

The Soras and Kairis returned to the lovers' recreation center. Mermaid!Kairi shared the glass tub with merman!Sora. The bouncer saw them and was surprised to see that Kairi now had multiple look-alikes of her. The original Sora said to him, "There, we're all couples now. Can you let us in?"

The bouncer responded, "Eh, alright sure. Come on in." The couples went inside the building and paid their admissions. The cubs got in free since they were animals and animals typically did not have any munny on them. There, they did all kinds of fun activities. First, they had a swimming race in which the mermaids won easily due to their superior aquatic ability. The other couples congratulated them for it. Then they did some art in which the Halloween pair drew scary pictures and the toy couple made their own clay toys. At the kitchen, the Kairis taught the Soras how to bake as they worked with them and the monster couple made a monster cake. Then they all sang karaokes to the music that they played on the gummiphone. At the tracks, they raced and the cubs won as they were the fastest. The Soras and Kairis had all kinds of fun before they went home to the Soras' place for one last thing together: dinner.

Sora asked his mom to make some plates for the Kairis, but the mother was not having it. She ranted, "Oh no, you don't! I only made meals for just this family and I don't have the time to go grocery shopping and cooking for your girlfriends. You and your "brothers" are just going to have to share your foods with them." So the Soras were happy to share their plates with their girlfriends. The food was great and Maiden!Kairi commented, "Wow, your mom's a really great cook, Soras!"

The Soras grinned as the pirate one said, "Yeah, what can I say? She knows how to work the kitchen." So they ate and watch TV together for the rest of the night.
