

Zephyr Winston Albatross was born on March 3rd 2002 making him 18 years old. He shares this birthday with Wendy and Skyler (that were born 5 and 10 minutes before him).

Growing up he was very good when it came to sports (mainly track and field) and fairly smart to boot. He can be a bit of a jerk/prankster with a big ego at times but generally has his heart in the right place and can be a bit of a tsundere at times because of his nature. He also has a younger sister named heather as well. He does not get along with Bodhi very well but is very close with Magma (which is Bodhi's closest best friend as well which is ironic).
