

Narrow soft cold hollow
Find comfort in the bed pan
Feel comfort in the womb
What is I that's meaning
You have deserted me
To rejection is the relying partner, come free, come fuck
If I haven't yearned enough then I have given up,
Yes please, to darling just die
As anyone knows I with loathing drastically to fable
My hearts the rotten Hotel, as it was too fresh, to firm to last,
Come stay in, come play, make the meat hold you tight,
As any other guest before
Observe, acknowledge, my hotel as you leave it rots, and hardens as I am the sweet,
as I am the loyal, as I am better, deserves better,
Look at the walls.
This is what my better belongs to,
This is my desire's home, raw rotten excrement awaits them.
The manager sways and pets, only to get better, your only to get softer,
Just wait, just wait!
As the next guest, acknowledges my hotel, looks a salvation,
Salvation as to the guest, says I deserve better.
Better, as I am told, they play me as a puzzle as I play them my selves,
As to I the foundation,
Rotts slower.

Seeping down the vents into the bedpan
Slime mess blossom to dies
Away wither hold my breast , away with us I am to die,
Nothing is everything as everything is nothing,
Bleed slit cut ohh and ooze
Alone slalom and pity to lust these
as so strong is to love
I am nearly to knot
Cuts acid teeth falls out of head
Killing her small industrious fetus
Soil hazard buzzard
Fucking stop, your dog is dead, your finance is dead
Your cabinet is dead, your books are dead,
The file cabinet is alive, hypnosis sits on your lap
Mouse sex ringing on your throat,
infomercials plummeting you garbage disposal,
I had you, you are dead you are now dead,
I knew you were dead , as I wish
You are as dead as fuck!
How can you tell me you love me, you are dead,
Stop
Well it isn't true, dead people cant talk

Fucking why do I love you and you don't love me?
The acid water dripping gasoline, well wither way fine a blaze
Poison the bath feed, salt simmers deep within my veins, It paralyzes me .
Rejection, you're the one thing
The one thing I couldn't forget,
You're the one thing the only thing
That I couldn't get
To the scene were I lose, to wear and milk and willow and suck and cum and wish
and wish and wish and wish and wish and wish,
To the stars,
Kill me so I don't have to reconsider,
Kill me with the dripping cat
Fuckity bye bye as I to die

The rotten loathing coarse of meat, seeps poison and is thrown on the ground
