

"Hey Artemis?"

"Yeah?"

Amber had kissed him on the lips in front of the doorstep to the Lane household as he gently pulled her into his arms.

"I love you and I don't want you to ever forget that... and I realized besides that dream why I came to you after everything that had happened between us..."

"With that crazy love triangle that happened..."

The two were blushing hard looking into each other's eyes as they kissed again under the moonlight.

"You had a bit of syrup on your lips...hehe"

Artemis put Amber down as she walked inside with her shoes and her phone as he walked back to the temple.

"and that's what happened and she seemed to really like it"

Artemis was telling the events of what happened to his best friends and they all were happy for him minus solaris as he wasn't on earth at the time as he was back on Gaia.
