Nikki was your typical, intelligent 18 year old high school girl. She'd walked a difficult line through school of being both intelligent but also been popular – the fact that she had always been blessed with a slender physique, long silky brown hair, blue eyes and an ample bosom had helped of course. Intelligent and clever meant, as far as she had always believed – she could pretty much get her way whatever the situation. Since she had been 14, she had been in a relationship with a boy called Todd who also happened to be a red fox. Her parents didn't really approve – after all – why would a 14 year old vixen need a boy at 14? Right? But the relationship had endured, and she had given him her heart. On her 18th birthday – he had proposed to her – and that day was the happiest day of her life. 18, engaged and looking forward to the rest of her life with her favourite person in the whole world.

Two weeks later, the couple were at their favourite spot – it was a lookout which had a scenic view looking over the town they'd grown up in. Todd brought up some hints of possibly holding off on the whole marriage thing – and Niki, being the girl she was dug for a reason. . . her world began to fall apart that night. He told her that he had started to think it was a mistake to propose.. but what she couldn't get from him was why.. short of him saying that maybe they were too young to commit to something like that yet. They parted not on the best grounds that night – and the following day she was determined to find out what was going on – so she went to where she would know Todd would be on a typical Saturday morning – at the skate park with his skateboard. She mingled as best she could with the people near by until she could see through the wire mesh fence into the park – there he was – on his board. Nothing strange going off.. She watched for almost an hour, and had begun to feel maybe she would be in now for a long day of trying to remain invisible. Then she noticed a Wolf, she was pretty much as good looking as her, wearing a short cut tshirt, and denim hot pants – heading over to Todd. She was too far away to hear what was being said, but it looked as if Todd knew her pretty well – especially when the wolf girl moved up close to his side, grabbed his crotch and groped at him right there- in the middle of the skate park, hanging off his arm. Todd had reacted – not with surprise but by wrapping his arms around her and giving her a passionate kiss.

Niki saw red. Invisible mode was truly disengaged as she stormed into the park – across it and straight at Todd and the Wolf. Unfortunately – her rage didn't bring any positive outcomes. She confronted the two right there and then – but although Todd seemed initially surprised – worried – shaken by the fact he had just been caught – everything came out. Todd had been cheating on her for almost a year and when given the choice – of the girl he had been with for four years, and had proposed to – or Sarah, the wolf who had just been groping him in public – he chose the wolf. He dumped Niki in full view of everyone in the park – and Sarah simply smirked at her – adding a comment 'Just not good enough I guess.'

Niki ran from the park, back home and cried for hours in her room. Something changed in her that night.

A couple of weeks later, she was walking home after being to the gym and she took a shortcut through a back alley – and was confronted by a scene she'd never seen before – it almost looked like a couple of guys were about to have some fun – a Raccoon had hold of a Cheatah's dick.

She stood quiet, and curiously scooted to the side – in the shadow and watched. She longer she watched, the more she understood the cheetah wasn't actually wanting what ever was about to happen – and then she saw it. She watched as the raccoon meticulously removed that cat boy's dick – and left the guy slumped in the alley as he casually began to walk in her direction...

She stepped out.

"Hey there.." she said with a slight quiver in her voice

The raccoon looked at her from the darkness of a hood over his head – only his muzzle was visable.

".. don't worry .. uhm .. Im not going to tell anyone" she continued "I saw what you did to that guy... Can I ... see it?" she asked

The raccoon looked at her curiously .. weighing up whether to simply brush her aside.. but he decided there was something in her voice that maybe wasn't such a risk. He reached into his pocket and brought out the still hard, banded cat member and offered it to her.

She took hold of it and looked at it in her hand, feeling the warmth, the silkiness of its surface.. and then she caught the scent... she looked over at the pretty handsome looking guy still over slumped against the wall with his pants down, and empty sheath still showing .. and looked back to the raccoon "will he be alright?" she asked

The raccoon nodded.

