

So within the same week of Isacc being rescued, there was a magic monster spotted near Diamond Lake itself and the team ran out there to go fight another monster.

It wasn't until they saw Joseph inside one of the bigger monsters that the mission became dire as someone's life was on the line.

Upon the monster being defeated that Joseph was in, he was wearing a different outfit.

Joseph- Wears a Dark Green baseball uniform on top of his jumpsuit with the cleats and gloves being like a normal uniform. He uses a baseball bat to fight with (and shoot grass baseballs) and uses the grass element. His gemstone is baseball bat shaped.

Cole, Willson, Sylvester, Leonardo and Joseph all kicked ass while Isaac was helping every step of the way from a distance but pulling his weight.

And with one baseball grass ball the monster was taken down and later on after Joseph joined the team they had gone out for sodas and milkshakes at a rollerskating rink, and then carried on having the fun some more later on in that same day before the exhaustion kicked in.
