Chapter 9

Once Link had caught his breath after that gut-wrenching orgasm he had, he sat back up and playfully tackled Sidon onto his back, taking care in doing so. His eyes were full of hunger.

“Oh my! Aren’t we playful tonight?” Sidon teased.

To say he was surprised was an understatement. Up until this moment, he had been so wrapped up in helping Link relieve all that sexual tension he’d been carrying since they first reunited. But it wasn’t until Link’s hand grasped Sidon’s huge cock, did he realize how horny he himself had become. Without wasting any time, Sidon worked his armor off of him, exposing the entirety of his hot bod. His cock stood at a whopping nine inches long and nearly six inches in girth!

Link came to realize how much of a late bloomer he was in terms of his sexuality; a century late in the technical sense. It could only be fate that Link would fall for not one, but two of Zora’s royalty. It was clear he could go either way, to which deep down he was glad. Sidon was polite, encouraging and kind to him. He truly loved him for that much more than for his physical appearance.

Right now, he wanted to taste Sidon’s essence and went to work on pleasuring him. He started off by using Sidon’s own naturally occurring lubrication to stroke his throbbing cock. His inhibitions had flown the cuckoo’s coop. Sidon’s breathing became shallow and faster as his cock throbbed quite visibly in Link’s hands. The Hylian felt like he was playing with a small volcano that was threatening to erupt at any moment!

If Link wasn’t so deep in lust, he’d be quite shocked at how kinky he had become. He craned his head sideways, stuck his tongue way out and licked the length of Sidon’s shaft upwards until it brushed the tip and made the whole thing throb even more! All the while, Link used his left hand to fondle Sidon’s impressively large testicles.

“Ohhhh Link! You’re soooo good at that! Mmmmp!!” Sidon moaned.

The thought of Sidon being puddy in his hands stirred Link’s manhood back to full attention. He explored the thick veiny lengths of Sidon’s member,

studying how powerful it looked; how virile it was! He was going to make certain that Sidon experienced the best orgasm of his life!

Link began kissing up and down Sidon's cock, teasing him enough to make him squirm side to side. He took a moment to use his right hand to feel Sidon's rock hard leg muscles and reached around back to grab his firm tight ass! Link knew the moment was ripe to take on the challenge of sucking Sidon's cock!

It was no easy feat. He barely managed to wrap his lips around the tip. He used both hands to rigorously stroke the rest of Sidon's shaft to compensate. Sidon's entire midsection lifted up off the floor and Link along with it, as he felt an upsurge in orgasmic buildup. He was trying so hard to will himself to hold out just a little longer so he could enjoy Link's naturally gifted talent for pleasuring him.

Link took it one more step further as he freed a hand and used it to reach for Sidon's ass and slowly thrust a finger in. This caused Sidon to gasp in erotic surprise.

"Mmm, yes! Oh Link, you're so kinky!" Sidon uttered.

Determined to reciprocate in equal measure, Link took a second shot at swallowing more of Sidon's thick member. His jaw stretched to the limit as he managed to take in almost a third of its length. Apparently that was plenty for Sidon, because he could feel his cock throbbing as his head bobbed and down over his increasingly veiny shaft.

All this was so new to him. As Link kept going, he actually found his jaw relaxing a little as he went. He was afraid it would be the other way around. He never felt so *dirty*.

Sidon's pecs swelled involuntarily, exposing their incredible size and power. His moans grew louder as the Hylian went, occasionally mixing Link's name in with them.

Link steadied Sidon's cock with his left hand while fondling his testicles again with his right. It was clear that Sidon loved this!

“Oh fuck, you hot sexy stud!” Sidon moaned.

The sound of such vulgar words coming from such a decorated prince as Sidon drove Link wild! He responded by putting everything he had into his blowjob, sucking Sidon’s cock with all he could muster.

“OH!! FUCK YES!! OHHHH!! I THINK I’M C-CUMMING!! OH LIIIIINNNNK!!”

Link felt the sheer pressure of Sidon’s ejaculation hit him in the back of his throat, forcing him to swallow it. However, he was cumming so hard and so much that Link pulled Sidon’s cock out of his mouth as it kept shooting jizz like a geyser! One blast went so high that it hit the ceiling! Link, having swallowed what was already in his mouth, grabbed Sidon’s throbbing cock and aimed it at his face, taking his loads head on while his tongue hung out so more would enter his mouth. The Zora stud jizzed seven times...*seven more times* before his orgasm finally ended!

Link was amazed at how delicious Sidon’s semen tasted, as though it were a creamy, salty and mildly citrus flavor. At last, Sidon collapsed on the floor, clearly out of breath. Link couldn’t believe this Zora was capable of cumming so much! Then again, he saw and felt how big his balls were. It stood to reason that he was packing such a huge load!

Link felt an enormous rush of longing and lust for this man. He wanted very much to take Sidon all the way. The Zora prince must’ve been thinking along those lines as well, because what came next revealed his position preference.

“Fuck me, Link! Fuck me hard, you cute and sexy man! I want you inside me, my love!” Sidon moaned.

Obviously, Sidon’s energy was quick to return.

The same lust that took over Link had also taken over him as well. Sidon rolled over and lifted his ass up to him. Link stared at the moistness of Sidon’s

skin; at least the parts not coated in his own spunk. This was great, because he didn't need to worry about lubrication; even there.

"Is...this your first...?" Link struggled to say in the face of his current state of mind.

"Yes, it is. Yours?" Sidon asked.

Link chuckled, "Well I only just officially became a man a few months ago, so yes."

"Of course. So how about it? You and me...under the stars! Make me yours, my dear sweet Link!" Sidon moaned.

