

So after the Rebels of the Gaian homeworld shortened to the rebels of Gaia or TRoG were resting in their healing hot spring. One by one each of the nine Wolves Zephyr, Storm, Bodhi, Victor, Colton and Artemis had gone to their own rooms to rest when Akira had helped his boyfriend Kage to his room.

"Thanks for the assist Akira" Said the Worn out Kage "We really worked hard today taking down that monster". "Yeah luckily i was able to support you all the best i can" Akira said that as the two got to his room as he helped Kage onto the bed in his brown jockstrap while he was wearing a white pair of briefs. "I keep forgetting how thin you are Akira compared to the rest of us and you don't eat much either" "Yeah, i keep forgetting that too" Akira had glanced at Kage's toned chest as he blushed a little bit. "Are you getting flustered?" "N-no! I just uh... had remembered something!" "Is it how cute we are together? Or my toned body?"

Akira's face had only gotten more red as he hesitantly said that he got flustered over his toned body as Kage had beckoned him to come closer as he pulled him into a hug with his arms around him. "Ahhh let me go!" "Never!" Kage had nuzzled the back of his neck with his nose as he let out a cute sound from it. "Is... it weird that the prince of light is your boyfriend when you are the prince of darkness?" "is it weird that we are polar opposites but we attract?" Akira smiled "y-yeah but i love you either way" "i love you too Akira".

Kage had gotten a confused look on his face as Akira's face had gone bright red "whoops... looks like i got hard from that s-sorry" . "A-actually it's fine... i wanted to talk to you about that, i know that well slept with other people before even with your ex" . Akira had propped himself in a way so that he was on his knees on the bed looking down at Kage he was also starting to get hard in his underwear. "I actually wanted to have sex with you... this must sound weird coming from a shy guy h-heh" Kage had sat up a little bit. "I figured at some point you were going to say that and had planned ahead" Kage summons two things from a shadow portal, a condom and some lube. "Now... do you want to top or bottom?" Akira has a confused look on his face " Do you want to bang me or you to bang me?" "u-uh i want to bang you if it's fine"

Kage had helped Akira out through the whole thing as Kage had pulled off his own underwear as Akira pulled off his lubbing his own member up. "Hey you got it... just go in nice and easy...". Akira feeling his heart in his throat had followed through as he slowly slid into him "w-woah it's super I-lose down there" Kage Blushes "y-yeah i suppose it is" . Akira then started humping into him slowly but surely eventually after he built up enough confidence he sped up a bit before climaxing hard when kage did after many moans and humping later. Akira had pulled out and flopped next to his boyfriend as he was panting hard "f-fuck my heart is beating so fast....". Kage pulls Akira close to him both still nude and leaking a bit in a spooning position nuzzling the back of his neck. "You did great... maybe i can do you some time hehe.." :y-yeah... i love you. Kage held him close "I love you too" Akira had moved Kage's hand to be over his chest.

The next day or night Kage had topped Akira and uh he really liked it then when he topped Kage.
