

Colton Stone Steelspike was born on July 1st 2001 making him 18 years old.

For a "backstory" he grew up like a normal anime protagonist, but growing up he had a very bad temper and anger issues as a kid but gradually calmed down over time. Colton wasn't that expressive to begin with a trait shared with the members of his family but is pretty in tune with his emotions. His siblings Cooper (22) Kaili (20) and Amethyst all get along with each other in their somewhat cold distant way from the outside looking in.
