

Joseph and Rammy are relaxing on one of the three sofas inside of the living room. The human's home has some pictures hanging on the walls, with a TV lying in front of the two. There's also brown carpet floors throughout the room, some bedrooms being in the hallway behind the duo.

Joseph wears his usual blue clothing while Rammy has his typical blue shorts and red shirt: Both aren't wearing anything on their feet. The Zoroark wiggles his red toeclaws, gazing at the man flipping to the last page of the book. Upon reaching that page, Joseph snorts before closing the book.

The man turns towards the red-haired fox. "...like it, honestly," he says in a soft tone, blushing.

The Zoroark gasps and raises his arms up in glee. "Yaaay!" He giggles, Joseph handing him the book afterwards. "I'm so happy that you enjoyed *The Cock In The Library*, hun."

"Surprisingly so..." The man scratches the back of his head in a nervous manner. "Was kind of expecting it to be the typical raunchfest with little plot in it. And yeah it has those raunchy moments, but also you've made your protagonists likeable enough to have me accept those moments. I honestly appreciate the scenes where Koni was expressing herself more and more, accepting her sexual identity and getting into a threesome with her friends at the end."

Rammy claps his hands. "That's good! Glad you like the characters I've introduced in the book."

Joseph caresses his nose, chuckling. "Again, it made me accept many of the absurd moments happening in it, including an orgy scene between Koni and the multiple cops on a rooftop. That part gave me more of a massive hard-on than it should."

The fox snickers. "Admittedly, that idea came from Alcyone. She proposed it to me while I was in the middle of writing that scene." He grins and winks at the human, Joseph's face becoming red in response.

"Man...You two really are huge horndogs. I should've expected Alcyone to suggest that."

Rammy laughs. "Something something she really do be hittin' that sauce different."

"I see." Joseph then yelps from Rammy's sudden hug, the fox purring while caressing the side of the man's arm. The man pats on his arm, nuzzling against the fox. "You're quite the innovative author, you know? Feeling free to express your interests and tastes in your books while somehow making your characters feel different from one another."

Rammy lets go of the hug, tapping on Joseph's nose. "Hey, I just simply do what I love. My passion tends to be my biggest strength at writing a story. So thanks." He smiles.

Joseph smiles back. "No problem, man." He stretches himself out. "I'll go ahead and take a shower." The man strokes his long hair, parts of it looking messy and sticking itself out like a sore thumb. "My hair felt like a mess after that trip from North Nookwill."

"I told ya the weather there is so hot that it'll make your hair look like a broken roller coaster!" Rammy giggles.

The human sighs. "Another case of 'I should've listened to my friends,' I guess."

"Also, can I join ya in the shower?" the Zoroark asks, leaning close to the man, his paws resting on top of his legs.

Joseph looks back, his nose touching the Zoroark's snout from the close up as he blushes, scratching the back of his head. He nods meekly. "S-Sure thing, man."

Rammy gasps before licking his lips. "Lovely!"

The man looks down, a bulge throbbing against the fox's shorts in anticipation. He blinks, his face reddening more from the sheer hardened state Rammy has gotten upon hearing his answer.

. . .

The two throw their shirts onto the ground, both revealing their slim bodies. The bathroom isn't anything special: The toilet and sink to the left, the bathtub to the right. Before Joseph can unzip his shorts, his ears twitch to Rammy's shorts collapsing onto the ground, the human eyeing him afterwards.

Rammy's big buns jiggle as the fox stretches, his eyes closing while he yawns. His bulky, large cock throbs and pulsates with excitement, flopping around whenever Rammy moves his hips. His hefty sized balls shift from side to side, the fox caressing his hair and sighing in relief.

Joseph's eyes widen, sweats dripping from his forehead out of nervousness. "Jeez..."

Rammy blinks, staring at the man beside him. "Loving what you're seeing?"

"P-Per usual..." He laughs in a shaky manner. "I tend to forget how massive and...knotty that thing looks."

"Hehe." Rammy twirls his finger around the tip of his dick, poking the knot with his other claw while purring. "It ain't the only thing that's massive, hun."

"Hmm?" Joseph blinks.

