

So Alexandria had invited Brian over to do some studying with some roommates, and throughout the course of the evening he started to become a lot more friendly with her.

Alexandria had also needed help with a school project of hers and it was in her bedroom. And somehow in Brian's mind he thought that all this was some sort of elaborate date that Alexandria had no clue about.

Eva who also lived in the same dorm room as Alexandria was outside her room before she heard this.

"Um... Alexandria?"

"Yeah?"

"Is... this a date?"

"No? why do you say that Bryce?"

"It's Brian... not Bryce"

Silence.

Brian then had an "oh Shit" moment and apologized that he had a lot on his mind as he basically ran out of her room.

Eva who was standing outside had heard everything as Alexandria had made eye contact with her.

"you heard everything didn't you?"

"yeah I did, sorry I was walking by"

It was then said that Alexandria sees Brian to be just a slightly older brother, and that she was semi-interested in someone else.
