

Don't ask, Don't tell

War... War never changes...

.. Well, ok, it does, but the reasons for wars don't... Do they?

Oh, whatever. Our story isn't about a war, anyway, but about a pair of renas who fight one.

It was 2015, a time of political instability and pointless violence down at the Middle East. The US, being a big fan of unnecessary wars, was more than eager to get involved in someone else's business and invaded some small, meek country with claims that it had weapons of mass annoyance. Everyone knew it was rubbish, but who cares, right? Wars bring jobs. That's where our big friend Boss comes in.

Boss was a rena, and a big one at that (in more ways than one). He was a war veteran who fought his fair share of conflicts before going freelance as a mercenary with a fearsome reputation. Of course, he didn't go alone, and brought with him his merry band of violent men with him when he got hired to go blow stuff in an already crumbling Arabic country... Oh, and he brought Reno too. Who is he?

Reno, unlike boss, was a meek, little guy who was more known for being squeamish and getting a Purple Heart in Vietnam for getting an ass riddled with bullets... While running for his life. His butt is better, of course. Regardless, he always stuck by his old friend Boss during their army days, fighting together in a number of conflicts that Reno would have preferred to have ignored. Of course, what a lot of his comrades within his unit didn't know about him was just HOW close he was to Boss.

The two always seemed like your average war buddies: They fought together, they goofed off together and they slept together. Normal stuff... But sometimes they would go somewhere for a while, and when they came back, seemed a little too happy and sweaty. Focus on "sweaty".

But most of the unit didn't really bother to look too deep into their relationship, and simply viewed the pair as they always had, all the way to their freelance lifestyle.

Fast forward to 2015, in the month of July 20th; Boss and Reno, along with the rest of the gang, returned to their base of operations after another day of killing rock-throwers. Boss was always dirtied up after a hard day on the front, while Reno needed a change in underpants after nearly getting his brains blown out by a sniper. Thankfully, the only thing that got a hole in it was his helmet... Don't ask, for I can't explain how it happened either.

Most of the crew headed off to relax while watching a game of football in the rec room, while Boss and Reno headed off to the bathroom to shower.

"You know, you really should see someone about that, ah, problem of yours." teased Boss as they headed off to the shower.

“Hey, if you nearly were blown away, you would have had an accident too... At least, I hope you would, otherwise it wouldn’t be very fair...” Was Reno’s reply, blushing in embarrassment.

Before long, the pair had reached the showers. It was a fairly large room, with enough showerheads for everyone. A shame most of them didn’t use them, but oh well... Never hurts to be prepared. The two undressed, tugging off their sandy shirts before unbuttoning their pants and letting them drop with their underwear to expose their fat, juicy cocks. Reno’s was a modest sight, being fairly long and thick, but not in a way that made him intimidating.

But Boss’s... Oh god, it was a MASSIVE thing... It was so long that it dangled between his knees. Its thickness *had* to match a 2L bottle of soda, maybe even chubbier. It was a beautiful sight to behold... One that got Reno’s 10 inches slowly erect as he glanced over and saw that massive dong. Seeing it always helped Reno recover after an unpleasant day on the frontlines.

“Really, Reno? Already?” asked Boss in disbelief and amusement, “Typical.”

Reno simply blushed, unable to hide his arousal as they walked over to their own showerhead and got the water pumping, feeling that hot water splashing upon their dusty bodies. They stood fairly close to each other as they cleaned, Reno often glancing over to his friend as they washed the crud away. Boss himself would glance back to his half-erect friend, smirking as he noticed Reno subtly hinting at a desire to masturbate, but holding back his paw to focus on getting clean.

“What’s wrong, Reno? Still can’t stand next to me naked for a few minutes without getting hard?” Boss joked, reaching over to rub his friend’s shoulder. Reno would blush, giggling a little as his dick got a little stiffer from feeling his friend’s strong paw upon his meek form.

“I’m sorry Boss... It’s just so hard not to get aroused by your naked form.. Seeing that juicy cock hanging between your legs... Those fat balls.. Mmmmm..”

“Reno,” Boss hissed, ears perking up as he snapped his head to look back towards the shower entrance, his face growing serious in concentration as he reacted to something he’d heard, “As much as I enjoy making you moan, one of these days one of the boys are going to catch us goin’ at it, and when that happens, it’ll be a long and embarrassing night explaining to our comrades why I was stuffing my cock in your ass.”

Hearing those last few words triggered a little twinkle in Reno’s eyes, him walking over to his big beefy rena and pulling him into a hug, rubbing his cheek against his strong, masculine chest. Boss was surprised by this... But in another way, he kinda expected Reno to pull this on him again.

