

Employee Title: Intern
EIN: 63215
Gender: Female

First Name: **Cashoo**

Last Name: **REDACTED**

Employment Status: Active (Probationary)

Summary:

Cashoo is a recent member of the company, hired on a probationary basis along with EIN 63215 "Niccademus." Cashoo took advantage of some of the company employee benefits and transitioned to her current gender with minimal complications. She has proved to be a touchstone for The Assistant and serves to keep her well-grounded, while aiding both her and Niccademus with relative efficiency.

Provided they complete their probationary employment period without major incident, and their probationary status is not extended, Cashoo will have the choice of many positions at the company.

While somewhat resourceful, Cashoo is easy to startle. Recommended corrective measures have been applied in a limited fashion to encourage them to relax and open up more. As of writing continued corrective measures are encouraged on a weekly basis for the purpose of aiding them in raising their maturity and self confidence.

Should this not have the desired results, their Internship will be ended at it's contractual cessation date and Cashoo will be allowed to either leave or to accept an unknown position in the company designated by The Assistant or The Producer.