She brought the cheetah member up closer to her nose ... sniffing it a little ... she was getting turned on .. she couldn't help it... "I want to know how to do this..." she said with a darker sound to her voice to the raccoon.

The raccoon thought for a moment wondering – is it just that she has seen this done and now wants to do this or?... "Why would you want to learn how to take something so precious from a guy?" he asked – the first time he'd spoken the whole time she'd been watching – and it was then that she told him her story.

The raccoon listened – and decided that she would be suitable to learn his skills – she wasn't a raccoon, but she was smart and he could see she was fit enough for even some of the more difficult infiltration tasks he'd set himself over the last few years. He told her where and when to meet him next – and, he told her she could keep that teen cheetah dick.

On her way home, her legs were like jelly... the dick was in her jacket pocket – and once home – she went straight to her room, took the dick out of her pocket and set it on her desk, sat down, and looked at it.

It was almost as if it wasn't real.. she moved her nose down to it – and it met its shaft... the scent was still there.. that cheetah must not have showered that morning .. but 'fuck..' she thought 'how

can this turn me on so much' She let the barbs gently rub over her nose.. thinking how this just a couple of hours ago had been in that good looking cheetah's pants – his most cherished body part – his dick.. and now it was a piece of meat... not only that .. it was now hers. 'Mine...' she thought ... and as she thought – she thought about Todd.. his dick was once hers too... but she didn't stop to think about this for too long .. She moved a hand down to her crotch, rubbing herself gently .. sniffing at that still slightly warm cat dick in front of her ... she undid her pants, pushed her paw down her panties and rubbed .. moaning quietly Grasping that cock in her other hand she gave the dick a lick along the shaft to the tip, tasting that salty flesh before pushing the tip into her muzz, sucking and teasing the tip with her tongue ... her fingers slipped inside her as she moaned again before she realised..... she was holding the most realistic toy she had ever had... she panted gently ... pulling down her pants and panties fully ... and padded to her bed – laying down.. she glanced at the cheetah cock in her paw before moving it down to her sex ... She'd never had a cheetah before... she thought as she teased the tip over her clit – before pushing it inside her – grasping it by the base, using it just like one of her many toys.. only this was different.. this was .. perfect.

It didn't take long. She moaned, grasping at the sheets with her free hand and came around that disowned boyhood.. and then she lay there .. catching her breath.. thinking in the after glow.. she pulled the cathood from her – and looked at it... bringing it back up to her mouth, and once more sucking it in... nudging it about with her tongue ... and then – she clamped her teeth shut – mid-shaft. She felt her teeth pierce the flesh – a crunching sound as they cut through Her mouth was awash with her own taste, the taste of cheetah male and blood.. but she loved it.... She rolled that severed piece in her muzzle a little, lapping at it – imagining all the times that guy must of jerked off – the orgasms he had had with this in her muzz.. and now it was just a piece of tasty meat... she began chewing – grinding it up – and swallowing it down ... then the rest ... she teased off that band – and ate the rest of that cheetahhood before then calmly going in the shower - and bed for the night.

Over 6 months – she learnt from the raccoon. And now, she was prepared for her first job, and the raccoon was going to let her do it on her own. After all – it was her payback that she wanted to serve.

She'd seen Todd and Sarah on a couple of occasions heading into the woods – and she knew there was only one place they'd be going - their place.. her and Todd's favourite place – the lookout. She figured this would be perfect.. it was quiet and no one had ever been there when her and Todd had gone..

It was a Wednesday, on a warm august night and there they were. Taking the turning out of town – down the path leading to the woods. She had been heading home herself – but here it was – the time to serve some revenge.

She followed a distance behind. She wasn't in a rush, and knew where they were going – so there was no need to stay close. She took out of her backpack a pair of special shoe covers – which helped quieten her footsteps a little and as she drew closer to the lookout she took her time, making sure she didn't put her foot wrong, avoiding twigs and other objects that could give her position away and then as she was close enough, drew in behind a tree and took out a small blowpipe and a couple of darts. The raccoon had a surprising array of equipment to offer her. She now watched.

