

A True Rat

****BOOM!****

A mixture of civilians and officers poured out of the building to escape the growing flames. As far as anyone could tell from the damage, the building was completely unsalvageable to the common onlooker and completely unsurvivable to all of the officers who couldn't help but smile at the wreckage.

Tsemore Maximum Security prison wasn't any normal prison. It was one of the prides of the Lumont Empire. Hosting its fair-share of war criminals and terrorists and any other piece of scum the average family could use as the boogeyman for their children to behave. The burning of the prison could be seen as both a boon and a bane. Now the undesirables with no future can perish in an accident. But, now the king will need a new place to store any more undesirables that would appear.

One of the guards looked to his lion co-worker and smirked. "If anything... Good riddance. The world would be better off without them."

The lion guard gazed back with a serious face. "That's incredibly disrespectful Landon..." His face then slowly contorted into a similar smirk to his. "But you're completely right. These scumbags do deserve it."

The two laughed quietly as the flames raged on...

...

...

...

On the other side of the building, a rat-squirrel hybrid slowly walked out of the burning building. The flames had threatened to lick and singe his fur but strangely morphed harmlessly around it.

He briefly stared at the destruction before chuckling a bit. "Ehehe~ Well that explosion was certainly a coincidence huh Thaegus~!? Right as I was about to think of what to do today..." The hybrid shifted slightly as he felt his hilted dagger hum to him. "...Yeah. I still wanna do that thingy today! Now is the literal perfect time!"

The rat-squirrel ran deeper into the woods before stopping at a big clearing. "Yeehehehe~ This is the perfect spot~!" He unsheathed his dagger and twirled it

slightly. “Alrighty Thaegus! Let’s see something new~!” The dagger glowed and hummed a satisfying tune. “***PLANAR SHIFT!***”

With a graceful slice, a vibrant blue crack formed in front of the rat-squirrel. He smiled and clapped his hands as it widened into a full portal. “Lets goo~!”

The rat-squirrel excitedly leapt through the tear and felt his heart rush as he felt the gravity surrounding him shift. He instinctively twisted himself accordingly.

Almost immediately as he passed through the portal, he breathed in a bunch of familiar smells...

...

...

...

Twitch smiled as he humped one final time into his toy’s maw. “Hhnng... Make sure you drink all up this time~... Unless you WANT to clean my floors again...”

The yordle under him stayed silent, choosing to focus on drinking up the rat’s cum. He did briefly look up to Twitch with lustful eyes that begged for more. That was all he needed to see. “Ehehe~ Good boy...”

Twitch relaxed himself as he felt the last of his orgasm leave him. He sighed in relief before pulling his cock out of the yordle. He stretched and began reaching for his ragged clothes. “Mmmh. Congrats Thimble, you’ve managed to satisfy me~...”

The furred yordle looked up with a frantic smile. “G-Glad I could h-help Master Twitch!”

Twitch smirked at the title. “Good to know that you recognize your betters...” He then swung his rags over his body before walking to his exit. “Now make sure you keep my place as filthy as possible~.” As he began to walk out he couldn’t help but twinge in annoyance as he heard a notable crunching sound. “OH! And if I find ONE thing out of place you will NEVER see the light of DAY!” He heard the yordle whimper in response before leaving the room.

...

...

...

The rat-squirrel rounded another corner before stopping in his place again. Thaegus hummed at him in a smug tone.

He sighed. “No Thaegus I’m not lost. I’m just... looking for a new path!” He finished with an upbeat smile. A disappointed hum would echo from the dagger.

“Hmph~! Ya know what? I’m just not gonna listen to you Thaegus. You don’t believe in your caster.”

The rat-squirrel perked up his nose and kept walking forwards. As he rounded another corner, he began to smell a peculiar smell. One that was sweet yet salty. He opened his mouth slightly to drink it in. In comparison to this sewer, the smell was heavenly. “Mmh~ I wonder what that glorious smell is...” He stumbled slightly on an uneven block before righting himself. “Oof... And where said smell is...”

The sound of pebbles tumbling behind him made the rat-squirrel flick his ears in vague acknowledgement. He paid no heed until he heard a raspy voice speak around him.

“I’m surprised that a rodent like you is lost in the sewer~... AND can’t find the source of the smell!”

The rat-squirrel quickly tossed his dagger in what he thought was the origin of the voice. A shadowy figure would dart away from it just as quickly, leaving the dagger lodged into the stone wall.

“OOOHOHO~ I LOVE a good fight for territory!” A noticeably sharp object flashed from the shadows before launching itself at the rat-squirrel.

His eyes widened at the projectile’s speed before he shifted slightly. The object harmlessly grazed his arm. “Oh my~ That was pretty sharp! Thankfully it missed.”

