24. That's the magic number. I, Simon Sergenko, turn 24 today and I also become Head Sheriff of Furtopia West. Little did I know that today would also be the day my fate was changed for the rest of my life. It all started around high noon. I was sitting back at my desk at the sheriff's office when I heard one of the young ladies in town running around town screaming on something about the Notorious Bandit Kumaro. Now Kumaro was a bandit known all throughout the west. He took from everyone and feared no one. When I heard that he was nearby I took it as a mere rumor. Seeing how I was just new to the sheriff's position I figured folk would go around spouting nonsense and making false alarms. Especially since I wasn't well liked around town for being an open homosexual. But I earned the title of sheriff fair and I demanded respect while I held the position. Back to the bandit though. Things were getting kind of rowdy outside and I had to find out what was going on. Turns out a posse had brought in the bandit from the desert and tied him up in the middle of town. All the townsfolk were gathered there and they were all gawking at the Bandit like they've never seen another person before. I quickly paid the posse their bounty and dispersed the crowd so I could book the bandit and put him in a cell until his trial. As I looked over his record and looked at him I noticed he looked no younger than 20 years young but he had an amazing well taken care of body. He had the built body of a Kodiak bear but he had a strong gator's tail behind him. I couldn't help but be turned on by his sweaty muscular body but I had a job to do.

"Let's see..." I said looking at his papers "15 counts of grand theft, 3 charges of assault." I shake my head. "Not looking good for ya bud. The least you're looking at is life in prison." All he could do is glare at me with those handsome blue eyes of his. "I walk up to him as he sits in his cell and kneel next to him. "Why'd ya do it bud? A young'un like yourself has got so much to live for and you're wasting your time robbing banks blind and hurting folks." He spits in my face and says "I ain't got to explain squat to you. You ain't going to understand either way. All you people do is look at me and see the homo beargator that doesn't fit in with anyone." I notice he starts to form tears in his eyes. That's when I started to understand why he did the thing he did. "Bud. Trust me if anyone understands what ya going through it's me. I've had a hard adolescence mainly because of the fact that I'm gay and people couldn't accept me for who I was. I learned on my own though that if you want to see a change in your life you gotta make it happen." He just scoffs at me. "I don't care... I'm going to die anyway so it's too late to change anything." He says with tears in his eyes. "My only regret is that I was never able to find my true love and show him every part of me that is true." I immediately felt sorry for him and instantly hugged him tightly. The bandit looked surprised. "Wh-What are you doing???" he blurted out. I turn his head to me and give him a kiss he wouldn't soon forget. Then after a long deep and sensual kiss I looked at him. "I'm going to give you the best night of your life." He looked even more surprised as I stood up and locked the door to the office and close the windows. Then I walked to him and uncuffed him so he could move around more freely. "Why are you doing this?" the bandit asked. "I look at him. "Well Bandit I fig-" I started to state before he cut me off with a simple

"Kumaro..Please.. Call me Kumaro." I blink with a smile on my face. "As I was saying Kumaro, I figured I can't let you go out a virgin. I'd hate to go out like that." I say as I pull my pants down and then pull his pants down to reveal a thick piece of bear meat hanging between his legs. If I had to take a guess it was about 9 inches soft. And I just couldn't wait to have that meat in my mouth and inside of me. I chuckle lightly as I take his cock in my paws my tail waving behind me slowly. "This is a pretty nice weapon you got here. Wonder what it can do when stimulated the right way." Kumaro stammered nervously as I put his cock in my maw and start sucking on it from base to tip. "Pl..please go e..easy.. this is my first...AAAAAAH!!" he couldn't finish his sentence as he shot a huge load of cum down my throat. I swallow the load happily and continue sucking the cum out of him and all he could do is stand there and orgasm little by little down my throat. While he was doing this I was slowly fingering myself to prepare myself for his rock hard shaft to go into me. When I pulled off of him Kumaro's cock was standing 11 inches at attention. All he could do was moan and pant. "tha..that felt amazing boss." He said as he fell on his back his cock still standing tall. "Please call me Smokey," I say with a chuckle as I climb over him and straddle myself over him and line his cock to my hole. "Don't think we're don't yet though. " Kumaro just look at me as I sat my warm hole over his enormous cock and I just moan in lust and pleasure as I goes all the way into the base. "MMMPH! You're so big!!" I yell as I shoot a large amount of cum onto his chest and start riding him and as I do more and more cum squirts out of my cock and onto his chest. It wasn't long before he roared in pleasure and shot the rest of his load into my hole, after which I fall on top of him and nuzzle him and kiss him deeply and afterwards he just looks at me and says. "Thank you. Now I can die happy." I look at him lovingly and say "You don't have to die at all. I'm getting you out of here and we're running away together." "But where would we go" he asks as I get up and get dressed after cleaning up. "I don't know but we'll figure it out. Hell I'm too young to be running a hick town like this anyhow." He grabs me and kisses me deeply and I return the favor. That night we got on my horse and left town and we've been living in the north ever since. We've never been happier.