She watched as the wolf moved closer to Todd – and once again that paw of hers moved over and started to grope at the fox through his jeans. That was enough for Nikki. She aimed the blowpipe at the wolf girl and fired.

The dart was straight and true – and found its target – the shoulder blade of the wolf girl.

“Ow!!” the wolf shouted out “something just bit me!” she said – retracting her hand from the fox’s crotch and trying to reach for her shoulder.

Nikki fired again – this time at the confused looking Todd. This dart found his arm.

Todd let out a small yelp “AH! ... something bit me too! ...” he said reaching for his arm – and finding the dart “what the .. fuck?...” he said pulling the dart out and looking at it ... He’d never seen anything like it before.. he quickly started looking around “shit.. lets get out of here!” he said to Sarah.

They quickly got up - but both of them already had started feeling a little drowsy – and as they suddenly began to run – Sarah lost her footing and fell over.. Todd kept running – leaving her back there – until he himself fell - .. he tried to pull himself along a little way but was getting nowhere. He panted.. and saw someone move in front of him... he looked up at them...

“Surprise.” Nikki said In a cold tone before he finally fell unconscious.

Nikki grabbed hold of Todd’s hands and pulled him back to where Sarah had fallen, then lifted Todd up so his back was against a tree trunk, tying his hands back around the tree – and then the same with his legs. Nikki then repeated the process with Sarah, but on the tree next to the one she had tied Todd to.

Nikki moved over to the unconscious Fox, rubbing he hand over his soft cheek fur and remembering all the fun they’d had over their childhood. Although he had been her boyfriend since they were both 14, they’d known each other pretty much their whole lives. She remembered back to when she and he had lost their virginity together – this she at least could be sure of as it was before he’d met Sarah...

She moved a hand down his tummy – which was covered in a t-shirt – down to his crotch – the bulge of his soft package inside showing from his jeans – she squeezed gently – feeling the contents squidge in her paw – where ‘that bitch’ as she thought had had her paw just a few minutes ago.. her fingers fondled with his zipper – before pulling it down, reaching in and giving that package another squeeze as her former boyfriend was still out of it.. she grinned knowing what she was planning and then undid the button – pulling down his jeans – and then his boxers – exposing that oh so familiar package.

She kneeled down and nuzzled at his sheath .. his scent bringing back all kinds of happy – and naughty memories for her.. she had truly loved Todd – and for her – he was all she would have ever needed – and was happy to devote herself to him... but then she came in.. She stood up and walked over to the unconscious wolf girl tied to the other tree. She looked her up and down .. poking her a little just to check she was still out .. and it was now Nikki started to get curious.. sure she had Todd now over there.. he is hers now .. but she has this wolf girl here too – so .. she’s hers to do as she

wants now too right? She started to get curious ... and a feeling came over her she'd not had before.. her eyes fixed on the other girl's breasts...

Sarah was wearing a simple short cut t-shirt, stopping just above her belly button, and denim hotpants – similar to what she had been wearing on *that* day.. Nikki pulled up the front of the wolf's t-shirt... no bra - 'classy gal' she thought to herself .. but then she moved closer to the sleeping wolf .. moving her paws up – to gently cup .. squeeze and kneed at the other girl's breasts .. Nikki moved closer and nuzzled at the wolf girl's muzzle as she explored and fondled her – and without any thought – a hand went south – down the wolf's white furred tummy – and to her crotch, where her hand grabbed and rubbed at the wolf girls crotch. Nikki moaned a little as she grinded gently against the wolf's leg, her fingers still pushed up – rubbing at her crotch before now kneeling down in front of the other girl – and looking up at her – head hanging down ... This vulnerable girl here – was her enemy.. and she had her exactly where she wanted

Somehow this turned Nikki on even more – she quickly unbuttoned the other girls pants – tugging them down – along with her panties and grinned – looking at her opponent's sex.... She stood up once more and pressed up against the wolf – nosing at her muzzle once again – before sliding her fingers up into her sex ... “you're mine now too .. bitch” she said – before holding up her limp head with her other paw and kissing her on her lips..