A smile formed from the shadow. “Ohoho~ You think it just missed~?”

It only took a second for the rat-squirrel to feel slightly dizzy. A green aura began emanating from his graze. He stood still for a moment before and then stared at the figure. “Is this... poison?”

“Heh~ Pretty close squirrel rodent. It’s...” The figure, now revealed as a rat-like creature, jumped out of the shadow with another arrow at the ready. “CONTAMINATION!” The arrow launched itself at the rat-squirrel.

“Oh crud...” He frowned before dodging the arrow. He didn’t get a break when another arrow was fired. And another. And another. And another.

The rat's eyes twitched in anger and annoyance. "STOP MOVING SO MUCH! My eyes are on the sides my HEAD!"

The rat-squirrel smiled. "Oh~! Mines are too!"

"CAN IT SQUIRREL! You know NOTHING about being a RAT!"

` The hybrid raised an eyebrow. "But I'm part rat too. I'm a rat and a squirrel..."

The rat noticeably became more annoyed. "LIES! And even if you weren't lying you're not a TRUE rat!"

The rat-squirrel's heart sank. "O-Ouch... Blunt much?"

The rat's ear flicked. "Wait... what?"

"I said, "Blunt much?""

"B-But... T-There's... only one w-who..." His eyes slowly began to soften. "...Silent?" The rat slowly began lowering his crossbow.

The rat-squirrel gave him a smile before sneezing. "Whew~ Hey Twitch~! Your bolts are just as filthy as ever. Ehehe~..."

The rat was at a loss of words. "I... I-I..."

"Confused at me new look? I threw Thaegus at you..."

"I wasn't... paying attention..." The larger rat dropped his crossbow. He quickly looked around to make sure no one else was around them before he let something happen that no one should see. He cried...

Silent's eyes widened in surprise when the big rat ran over and engulfed him in a hug.

"WHAAA! I MISSED YOU SILENT! WHAT HAPPENED!?" Tears streamed down his eyes as he squeezed the rat-squirrel tightly.

"OOF! I-I missed you too!"

"I CAN'T BELIEVE I ALMOST SHOT ONE OF THE FEW LIVING THINGS I CARE ABOUT!"

Silent returned the embrace. "It's okay~ It's okay~. I thought we were just playing~..."

“I-I don’t think it’s playing when I almost KILL you... If you weren’t part rat that arrow’s infection would have done a lot more to you.”

“Well~ Thankfully I’m both.”

The two rodents held themselves together for a few more moments before Twitch stopped holding the rodent. “So... What happened? You were doing weird magic stuff and then vanished all those years ago.”

Silent scratched the back of his head and chuckled. “Hehe~ Y-Yeah... I did an oopsie with my magic... Then I wound up in a new world I now call home~! At least... Until I got imprisoned hehe~...”

Twitch’s eyes widened. “JAIL!? Did it smell filthy at least?”

“It smelled like misery and lost hope. So basically just as filthy as a sewer~”

The rat’s face became relieved. “Good to hear...” He eyed the rat-squirrel up and down before stopping at his crotch. He stared at it for a bit before smiling. “AHAH! Now I know why didn’t recognize you before!”

Silent jumped slightly as he witnessed Twitch drop on all fours and press something warm and wet on his balls.

“Hmmh... Just as I thought! Those IDIOTS cleaned your crotch!”

“Y-Yeah they did. I didn’t get a choice...”

Twitch glared into the abyss. “GRRR I’LL SKEWER ALL OF THOSE WRETCHEDS! THEY TOOK YOUR PRECIOUS SCENT AWAY!”

Silent chuckled. “Well I doubt you can since the whole place got burned down!”

Twitch’s eyes lit up. “Excellent news~!” He then turned his attention back to the rodent’s genitals. “Well... I guess I have to begin the process of giving your scent back...”

“Sure buddy~... Always wanted it back~”

The rat smiled and pounced on the smaller rodent. “Well~! ALLOW ME~!”

Twitch wasted no time with feverishly coating all of the rat-squirrel’s nuts with his warm unclean mouth. The rat only became more excited with every lick he did. With each passing second, the area began to smell more and more like the rat-squirrel he fell in love with long ago.

Silent let out a moan as his now erect penis was also engulfed in the larger rodent's maw. He twitched and panted as his crotch became irresistibly warm. "MMmph~ I-I missed this feeling so much~... Aaah~ I'm leaking..."

Twitch remained steadfast in his mission. He drank up the rat-squirrel's precum with extreme fervor. His lust took him to the base of his mate's penis and caused his own to peak out of its sheath.

Almost immediately, Silent smelled a lovely smell emanating from his fellow rodent's crotch. "Huff~ I-I smell that too Twitch~... I-If you'll let me~"

The rat briefly stopped his quest to look at his mate in shock. "What are you SAYING Silent!? You never need to ask ME of all rodents if you ever wanna bury yourself in my scent!"

