

Where there's a whip, there's a way!
Where there's a whip, there's a way!
Where there's whip!

I don't want to go to the court today, but the von Karma lady says "Nay, nay, nay!"
We're going to talk all day, all day, all day!
For there's a whip, there's a way!

Where there's a whip, there's a way!
Where there's a whip, there's a way!
Where there's a whip, there's a way!
Testify, testify, testify!
Where there's a whip, there's a way!
Testify!

A crack on the back says we're going to talk.
She's gonna watch me like a hawk.
And more, for I'm a witness in the court of law.
Testify, testify, testify!

Where there's a whip, there's a way!
Where there's a whip, there's a way!
Where there's whip!

I don't want to go to the court today, but the von Karma lady says "Nay, nay, nay!"
We're going to talk all day, all day, all day!
For there's a whip, there's a way!

Testify, testify, testify!
Testify, testify, testify!
Testify, testify, testify!