The fox eyes the man, exchanging bedroom looks. He sways his hips, stopping in front of the tube and bending over. His voluptuous behind wiggles and jiggles, his paw grabbing the knob, twisting it to the left. Rammy gives a small look behind him, smiling.

Joseph's bangs fail at shielding his red looks, the man's shorts drop to the ground instantly as his big cock springs up with ecstasy, his normal sized balls exposing themselves to the fox. The Zoroark licks his lips at the human's rod sight, his booty continuing its wiggelfest. Joseph's face flares up in shyness, feeling as though he's about to drool at those fat buns. The human takes a step forward. Then another. And another. Until he reaches the Zoroark and--

WOOSH!

The sprinkler splashes its water all over the tube, wetting up Rammy's hair before he leans back. Rammy turns around and taps on Joseph's nose again. "I saw you ogling at my ass, hun." He giggles, sticking his tongue out.

Joseph blushes more. "A-And I saw you ogling at my cock!"

"That's supposed to make me feel ashamed?" The fox smirks, folding his arms.

"I...Well..." Joseph looks away. "L-Let's just shower, dude. Besides...not like this is our first time showering together."

"Heh. How cute."

Rammy jumps into the tube before Joseph follows along, the water sprinkling onto the two like a downpour. The two face each other, the tip of their dicks smooching one another. They look at two soaps leaning against the wall, both grabbing them afterwards. Rammy is the first to nudge it against Joseph's chest, the man flinching briefly. Then he forms a small smile, relaxing his muscles to the warm water.

The man nudges the soap against Rammy's chest, giving the black fur a serene rub. The two leans closer, their cocks grinding further. The fox's knot slides on the human's shaft, their dicks throbbing and pulsating in temptation. Joseph pants and gasps, gazing up at the slightly taller fox. His purple eyes meet Rammy's green blues, their bangs dripping any water that has landed onto them.

Soon, the man looks away, chuckling softly while continuing the rubbing. "You know..."

"Know what, hun?"

"Hmm? No no, I mean like..." Joseph stares back. "I was..." He blushes. "I was going to say that you make me feel really intimate and...feminine. Like whenever I'm around you, dude."

Rammy blinks for a moment before snickering. "I'll take that as a compliment, love. Thank you."

"W-Well, I just feel...less 'manly' this way, real talk." The human's chest stops being rubbed, a claw reaching behind his head before he's pulled forward. "E-Eh!?" His head plants between Rammy's chest, the Zoroark purring at him while caressing his head.

"No need to feel ashamed about intimacy and femininity, hun," the fox states. "It doesn't make you any less of a man, okay?"

"...Heh." Joseph sighs in relief, hugging Rammy back. "You're right. Although, I have no clue if I am a feminine or masculine person. Feels like I belong in neither unless in certain cases like this."

"That's fine, too. Sometimes we don't need to identify ourselves as neither. As long as you feel comfortable with yourself as a person, ya know?" The fox smiles, purring. "The theme I aimed for in my book within all of its raunchiness, hehe."

Joseph looks up at Rammy, smiling back. "I...guess so. Uh," he scratches the back of his head nervously. "Sorry about the comment earlier. For being out of nowhere. And awkward."

"No need, beautiful. You're fine, in my book...Figuratively and literally speaking." Rammy blushes.

Joseph snickers before tapping on Rammy's snout. "Right."

The two exchange their gazes, the sprinkler drizzling down on them nonstop. Rammy licks the man's lips, Joseph blinking in response. Then the fox turns the licks into kisses, keeping his eyes locked onto Joseph's. The human reddens with intensity, eyes widening, the two's soaps dropping as the man wraps his arms around Rammy. He embraces the kiss, moaning softly.

The Zoroark swirls his tongue around Joseph's, moaning along with him. Eventually, the fox picks the man up, his throbbing rod slaps between Joseph's asscheeks. The man gasps, the two pulling away from their passionate kisses, saliva trailing between their lips. Rammy purrs, moving his cock up and down, Joseph's buns being hotdogged by them.

"You'll be fine with doing this dry, right?" Rammy asks, stroking the human's behind.

