

So the wolves agreed to go back home but Amber surprisingly wanted to tag along to see this world they talked to much about.

On the ship Athena and her family were there in the cockpit area as King moonstone was driving the ship as the other wolves reconnected with their parents talking about their calm life on earth.

"So Artemis are you ready to be wed now? it's been a month at this point" Athena appeared in between him and amber pushing her out the way.

"Oh Hey Athena I think the wedding has been canceled. My parents already saw me with my true love Amber Lucy Lane". Amber kisses him on the cheek jumping up a little bit as Athena had this shocked but quiet stare on her face as she appeared to be broken.

"My daughter what's wrong?" Mr Sliver asked , "So are we being married?" Athena asked, sounding like a broken record with some hurt in her voice.

"No." Artemis calmly said as Amber clinged to his arm.

"WHAT THE FUCK?! YOU HAVE NO DAMN RIGHT TO REJECT ME LIKE THAT YOU OBESE FURBALL!. YOU ARE GOING TO GET MARRIED TO ME IF YOU LIKE IT OR NOT ARTHUR!" Athena screamed showing her true colors on the ship.

Artemis had a look of fear on his face as Amber said "It's Artemis Onyx Moonstone get your facts straight missy!".
