

Darius in control of Brian's body was running out of the Stadium freaking out after being exposed by King Artemis on accident as Brian in real time was watching all this happen.

King Artemis gives chase with the Elmwood brothers concerned about Brian.

"What's gotten into him is he hurt?" Artemis had said out loud running as the elmwood brothers were running with the king.

"Well we don't know... but he is our brother!" the four basically screamed.

Darius had ended up running back to the castle but was stopped by King Dakota and King Dudley at the front gates.

"We are trying to help you Brian please don't resist" King Dakota said.

"Brian we are here to help you with your powers please stop" King Saikou had said, readying his ghost powers.

The others had caught up with Eva also there as well over what had happened.