Joseph looks behind him, panting at the sight of the big wood grinding against him. He wiggles against the cock, waving his feet in temptation. He then looks back at the fox. "Yep. The sprinkler is wetting up your dick, anyways. It'll be fine."

"Good to know." Rammy moves his hips back before springing it forward, his huge rod infiltrating Joseph's anus without hesitation.

“AH!” Joseph yelps, the knot hitting his asscheeks while the tip of Rammy’s cock rams his belly, making it bulge. Without a second thought, the Zoroark moves his hips back and forth, pounding Joseph with eagerness. The man’s hole warms the cock up, Joseph gritting his teeth from the menacing thrusts. The knot smooches his buns over and over, Rammy roughen the poundings more and more. Joseph yelps. “R-Rammy!”

“Oooh yeeeeess, Joooseph!?” Rammy exclaims, licking the human’s lips in immense pleasure.

“Sl-Slow down a litte, dude!” Joseph groans, tightening around the fox’s rod.

“Whoops!” The pacing starts dipping, the fox lifting the man up and down on his cock calmly. “Mm, my bad, beautiful.”

“I-It’s fine...Mmm...” Joseph caresses the back of Rammy’s fluffy hair, pressing himself down onto the cock and shivering from the extra joy he receives. Rammy’s knot keeps smacking and slapping against the man’s asscheeks, Joseph panting and grunting in satisfaction. *Damn, this feels nice!*

Rammy picks up the pacing, panting softly. Joseph moans, stroking Rammy’s shoulders as his cock flops against him. Soon, the Zoroark mewls and rubs his nose against Joseph’s. “Please rub my balls with your feet, hun!” he pleads.

Joseph raises his brow before looking behind him, Rammy’s big balls ramming against his behind with enthusiasm. “M-Mm, sure.” Joseph brings his feet towards the fox’s balls, wiggling his toes underneath them as he grunts from the thrusts. “I forgot that you were into that, hehe.”

“Quite foolish of you to forget my appreciation for feet, Joseph.” Rammy giggles. “I thought you knew me enough to never forget.”

“Well, at least I’ll definitely remember that fact from here on.” Joseph strokes the Zoroark’s balls, squeezing them in eagerness before the two let out their moans. Precum spew out of Rammy’s cock, sliding against the human’s walls. Joseph leaks his pre onto himself and Rammy, leaning his face close to the fox’s, their bangs collapsing against each other.

Rammy’s cock twitches, rumbling with excitement as the climax draws near. “O-Oooh, fuck this feels niiiiice!” The fox thrusts more and more until he eventually rams his knot inside of the human, growling loudly. “AH!”

Joseph yelps, widening his eyes from the knot insertion before being pumped with loads upon loads of cum from the fox. The man moans, shooting his own seeds all over his belly and Rammy’s. “H-Holy...”

Some of the cum escapes out of the man’s hole despite the knotting, coating his feet, his asscheeks, Rammy’s balls, and the tub beneath the two like a waterfall. The seeds get dragged

towards the tub's drain due to the sprinklers, the fox sighing in pure glee before rubbing his nose against Joseph's.

"That felt absolutely wonderful," Rammy says, sticking his tongue out playfully.

Joseph nods, feeling his belly expanding a bit due to the cum being dumped inside of him. "Y-Yeah." The Zoroark grins at him, tugging himself back a bit before fully pulling his cock out, a loud 'PLOP' is heard as the human groans. Rammy grinds his cock between Joseph's asscheeks, shooting more seeds all over his back along with the walls themselves. Joseph sighs and shakes his head. "I also tend to forget about you releasing jizz like the sprinklers themselves."

Rammy laughs, wiggling his cock against the human in a teasing manner. "My cock can't help but feel so excited when it releases inside of lovely folks such as yourself, hehe."

"Hmph." Joseph blushes, looking away slightly while grinding back. "I-I can tell."

Rammy sets the man down, licking him on the lips before turning around. Joseph moans a bit, watching the fox getting on all fours. Rammy eyes him with seduction, spreading his voluptuous behind to reveal his eagerly puffy hole. He lets go of the cheeks, his ass rippling and jiggling. Joseph's cock remains in a hardened state, the human caressing it while he oogles at the huge booty.