Nikki stood back from the two now naked from the waist down, fetched gags from her bag – and secured them to their muzzles before sitting down and waiting for them to come round so that her real fun could begin.

Sarah was the first to stir, and as the wolf girl took her time to focus her eyes and realise what the situation was – Nikki had got up and walked over in front of her.

“Evening Bitch.” Nikki said with a sharp attitude “I decided I should take what's mine – and he's right over there.. What you and that bastard did to me was almost unforgivable..” she continued.

Sarah struggled on her bonds and tried to shout back – but the gag in her mouth stopped her from doing anything more than muffles and moans.

“I say almost.” She said pausing “because I am stronger than both of you.. I'll forgive you both when I've taken what I want from you both” she said kneeling down in front of Sarah ..

Sarah only realised she was naked from the waist down at this point ... she let out a yelp of disbelief.. squeaking out some more random mumbles and muffled garbled words.

Nikki looked up at the other girl smirking “I'm going to experiment.. ” she said before pushing her nose up against the other girl's sex, taking in her scent slowly Nikki murred softly before letting her tongue slip out and lap at those warm folds .. lapping up to that little button of flesh.

Sarah struggled again... letting out a couple more trembley yelps before her legs went weak.. Nikki's attentions – were simply something she couldn't help but like .. Nikki pushed her muzzle a little firmer to her sex, lapping and licking at her clit – nudging it about a little before taking it between her lips and suckling gently Sarah moaned out loudly.. she couldn't help it!

Nikki felt the sensitive fleshbite in her muzzle react to her attention.. getting larger as she teased at it.. It was now she pulled back and licked her muzzle “You know I’ve never done this before? .. heh.. “ Nikki said as she slowly got up from her knees – cupping a paw over Sarah’s sensitive sex – and gently teasing with her fingers ..

Sarah’s eyes were locked on Nikki’s and she let out yet another moan ... she was wondering in the back of her head if the vixen was going to make her cum? She may be her rival – but she sure knew how to make her feel good .. when suddenly a sharp needle stabbing pain jabbed her in the crotch! – The wolf yelped! ... then saw the vixen withdraw – a syringe in her hand What had she done?! – she looked panicked ..

Nikki smirked back at her “ohh don’t worry .. I’m not evil .. that’s for the pain...” she snickered “that niiaaice feeling you just been having? .. well... lets just hope you reaaaaaally enjoyed it hm? .. it’ll be the last time you feel it..” Nikki said – setting the syringe back down on top of her bag and moving back to the wolf with a small device which Sarah didn’t recognise. “This, my little wolfy is going to stop you from bleeding out. It’ll be fine!” she says moving down and grabbing that little – engorged button of flesh and pulling it through a tightly stretched rubber band – and when in – and the contraption pushed as far to the wolf’s body as possible – snapped it off.

Sarah yelped loudly – despite the gag – the anaesthetic obviously hadn’t taken full affect yet..

“These bands are small ones – especially for this job.” She said to the wolf as she watched the button go shiny – tightly trapped with that band behind it. She moved her paw back to it and rubbed at it gently ... “you feel this?”

The wolf moaned quietly ... but it wasn’t as intense – and as the vixen kept teasing – she felt less and less.. as if her clit was fading from existence as the injection took full hold – and all she could feel was a slight tugging below her belly..

“ready are we?” she said looking up at the wolf... and pulled a surgical scalpel out – and flicked off the safety cover.