Without a second of preamble, Silent found himself on the ground with the larger rodent's genitals dangling over his face.

"Ehehehe~ Give to SILENT!"

"THERE IT IS! THERE'S THE TRUE RAT!" Twitch blushed and planted his crotch onto the hybrid rodent's face. "Enjoy~ I know I will~!"

The two worked together, feverishly coating each other in their lustful musk. It would soon evolve into both of them sucking each other's balls and penis.

Silent couldn't help but hump into the larger rat's maw as he felt his orgasm peak. It didn't help that his nose was now filled with said rat's glorious scent and his maw was filled with the rat's own precum. "Mmmph~ MMMH~!"

The overbearing lust sent both of the rodents over the edge as they lustfully humped into each other's maws, spilling their sweet yet salty cum down each other's throats.

They held themselves together as they basked in the warmth of their orgasms. It took a few minutes for either one of them to pull out their cock from the other's mouth.

Twitch wiped a small bit of remaining cum from his maw before licking it up. "Mmmph~ Now I can say that your penis is OFFICIALLY MINE!"

Silent laughed, already knowing the rodent's punchline. "Ehehehe~ Is it because you licked it?"

“Not just “licked” it~! I’ve RESTORED it to its former glory!” The rat stuck his nose up in pride. “Now it’s just as musky and dirty as when you first mounted me!”

Silent gave him a sly smirk. “You mean when I first “Marked” ye huh?”

Twitch quickly turned back with a blush. His usual loud personality looked oddly meek and quiet. “Y-Yes... Can a big rat like myself ask for that again?”

Twitch didn’t get to say another word before he felt a strong push shove him back to the ground. “GAH~!” He merely twitched slightly as he felt two warm digits slide inside of his anus. “Oh~ Ohoho~...”

Silent gave him a small look of disapproval. “Damn~... My progress on your tailhole has been pretty much erased...” He then quickly turned his frown into a lustful smile. “Hope you don’t mind it hurting a small bit!”

Twitch glared back in shock. ““HURT”!? What can a small rodent like you do to ME~!?”

The two silently smirked at one another. Twitch knew he was going to eat those words... And it didn’t take longer than a minute for him to do so...

...

...

...

“Huuffff~ Pufff~ Hufff~ Y-Your ass is so amazing Twitch~...!” Silent humped deeply into the rat’s already cum-filled ass. He forgot which load this was but it hardly mattered. Both him and the large rat were deep in the lusts of their own instincts.

“Hrrrgh~ Huufff~ Aaah~...” Twitch unapologetically sprayed another load of his cum onto the already white sewer floor again. Something about the rat-squirrel’s cock brought something out of him he couldn’t find the words for. He never ever wanted anything in his ass until he had a moment of weakness that Silent helped him with. He missed this feel so much~... Having his anus filled with the cum of another rodent was amazing~! “Mmmph~ M-Mmmore~ I r-require MORRRE~”

Silent panted deeply as he began humping feverishly again. “MMmph~ As you wish~!” He let out a moan as his thrusts sped up and became more forceful.

Twitch clenched his hole over the rat-squirrel's cock as he felt his drained balls empty out another load from the sheer pressure. "Huufff~ Haahhgggh..."

"Mmmph~ Grrrrah~..." With one final hump Silent poured the last of his cum into the large rat. He twitched and held tightly onto Twitch's waist as he basked in the warmth and wetness. "Mmm~... T-That was so fucking good~..."

Twitch looked back with the biggest blush he could muster. "C-Correct... I-I loved that so much Silent... C-Can we be boyfriends again?"

Silent met his gaze with his own lustful smile. "Mmmph~ O-Of course~... I gotta wait for Thaegus to recharge before teleporting a-anywhere else. I would love to live with ye again..."

The rat smiled deeply before his mind flashed back to an annoying thought. "Hmm... D-Do you mind an annoying third wheel?"

Silent tilted his head. "Third wheel?"

"Yeah I uuh... Picked up a curious intruder and now they agreed to be a servant..."

"Ooh~ I never pegged you to be into that..."

"I-I'm not really. I just likes that he feeds my ego..."

Silent shook his head with a smile. "You're the same old, same old, rat I fell in love with..."

Twitch chuckled. "Same to you... You may be a hybrid Silent, but you'll always be a true rat to me..."

The rat-squirrel sighed and relaxed on the larger rat's back. "Haah~ Thank you Twitch..."

"No... Thank "you" friend..." He slowly began to stand up while holding the hybrid's penis inside him still. He looked around and found both his discarded robes and crossbow. Not much farther from them, Thaegus glowed quietly. He picked up the dagger with care and started walking back to his lair with his boyfriend...