"If you can move after those rough RAMs, then you can give me a similar treatment, too," the fox states, putting his claw against his lips and giggling.

Joseph rubs his own behind, groaning softly before getting on his knees. "My ass stings a little, but I can still move." The man gets behind the Zoroark, slapping his cock between the fox's booty. He grinds against him, the fox purring in satisfaction, letting his puffy hole smooch the human's dick. Joseph then brings his hips back before thrusting forward, his cock sliding directly into Rammy's ass. "Ngh!"

Rammy moans in glee, his big balls being slapped by Joseph's medium ones in response. The man brings himself back and jolts forward, his shaft being encapsulated by the fox's warm hole. He groans, the two curling their toes in ecstasy. Rammy's cheeks quake from the critical pounds, the fox purring in delight before sticking his tongue out. He taps on the tub, rolling his eyes up and drooling.

Joseph grits his teeth, stroking the Zoroark's hips while his cock slips in and out of the hole. "Do you, NGH--Ever let one of your fans pound you before?" Rammy turns his head a little, winking at the man. Joseph blushes. "I'll take that as a yes, then. OH!" Joseph's balls nudge against the fox's feet, Rammy stroking and fondling them eagerly.

“Again: I thought you knew me enough to know that would be the case.” Rammy giggles, his precum spraying all over the tub.

“Mmm, I don’t always pay attention to your personal life, Rammy.” Joseph grunts, shooting his pre-seeds inside of the fox and slamming deeply after each thrust.

Rammy growls in a seductive manner, wiggling his toes beneath the human’s orbs. “MMM, that’s fine, hun! I don’t particularly, nyah, imagine my life to be spectacular, anyways.” He slams back against the man’s rod, his ass trembling. “Come on, darling! Put more force into that big, raging cock!”

“A-Ah!?” Joseph yelps, his balls being slapped and smacked by the fox’s feet as Rammy bounces on his cock. The man moans in a feminine tone, speeding up the pacing. “F-Fuck!”

“Mmm, yes. Fuck indeed.” The fox keeps ramming himself against the big rod, twirling his behind and grinning with deviousness. “Fuck me so hard, Joseph. Destroy my ass like an earthquake!”

Joseph pants, drilling into the fox’s hole like no tomorrow. He strokes Rammy’s hair, groping his asscheeks before giving them a smack, the fox purring in response. “J-Jeez!”

“Delicious, ain’t it? Something that a naughty, mmm, Zoroark author like myself deserves!” Rammy’s cock flails back and forth, awaiting its inevitable release.

Joseph rams and slams into the Zoroark, some of the previous seeds slipping out of the man’s ass due to eager thrusts. His cock twitches, the climax nearing. “Oh gosh, this feels great!” Joseph wails. “I-I’m going to--Ngh!” He gives the fox his last thrusts, gritting his teeth from the immense enjoyment he receives.

“Yes!” Rammy’s insides are met with the loads coming from Joseph, cum sloshing around his walls like crazy. “YES! AH!” The fox moans, his cock erupting seeds beneath him in a messy manner, his tongue hanging loose with pure pleasure. The man moans along with him, some of his cum spilling out of Rammy as he keeps releasing them, stroking the fox’s asscheeks.

“M-Mmm...” Joseph falls onto the fox’s back, panting heavily. The two’s seeds get swept up by the sprinklers, Joseph caressing the fox’s paws tenderly. Rammy sighs in relief, nuzzling against the man. “I’m...thinking about whether or not I want to continue this...” Joseph states.

“Heh, your choice.”

“...”

The two immediately make out with each other, Joseph turning Rammy around as they hold hands. They both further indulge themselves: The human sucking on the fox’s cock, Rammy

leaving his tongue hanging out while his back is against the wall and Joseph fingering himself; The fox sucking the human's cock off, Joseph moaning in joy while spreading his legs out and Rammy fondling his balls; Rammy panting heavily, bouncing on Joseph's cock and fondling his balls with his feet; Joseph stroking the back of Rammy's head mewling, wrapping his legs around him and enduring the menacing thrusts; and much more.

