

Paolo's Farewell

Alexandra is © Roland Guiscard, all other characters © GSPervert

Paolo leaned back against the sofa, stretching his arms out wide along the top and closing his eyes. Down below, a sexy young raccoon named Brianna was working him over, much as she had every night this week, in fact much as she had just a few hours ago. Still, Paolo looked distracted and despondent; even though it was clear he was enjoying the feel of Brianna's muzzle. His large hands gently slid through her long, curly black hair, moving idly as he scratched her ears. Noticing his apparent distraction, Brianna slowly slid off the seal's endowment and looked up at him. She kept her hands moving up and down it, however.

"Awh Paolo, why so glum? I know you like it like this, and that you've been waiting all day..." Said Brianna. Paolo sighed, and then looked down with a slight chuckle.

"Oh, I have not been waiting all day, only since the lunch hour. But yes, I am... 'Glum', as you put it." Replied Paolo, his accent still thick with Brazilian Portuguese. "You see, I got a call from home. My mother, she has...passed on." Brianna looked shocked. Clearly, she had never thought about his family. In fact, from the look of things, she hadn't thought about much of Paolo, excepting his dick and his common visits to her apartment.

"That's...That's really sad!" she said, her hands sliding off his erection. His hands gently guided her back. That was so like Paolo, nothing could get his mind off sex for long.

"It was expected, for you see, she has had cancer for many years now, and we all knew she would not be with us come Christmas. Still, it means I will have to go home. I must look after my brothers..." Paolo sighed, before grinning and pushing his throbbing member towards Brianna's face. "Tell you what, why don't you keep me going, and I call up a few friends, and then we will make a night of it. My plane doesn't leave until the weekend, there will be plenty of... private time...for us to...say goodbye..." he grinned, winking at Brianna as she excitedly returned to working him over. He whipped out his cell phone, browsing through his list of contacts for three specific names, all of which had five stars next to them on his little contact list. Only the best for tonight.

It was not long until they arrived, after all they were all eager to say goodbye to their favorite piece of man-meat. The first to arrive was Alexandra, an enthusiastic college junior who brought along her sorority sister, a bear named Jenni. Jenni was a lousy student, but this was not a night for study. Last to arrive was Nekkie, the young and eager freshman Paolo had known back in his porn star days. The overeager 19 year old penguin had a libido that put even Paolo's to shame, and as the party was already getting started when she arrived, this was a good thing. The other girls had already

crowded around him, licking and rubbing, saying various things to which he replied. Nekkies quickly took control of the situation however, shooing and shoving the other girls out of the way. Her clothes seemed to melt away, few though they were, and soon she was lowering her wet pussy down onto Paolo's length. Either the mere thought had got her going or she'd been fingering herself on the way, and Paolo knew that in either case he was in for one hell of a ride.

Nekkies's breasts had been "surgically enhanced" during her porn star days, and her petite frame made them look even more gigantic as they bounced wildly in front of Paolo's face. Paolo groaned, closing his eyes and gripping her by the sides as she flung herself upward on his shaft then let her weight push her back down. She cried out repeatedly, making the occasional squawk but mostly spilling out cheesy one-liners from her porn star days. Paolo chuckled, remembering the films they'd appeared in back in those. Top sellers, if he remembered properly.

"Ahh YEAH! Fucking YEAH! Fuck my tight little cunny...Fuck it...FUCK IT!" cried Nekkies, her blonde hair with purple extensions flying around wildly in the air as she began to glisten and glow with sweat. Paolo obeyed, using his large, muscular body to work her over, the size and length of his cock being worked hard against her clit as he slid deeply in and out. His hands strayed to her breasts whenever possible, caressing and pinching her nipples. He even tried to get his mouth in a few times, but the size and mass of Nekkies's large breasts made this somewhat hazardous, as they swung around wildly, threatening to strike him hard in the nose.

Nekkies cried out loudly as she reached orgasm, her body shaking and shuddering. This was no fake, though Paolo knew she could fake it VERY realistically. Although it was clear she wanted to continue, the other girls were getting impatient and very much wanted their turns. Paolo could cum in her later, after all. As for tonight, they all wanted their turns. And this time, it was Jenni's.

