

Victor Gerald Shield was born on July 16th 2001 making him 18 years old, he is the runt of the Shield family.

Backstory-

He is the youngest child of the Shield family with many older siblings, Valencia (31), Valerie (28), Abby (27), Lucas & Larry (25), Ryan James and Kevin (22). He is very close with Artemis for this reason while also being shy at home and being his true optimistic and playful self. He is the shortest of his brothers but has never struggled with sports or working out or wrestling his whole life. He did have magic but never had an aura before training with Artemis an orange magic aura appeared vs a clear non existent magic aura that he had for the past 18 years of his life. He also was somewhat ignored for being the youngest his whole life.

Victor is energetic, very hyper and a gentle giant with a big heart. He is also known to have a stomach with a bottomless pit because he eats a lot and often eats things that aren't necessarily edible. He was really quiet and did not speak much while he was at home but like Artemis showed his true personality on earth.

Power wise he has the super strength power that allows him to lift up heavy things, jump very fast and be very fast. He did not have a magic aura at first but after training with Artemis he developed an orange one, he also uses special gauntlets that protect his fists while fighting.