“Oh Reno...” Boss sighed, giving into the red rena’s efforts. The yellow fox hugging his red companion back before planting a loving kiss on his shorter friend’s forehead. They stood close together for a moment, simply letting the water roll off their fur as they snuggled for a little bit. When they broke apart, still holding each other, Reno looked up to gaze into his partner’s eyes for a moment before he dropped down to his knees.

Reno had a sultry look on his face as he admired that big meat between his partner's legs, his own cock now fully erect and throbbing in excitement as he closed his eyes and leaned in, kissing intimately his favourite rod right upon its base. This caused Boss to flinch, gasping for air in shock. He let out a low moan of approval, before realizing in horror what'd he'd done, quickly glancing towards the shower entrance to make sure no one was watching the two go at it. He sighed in relief when he learned he was safe, and as Reno continued to kiss his rod up and down along his length, he began to grow erect for him, nice and slowly.

Reno would not stop making out with that shaft as he grew hard before him, slobbering all over the side of it as he rubbed its belly, Boss moaning in delight as his dick grew to soon reach its full size of 30 inches, growing a little thicker in the process as well. Most people would have been too scared to take on such a beast, but his friend Reno wasn't too scared of it... Rather, he welcomed it.

"Mmmm. Such a juicy fat dick ya got, baby... So tasty.." Reno teased, using his 'bedroom voice' while he ran his tongue all over that fully erect cock. "After a hard day, nothing helps calm the nerves better than a big, hard cock in my face."

Boss watched his friend work his magic over that dick, feeling Reno's paws softly massaging his sack as his tongue slid up his rod up to the tip, running all over the head of his member and driving him crazy with lust in the process. He tried not to moan too loudly, not wanting anyone to hear them... But it was hard not to.

After a while, he couldn't take it anymore. Reno was driving him crazy with his tongue and paws, causing his legs to tremble as he tried not to fall over from all the pleasure he was experiencing in such a short time. He reached down and looped his hands beneath Reno's shoulders, picking him up gently and bringing him up for a deep, passionate kiss upon his lips, which Reno happily welcomed. They kissed for what felt like 5 full seconds before he put Reno back on his feet and turned him against the wall, bending him over.

"O-oh! Oh, you sexy beast... I love a good fuck in the shower... Been ages since we last did something like this." replied Reno as he looked over his shoulder over at the buff rena behind him, seeing Boss grabbing his fat cock and jerking it. Reno teasingly grinned and reached back to spread his butt-cheeks, giving him a good view of his tight tailhole. After witnessing such a sexy sight, Boss gave into his sexual desire, and plopped his huge cock right between those buns, feeling them hug around his dick as his grabbed Reno's ass and held tight to it.

Reno let a loving coo fly out of his lips as he felt his partner begin to thrust his member between his buttocks, giggling and moaning quietly from the sensation of feeling a big, wet dick sliding between his buns... The hotdogging turned Reno on just as much as Boss, his cock throbbing and drooling pre as he massaged that shaft with his rear.

"Mmmm, yeah... Work that cock, Boss... Go crazy on me.." Reno teased further, looking back and winking at his partner to arouse him more than he already was. Soon he was rubbing his butt up against

that cock as it slid between his buns, feeling Boss's meat throb and hearing him moan in bliss, sounding as if he was nearly about to blow his load right then and there. But Boss had other plans.

Reno felt his friend's cock pull away from his ass's grip, which confused him enough to turn his head to see what was going on. Next thing he knew, he felt a pair of strong arms lift him up to sit upon that long rod's length as Boss carefully sat down and laid back. Boss, now laying down on the wet shower floor, sat Reno up and pressed his body softly against his erect member, which Reno was more than eager to hug and kiss.

"Right," Boss huffed, "Okay, now I'm all warmed up..." said Boss, giving Reno's bum a good squeeze. This caused Reno to gasp and giggle, holding on to that shaft as he took the hint, standing up while trying not to slip on the wet floor they rested on. Reno hovered his ass over that cock, spreading his buttcheeks apart as he slowly tried to sit on it, using one of his paws to help keep it steady as he forced it in.

"A-aah.. Ow.. Damn it, it's so thick.. This is going to be tricky..." Groaned Reno, slowly making progress as the mere tip of Boss's cock began to spread him wide, as if a fist was being shoved into his ass.

"You got this, Reno, we've done it before. Just have to relax," Boss smiled as he watched his red friend struggle with his meat, panting quietly as he watched his rod struggle to get inside Reno.