Sarah looked down – staring in disbelief!! She shouted as best she could – the gag muffling it – but it could be understood ... “NO!! MMMFF NOOOO!” She cried out

Nikki looked up – Sarah’s clit in one paw – and the knife resting next to the green rubber donut “I’m sorry – I don’t know what you’re saying.” She said before forcing the knife down in a single slicing action – and that little formerly sensitive button of flesh came free .. Nikki stood up and held it up in front of Sarah’s face “There we go! I’ve dealt with this little parasitic beastly for you” she said grinning at her face.

Sarah was breathing heavily .. and after a brief moment she fainted.

Nikki snickered once more “I guess arrogant wolves cant take reality sometimes.” She said – letting the flesh drop into her palm – and clasping it – wandered over to Todd who had just started waking.

Nikki’s voice changed – from her harsh, cold tone that she’d been using the whole evening and switched back to a now alien – caring – calm – even sweet tone “Hi Toddy? You okay? You seem to have fallen over? It’s okay I’m here” she said – petting his cheek fur “here.. I bet you have a real

headache.. take this. “ she said before pulling the gag from in his muzzle and pushing Sarah’s severed clit into his muzzle.

Todd was almost awake .. he heard a familiar calming voice and then her asking him to take something – something warm? Slightly salty – but metallic? ... he chewed on it – it felt like chewing on soft coconut? .. he swallowed it down.

“you’ll feel better soon” she said again “after all – you just ate Sarah’s clit.”

Todd heard that.. and opened his eyes wide ... “What?!” he cried out “are you.. sick!? Nik, wh. Why are you doing this!?” he asked her

“You are asking – Me – why? “ she responded “You were my one and only – we were engaged! .. and you proposed while you were fucking her!... and then end it all for her, never coming back! Never even saying sorry! ..” she shouted back at him

“I’m sorry! I’m sorry!! Is that what you want to hear?!” he snapped back quickly

“No, you’re not sorry – not yet.” She said stepping close up to him and grabbing his sheath “You’re too late to change things now. You’ve made me who I am now .. but maybe you get a kick out of that?” she said – pushing a single finger into the tip of his sheath.. just as she had many times in the past.. her finger tip gently pushing – rubbing and teasing at the concealed tip of his foxhood inside

Todd let out a stifled moan “ .. stop it Nik .. I mean it! .. “

She looked at him – “but I thought you liked this Toddy?” she said before moving down- taking her finger back out from his sheath – and watching as the tip followed and now peeked from his warm fuzzy sheath. She kneeled down and nuzzled at it, sniffing and offering gentle nips .. “Toddy? Remember when we used to do this in my room?” she smirked

Todd moaned louder now .. “Nik.. please stop... mmm.. yeah .. and that first time when you showed me w...what else it did?”

Nikki watched as she nuzzled as that familiar foxhood grew with each heartbeat.. as soon as it was half exposed she took hold of it with a paw and gently glided her fingertips over it – up to the tip.. over and over ... coaxing it.. his scent driving her on.. she had loved his scent – right from that first adventure they’d had in her bedroom. “Stop? Why? I think you want me to do this! .. I mean look!” she says as she stands again, grasping the now hard foxhood in her paw firmly. In her free paw she’d already grabbed the syringe and as she moved up to kiss him on the cheek – she jabbed it straight into his groin.

Todd yelped – louder than Sarah had! “What did you just do!!?” he shouted at her

“Don’t worry Toddy! Nothing bad!” she said dropping the needle and grabbing her little contraption from earlier – loading a bigger band into it and stretching the band out

“w...what’s that for?.. no .. wait . . . “ Todd said as she approached – and fed his dick through the gaping hole of the rubber ring.. “I’m not into cock rings! .. you know that!”

Nikki grinned “That’s okay Toddy!” the ring pinged off and bit tight into the base of Todd’s foxhood – and she watched him wince “you wont have to worry about those” she said, stroking – and then starting to jerk him off – using every trick she knew that pushed all his buttons ...

