Bolt awoke with a start. It was dark, but it was the sound and the feeling that awoke him. There was a soft, gentle "Schlurp, schlurp, schlurp" coming from his groin level. It did not take him two tries to guess who was making the sound, or how. Bolt blinked, his eyes adjusting to the darkness of the post-midnight hours.

"Mei, are you..." the beautiful bat succubus sucking his dick stopped and giggled.

"Am I what?" Bolt stuttered as he tried to reply. Meinori's rear end was right in his face. Even in the dark her pussy glistened with wetness. She was always very much hard to control when she was horny. Bolt, not really minding that she was, decided to just let her give him a good time. He closed his eyes, putting his hands behind his head and relaxing.

Mei gently slid her head up and down Bolt's shaft. Closing her eyes and gently sucking and slurping, she made great use of her tongue and lips. And of course, her fangs were a gentle and erotic touch as well.

"How's that feel?" Asked Mei, her long tail gently twitching around Bolt's face. She lewdly stuck her ass into his face. It was something he certainly didn't mind her doing.

"It feels fantastic, as always..." replied Bolt. She giggled. She had but barely opened his pants and pulled out his dick a little, teasing and licking and slurping it out and getting it nice and hard. She slowly crawled and turned around, grinning, her fur and wings glistening in the moonlight. She gripped his dick, wagging it around with her gentle hand.

"Can I go for a ride, handsome?" She didn't wait for Bolt to reply, slowly sinking down on top of her and sliding Bolt deep inside. He groaned slightly, his hands caressing her large and beautiful breasts, and then sliding down her sides to firmly grip her shapely ass.

Meinori slowly adjusted herself, sliding gently up and down in a soft ride. She moved gently and easily, keeping herself moving in a smooth circle on him. He gripped and squeezed her ass as she rode him, enjoying it immensely.

Meinori moved him slowly, and then stopped. She leaned back, spreading her legs and pussy. He grinned, looking down, looking at himself deep inside the pretty batgirl who shared his bed.

"I know what you like..." she said. "And I know how to give you a big finale that you'll like..."

Slowly sliding off his dick by lifting herself up, she gripped his dick. Slick and glistening with Mei's juices, even Bolt thought it looked damn good. She held him firm, adjusting herself so that she leaned back...Back and back...Soon she was almost bent all the way over, Bolt's dick rubbing lightly against her tailhole. She oohed softly as

his big hard cock slowly slid into her tailhole. Bolt gripped her thighs, squeezing and groaning as he slid further and further into her ass, her voluptuous body bouncing up and down in his lap.

"Heh...Damn good Mei..." Bolt groaned, closing his eyes at times as she milked his dick with her tight, slick tailhole. Mei grinned down at Bolt, reaching forward and gently caressing her pussy with her clawed fingertips. She closed her eyes tight, groaning, her ass grew tight. She sucked air in through her teeth, her pussy glistening and spurting with her cum. Bolt was not soon behind, and he was soon shooting jets of white hot sticky deep inside her ass.

"Enjoy yourself?" said the sexy bat as she cutely flicked a few strands of beautiful hair out of her face.

"Heh...Hell yeah, Mei..." he said.

"Good...How about a second round?" she asked. Bolt groaned, reaching forward and gripping her butt and getting ready for a long and enjoyable night...
