brother. The younger cat looked at the older one and smiled. Tom immediately dropped his pants and undies to show his hard cock and right away Sylvester got in position, taking his brother's cock in his maw and burying his nose in his brother's pubic fluff so the cat's dick enters Sylvester's throat.

Tom decided to test his brother's gag reflex and held his head, choosing to hump into it instead, his cock pulling out to rub against his tongue and thrust back into his throat. Sylvester has been trained well and took his brother's cock without issue. Deciding it was time to finish things and finally shoot the load he built up visiting Sylvester in the hospital, Tom had his brother lie on his back. The older cat straddled Sylvester's chest and slowly leaned forward to slide his cock into his younger brother's mouth.

Tom thrust fully into Sylvester's mouth until his balls slapped against his brother's chin, then fucked his younger brother's maw without restraint. Sylvester gripped his older brother's rump cheeks as the older cat felt the sap rising. Tom gripped the back of Sylvester's head and gave a few more ball slapping thrusts before draining those balls down the back of Sylvester's throat. Once Tom finished cumming the cats relaxed and flopped down on the bed, drained and sleeping next to each other.