Todd gasped – trying to hump into her paw – he couldn’t help himself.. he was horny! After all he’d been saving himself for Sarah tonight... as she pawed – he was quickly getting closer and closer.. Nikki knew how to get him off in seconds when she wanted ... but .. something was wrong. He was almost there- when the feeling began to fade?... he humped as hard as he could – quicker... but it was no good! His dick was going numb! .. and before long – there was no feeling at all! Only a tugging at his stomach as she fapped ... he whined “Nikki! .. I cant feel it! .. I . I was almost there!”

She looked him in his eyes “aww really?” she then turned and loaded up the bander with another band – and slid it down – snapping that off a small distance up his shaft from the first one ... but there was no reaction from him this time – though his cock was solid now – shiny from the pressure built inside... and a dribble of fox pre escaping his tip. “aw Toddy – you’re drooling again!” she smirked and grabbed that sharp surgical knife she’d used earlier and just rested the blade on his cock – between the two rings.

“Wait.. Nik .. w...what? .. you cant be serious – sure her? Maybe you’re angry with her but . . you cant! You cant cut my dick off! We .. we’ve been friends so long! .. y.. you remember that time I got kicked in the nuts and you rubbed me better?? .. “

“yeah Todd, we were 10. You weren’t cheating on that girl who kicked you back then were you?” she said with a growl

Todd looked down – his eyes wide, breathing heavily – just staring at his foxhood held in her left paw, the knife on his cockflesh ...

“Here’s a lesson for you Todd. Don’t give someone your cock – promise its theirs and then give it to someone else. They may come to take it back.” She said – and started slicing round..

Todd squeaked seeing the knife parting his flesh “WAIT!” he screamed out “PLEASE!”

Nikki ignored him – pressing down harder – and with one more yank – parted the fox from his dick – it came loose in her paw and she stood back up, putting the knife away and pointed the fox cock at its former owner “you’ve been a bad boy.. “ she said and then rubbed his severed dicks tip over his nose..

Todd whined and tried to turn away as he felt the hot piece of meat being pressed against his nose – breathing in his own scent.. “.. i.. I’m sorry Nikki! . . “

“This is coming with me. You wont see me again Todd. You can keep your balls .. if you tell anyone of what’s happened? Imagine what else I could take from you.” She began packing things back into her backpack – before finally untying the unconscious wolf girl from the tree “When she wakes up – she can let you free. Goodbye Todd.” She said as she turned and walked off up the path – still clutching his severed dick in her paw.

Everything had worked so perfectly she thought – her parents were on vacation for the week – the house was hers.... And as she got to her front door – her whole body was filled with butterflies.. she'd done it!! .. she'd got his dick! .. it was all hers! she dumped her bag and jumped onto the sofa.. she couldn't help her self – she was horny as hell! ... she pulled Todd's severed cock from her pocket where she'd kept it after leaving the woods and brought it up to her nose ... breathing in deep lung fulls of his sexy scent... She squeezed up its shaft to its tip – a small bead of pre escaping its tip, still in there from when she had been teasing him – his last pleasure... she opened her muzzle as her other paw moved down into her panties ... forcing her fingers up into her sex.. taking the head of that cock into her mouth, suckling the sweet salty pre from its tip.. remembering back now to that first time.. the first time she'd done this – teaching him it had done more than pee... and yet now? It wouldn't even do that.. it was just another piece of meat.. hers ... she pulled down her pants and panties- she hadn't even undone them – and they tore a little as she forced them down – she just couldn't get them down quick enough! ... she pulled the boyhood from her muzz and moved it down her tummy to her crotch, letting the tip tease her folds and then shoved it deep into her..... gasping ..

She was surprised how it felt so familiar.. as if he had been here.. only now only she was getting the pleasure ... she started pulling it back out – pushing it back in ... over .. and over – quicker and quicker – harder and harder until she screamed out loudly!! It was the most intense orgasm she had ever had.. her sex clenching at that severed fox cock like it was trying to consume it whole....

She laid there panting ... oh yes.. she thought - this is going to be a long long night... and when breakfast comes – she's already brought home her take-away.

As for tomorrow? More training ..
