

At this point in the story Artemis with the rest of his best friends had landed on earth to escape the toxic atmosphere of his homeworld, as he was exploring the landscape around him. It was there where he spotted a 5'2 Mouse girl in a preppy school outfit getting harassed by some juvenile delinquents. He then readied his claws as he did not have any of his beast tools with him to help save the girl.

After a few quick words Artemis had sprang into action beat up the the delinquents as they ran off but he was pretty hurt in the scuffle it was 3 on 1 anyways, during the fight he had awakened to his powers and was noticeably more stronger.

"Hey... Are you alright?" Artemis had reached out his hand to her as she was on the ground as she took it and stood up. "Y-yes... but w-who are you?" She stammered "My Name is Artemis and you are?" "Amber," she said. "Are you hurt?, you seemed like you were holding your shoulder" "to-oh-no I'm fine but you seem to have taken a bulk of the beating". The whole conflict had been recorded by the witnesses around them. People were claiming that there was a mysterious wolf boy who had taken down three of the town's Juvenile delinquents and helped Amber, a school girl, out from a bad situation. "Amber is it?, you should head home you nearly got hurt" "o-oh yeah i should... thank you Arthur" "It's Artemis but... close enough" . Soon Amber's Twin sister Angela and younger brother Alex had rushed up to her because they had gotten separated from running away forgetting about their sister. "Amber.. Are you okay?" "Y-yeah she stammered to her sister "Hey big guy... were you the one who saved my sis?" Said Alex, the younger brother. "Yes i did make sure she gets home okay she looks pretty shook up" "But what about you? You have a shiner" Alex had pulled out his phone's camera to show it to him as Artemis had grabbed the phone. "Well.. I'll be damned... you are right but I'll be fine. I went through some worse things" He said this and gave the phone back. Artemis had spotted some uniformed police officers and got visibly panicked "Uh... I'll leave b-bye!" He had taken off running to the first and jumped up onto one of the high branches.

The Siblings and the witnesses had reported the incident to the incoming police officers who had gotten a call about a wolf boy beating up some hooligans. Once Artemis had gotten home he had told the rest of his best friends what happened and Amber once she got home told her parents and friends through text later on that night. "I don't have feelings for her right?... why am i feeling this way?" Artemis had laid in his bed at midnight trying to sleep but woke up in the middle of the night in a cold sweat. He felt his heart pounding in his chest all night long just thinking about what happened and about her.