For a moment, it seemed like there was no way that cock could get inside Reno's tiny asshole. But, with a little determination and struggle, Reno soon was able to pop that big head in. He covered his own mouth to muffle the yell he would have made that the whole HQ would have heard, him unable to move any deeper as his ass was too quickly spread open, wanting to adjust for a brief moment to let the pain fade. Once he felt ready, he began to lower his ass slowly down that rod, his legs trembling and moans low and pained. Boss, on the other hand, could feel nothing but pleasure as his cock was swallowed by that ass of Reno's, him trying his best to stay still so that Reno could take his dick in as deep as he could.

After a minute of lowering his ass over that cock, wiggling it about so that he could fit in as much as he could, Reno was able to take in about half that dick before stopping where he was.

"Ah.... God damn.. I can't fit anymore." Reno moaned, resting his paws on his knees as he stood still, his cock drooling considerably all over Boss's ballsack, licking his lips as he got ready to ride that cock. He carefully began to drag his ass off that dick, at least up to the crown, before shoving it back up his ass. He would do this pattern for a few minutes, him and Boss moaning along as his anal walls hugged that massive shlong that was being stuffed within Reno.

As much as he enjoyed it, Boss wanted to go harder and faster. So he sat up quietly while Reno rode his fat cock and grabbed his ass, surprising Reno before causing him to yelp as Boss slammed his dick deeper into him, stuffing an extra half-foot of cock in his ass as he forced a faster and harder pace. Reno bit his bottom lip, trying not to scream in both pain and pleasure as his ass was ravaged by Boss's cock and lustful desire, feeling that dick throb hard deep within him.

"A-aah! Fucking OW! Oooh god, it hurts!" Reno cried out, reaching down and gripping his own drippy cock to jerk it hard and fast, masturbating to override the pain he felt. Boss would moan and groan as he

worked himself closer to orgasm by using Reno as a sex sleeve, loving every second of his tight ass. All these strong sensations would prove too much for Reno, and before long he felt his dick begin to pump his cream out all over Boss's nutsack and the shower floor, moaning in bliss as he experienced sweet release.

As he came, Reno's anal muscles flexed and tightened around Boss's massive meat, stimulating him to the point that an orgasm couldn't be fought back anymore.

"Ffff... Fuck! I'm... I'm gonna.."

But he couldn't warn Reno fast enough. Boss gritted his teeth, his body trembling as he felt that rush of cum flow out from his nuts, through his cock, and right up that tight ass of Reno's, giving Reno's ass a real good stuffing... A little TOO good a stuffing, in fact. Reno always was a productive fellow, but not like Boss, who was often able to ejaculate enough cum to fill a bathtub. Slowly but surely, Reno groaned as he felt Boss's cum build up within his ass, it soon becoming too much to contain subtly as he began to bloat, feeling his tummy grow as more and more cum flooded his ass. Thankfully Boss was nearly finished with his orgasm, because if he had gone on for a few more seconds, Reno probably would have burst.

As the steamy hot water from the showerhead continued to rain down upon the duo, the two renas took a moment to rest, Reno's bottom lip trembling as he carefully tried to lift up his partner's fat dick. Upon reaching the head, it was a bit of a struggle to tug that dick out of his ass, but with one swift movement, he was able to pop that dick out with a nice, wet popping noise. Sadly, for poor Boss, this also meant all that cum he stuffed in Reno was gonna come flowing out all over him, which was both a sexual and kinda gross moment. A person's taste may vary.

"Ugh! Reno!" cried Boss as all that cum came flowing out all over his semi-hard cock and balls, a big puddle forming around him as Reno sighed a breath of relief, Reno's tummy slowly feeling better as he got rid of all that extra cum.

"O-oops... Sorry Boss.. I guess it's a good thing we are in the shower room, heh heh." Reno humbly replied, rubbing the back of his head as he expressed his embarrassment. Although his legs were weakened from the sexual activity, Reno was still able to help get Boss back on his feet, which was quite a feat for a small guy like Reno. Then Reno began to clean him off, cleaning every inch of Boss's body with some sweet shampoo and, for some parts of Boss's body, a nice tonguing.

Afterwards, once the two had fully cleaned up, they finally got dried up and dressed, ready to leave the bathroom so that others could use it and that Boss and Reno could have a nice afterglow cuddle together somewhere quiet. But, as they opened the door, they were greeted by the awkward sight of their crew standing before them, wide-eyed and confused.

Boss blushed in embarrassment with Reno, his cheeks growing bright red as shocked surprise twisted into fury. "What the fuck are *you* looking at!? Git! I got shit to do!"

“Smooth,” Reno chuckled as the two walked on outside. The yellow rena was still blushing furiously, staring at his junk through his uniform, ears splayed back. “I bet they don’t suspect a thing,” Reno purred into Boss’s ear before giving Boss’s ass a spank, which caused the yellow rena to jump in reflex, a loud yelp echoing off of the base’s buildings.

The end