Link took his newly returned hard-on and touched the tip of it to Sidon's ass, guiding it to its hole. Despite how tight it looked, he found it surprisingly easy to stick it in. Not wanting to hurt him, Link did his best to go nice and slow. Such concerns ultimately proved unnecessary though, because all that escaped Sidon's lips were his lustful erotic sounds.

It was now or never. Link pushed until he was all the way in. As big a Zora as Sidon was, Link could do this standing up while hunched over only a little. He was in a state of nirvana as he started thrusting, slowly at first. His mind swam with images of this man before him. It was all he could see. It was all he could want. This was no mere fling. This was them revealing their deepest feelings for one another in the most powerful way.

Link's thrusts increased in speed as he yearned to cum inside him, cementing their bond. Their moans turned to cries of passion that were surely loud enough to reach Lakeside Stable itself. Link pounded Sidon with a feverish drive that wouldn't be sated until he exploded inside him!

Sidon's body shifted with every hard thrust from Link as he felt he could hold his climax back no longer.

"Mmmm, Link! I'm gonna cum! I'm gonna cum so hard!" he moaned.

“Me too!!” Link moaned as well.

The two felt their orgasms welling up hard within them. Link thrust as fast and hard as he could at this point, wanting very much to explode! Sidon was seconds away as well.

“OH SIDON!! AHHHHH!!!” Link screamed as he cummed harder than before, his cock pumping Sidon’s ass full of his spunk!

“OH LIIIIINK!! YES!!” Sidon screamed also as he unleashed a torrent of thick creamy cum all over the floor beneath him!

Over and over, Sidon jizzed with every remaining thrust from Link, who had wrapped his arms tight around his waist, humping him as he finished nutting deep inside him.

Several thick globs of jizz later, Sidon collapsed onto his back next to Link once again as both panted hard. It took Link a couple seconds to realize he was lying in a large puddle of Sidon’s cum!

The silence pressed down upon them after their loud passionate sex. Sidon let out a sudden laugh.

“What are *you* laughing at?” Link chuckled with curiosity.

“I think we woke the dead there,” he laughed.

Link stared up at the ceiling of the tower array, smiling with utmost content. “You may be right.”

After a minute or two of silence, Link turned onto his side to face him, as did Sidon.

“I love you, Sidon. I think I always have.” Link spoke with the greatest sincerity.

Sidon stroked Link's hair. "And I you, my dear sweet Link. Our bond is complete now. We are a mated pair."

The two tenderly embraced each other with a kiss, before resting their foreheads against each other.

Link stared up at the ceiling, which still had some cum dripping down off of it.

"So, you feel better now?" Sidon asked.

Link could *still* feel a bit of the afterglow from Sidon's earlier blowjob, let alone the most fantastic sex he could have ever imagined for his first time. Hearing him swear erotically must've enhanced it.

"Yeah, I guess I really needed that. How about you?" he asked him back.

Sidon rolled over and kissed Link on the cheek, making him blush.

"You were incredible, sweetheart! I don't think I've ever ejaculated so much before."

Link wrapped his arms around Sidon and cuddled up to him.

"I don't know about you, but I could quickly fall asleep in your *big bulging* arms." Link moaned.

Sidon looked at him and smiled that same loving smile.

"You really like my muscles, don't you?" he asked.

Link, now cuddled up against Sidon's chiseled pecs, stifling a yawn.

"L-Like them? I love them. You're so big and strong. The way you matched that much larger Lynel in raw strength really turned me on. Strange, I don't feel embarrassed saying such things to you now." Link admitted.

Sidon affectionately stroked Link's hair before cuddling up with him.

"There's no reason to be. The Zora mating bond, from what I was taught, is very strong. There is no embarrassment. No shame. You'll realize you can tell me anything you want as would I to you. There are no secrets and our souls are laid bare for one another. I have wondered if that unique bond could be passed on to a non-Zora. From the sounds of it, it seems it has." Sidon told him.

"So, is this some kind of biological trait?" Link asked, his curiosity aroused.

"Indeed it is. I'm sorry to say that it's actually not something we generally share with...er, outsiders. You'd be one of the very few non-Zoras that knows this. I'm sure Hylians, the Rito, Gorons and Sheikah all have their secrets that aren't shared with other races." Sidon said.

"I don't doubt it. Fair enough. So tell me, anything that you're thinking about that you haven't told me?" Link grinned.

Sidon reciprocated, knowing exactly what Link was trying to do.

"Well, I've actually fantasized about you fighting all those mean monsters naked, sweat flying from your face as you expertly swing the sword that seals the darkness while riding atop your steed. I've even masturbated to such thoughts. And let me tell you, it was quite a challenge keeping quiet and cleaning up the mess I made each time afterwards. As you've seen, I cum *a lot* when I orgasm." Sidon confessed.

Link reached up behind him and caressed Sidon's cheek.

"What you call a bond of mateship, we Hylians simply call love." Link said.

"Yes, love. However, you'll eventually find out how much deeper our own unique love goes. Our hearts will always be connected, no matter how far apart we are. I'll always be there for you, my Link. For now, perhaps we should get some sleep while we're comfortable here." Sidon suggested.

“Yeah, you’re right. Though...what about all this cum we’re laying in? Or better yet, I assumed my own cum would be leaking back out of you.” Link chuckled.

Sidon yawned. “Nope. Zora males as well as females absorb water and sexual fluids that are pumped in their ass. Besides, all this jizz makes for some cushioning on this hard floor. We can clean ourselves up in the morning.”

“Fair enough. Goodnight, sweetheart.”

“Goodnight, hun.”