As the two keep their sex going, a ghost head pokes from underneath the tub, eyeing the moaning buddies. The ghost, Alcyone, grins in satisfaction, many seeds sliding across the tub and passing through her. *Now THIS is some jackpot levels of yes, right here*, she thinks, lapping up some of the cum herself and shivering in joy.

Eventually the two men relax, their feet nudging and grinding against each other's cocks as many seeds spew out of them: Some of the cum even escapes out of the two's asses! Rammy twirls his toeclaw around Joseph's tip, purring. "I really love doing this with you so much," the fox says, licking his lips.

Joseph chuckles. "Figured you would enjoy our time fucking each other. You *are* the sex loving guy, after all."

Rammy giggles, waving his hand up and down. "Oh don't make me blush with such a compliment, hun."

"Hey man, it's the truth. Mmm!"

The two soon jolt their loads all over their feet, some shooting onto their faces before they moan happily. Rammy grins and licks the cum off from him while Joseph lets the sprinklers wash his face off, sighing in relief. "As much as I'd like to continue this, I really gotta get back to meditating." He gets up, stretching. "Feels like I'm slacking off on my daily schedule if I don't."

"Sounds good." Rammy leans back against the tub, eyeing up at the human in seduction. "Cutie."

Joseph blushes from the random comment, walking towards the sprinklers afterwards. Once he gets there, he looks down at the ghost. The ghost looks back up. "Hi," Alcyone simply says.

"AH!" Joseph jumps back, stroking his chest and panting irregularly. He regains his breath before shaking his head, frowning. "D-Don't scare me like that, Alcyone!"

"Hmph." The ghost floats up, more of her body shows itself: Blue dress, long black hair, and all. "I was hoping to spook Rammy instead of you." Alcyone pouts, folding her arms.

The man raises his brow. "...And why's that???"

“That’s her way of getting me to bang her,” Rammy answers in a blunt manner, shrugging. “I keep telling her if she wants to get down and dirty with me, she can just, you know, ask.”

Alcyone rolls her eyes. “Buuuut it’s more funnier and hotter when I spook you! Along with many others I’d spooked before.” She giggles.

Joseph gives the ghost girl the look of bewilderment, blinking. “...Right.”

Alcyone floats closer to the two, caressing her hands. “That was such a lovely show: Seeing you two going ham on each other’s asses, giving each other a blowjob, and so much more leading to those jets to stream.” She smirks.

Rammy snickers. “You know, you could’ve joined us during that ‘show’ of ours.”

“Mmm, perhaps I should’ve. But I’m moreso in a bystander mood instead of the participant mood.”

The Zoroark sits up, twirling his bangs while eyeing the ghost longingly. “Despite the comment you’ve mentioned earlier about wanting to spook fuck me?”

Alcyone gasps. “Wait, you’ve actually taken that seriously?”

The human tilts his head. “You were actually kidding about wanting Rammy to pound you earlier?” Alcyone nods at him. “Huh...That’s surprising.”

“Yeah, agreed.”

Alcyone grins and poofs momentarily. She reappears in front of Joseph and pokes his nose. “Pranked,” she poofs and reappears in front of Rammy, poking his nose. “Ya!” She giggles. “I actually *am* being serious about wanting to spook you instead of Joseph. You got me!”

Joseph blushes from the tap while Rammy laughs. “You absolute naughty troll ghost, haha!”

Alcyone points at the fox. “I bet you’d FUCK a troll ghost, too.”

The Zoroark looks down at his rod, blinks, and then eyes back at the ghost. “How did you know!?” he states in a sarcastic tone, laughing along with Alcyone. “By the way, Joseph here likes the rooftop scene from The Cock In The Library.”

Alcyone jolts her attention towards the human, the man looking away while blushing. “Oooooooooo! Really, now?”

“Y-Yeah. It was...pretty hot, admittedly.” Joseph then yelps, his ass receiving a sudden lick from Alcyone’s long tongue.

The ghost winks at him. "You're absolutely welcome for that jizz overload scene!" She snickers, covering her lips like a sneaky child.

Joseph sighs softly. "You two are...something else, alright." He smiles. *And I appreciate it, to be honest.* The man turns the shower off before the three exit the tub, continuing on with their conversation.