Jenni had natural tits that were not quite approaching Nekkies's size, but only the truly fortunate gals could have tits like Jenni's and still be as slim and well built all around. Soon these tits were wrapped around Paolo's dick, the long member slick and slippery from Nekkies's orgasm. Jenni worked her cleavage up and down his length slowly, grinning, talking and licking, using her palms to keep her massive breasts wrapped around it.

Paolo groaned, caressing her hair and enjoying the sight as her tits worked him over. In the background he noticed that Alexandra was doing her best to pacify the penguin, and Paolo made a note to ensure that Alex got to go next, the vixen's talented muzzle working and digging around in Nekkies's sex. As for now, though, it was all Jenni.

Jenni began to pick up the pace, working him over harder and harder as she began to drive him on towards a big, messy orgasm. She grinned, whispering at him as she worked. He spoke back, caressing her breasts and face whenever possible.

"I love your tits, Jenni, they are so soft and beautiful..." he said, his dick preing hard. It wouldn't be long. "But I think a few dabs of white on them would really help to bring out your eyes..." She grinned at this, her tongue working him over madly as she slid her enormous tits down. Paolo groaned, closing his eyes as his dick began to erupt like a geyser over her breasts and face. He smiled. She *did* look better with all that white.

Alexandra bounded over at Paolo's call, extremely eager to take her turn. He stood up and she dropped to her knees, her tongue working over Paolo's now half-hard length, licking and sucking it all up nice and clean. Paolo grinned and leaned forward a little, pushing himself into her muzzle as he quickly began to get hard again. Soon he was fully hard and groaning as she bobbed herself up and down his length. He rested his hands on her head, pushing her forward every time she bobbed down and resisting her motions as she slid back. Her tail wagged with excitement, she liked it when guys played with her like this.

Soon she was sliding up and down half his length, his dick brushing the back of her throat each time she slid herself forward. At one of these points, she stopped. After a few practice breaths, she sucked down one great gulp of air and slowly began to push herself forward. Paolo groaned, and Alex shut her eyes tight as she slowly worked his length down into her throat. Paolo groaned as she worked her way down, her throat gagging and swallowing hard on him as he slid in. He closed his eyes and bit his lip. Even though he'd just gotten off on Jenni's chest, he knew that Alex wouldn't let up until she was shooting down his throat. And if her hands kept working over his balls, that wouldn't be long.

Paolo let out a groaning gasp as she shot down Alex's throat, causing her to slide back as fast as possible. She wanted to at least get a taste of the tail end of it after all. She groaned and myrred happily, wagging her tail as Paolo shot out blast after blast. Slowly she slid off, a cummy trail of spittle still coming off the tip of his cock and going to her lips. She grinned as she broke the little trail, standing off to the side as Brianna moved into position for the finish.

By now Brianna was about to go crazy with her own horniness, having been working on her own sex for quite some time now while she waited her turn. She bent herself over the coffee table, and Paolo didn't wait for her to even ask before he started pushing into her wet pussy. She cried out loud, panting and closing her eyes as he slowly sunk in his immense shaft.

By now Paolo was getting tired, but he desperately wanted to give Brianna something worth the wait. He spanked, and then gripped, her buttocks as he pounded away at her. She groaned, biting her lower lip and looking at him over her shoulder, her hair half-obscuring her face as she tried to do so.

"C'mon Paolo...I've been waiting all fucking night...I want it BAD..." she cried out. She pinched her nipples with one hand, then the other,

whimpering and groaning. Paolo breathed hard, his body tired, sweat pouring off his oil-slicked fur. Brianna clenched down on him, groaning as she worked him over and he worked her over.

They came at the same time, spoooge soaking them both heavily. Paolo pulled out slowly, his dick soppy and dripping, her cunt making sickly-set sound effects as he popped out. She blushed, lowering herself down and grinning as Paolo collapsed onto the couch. He looked around. All the other girls were either relaxing, napping, or sipping water. Apparently Alex and Jenni had double teamed Nekkies while he was distracted. Pity he hadn't filmed it. He laid back and relaxed, closing his eyes. He was going to miss America...
