

Dakota Justice Eardwulf was born on January 6th 2002 making him older than Bodhi, Zephyr and Justin but younger than the other wolves.

He is the eldest of his siblings Anabell & Janet (16) and Dan (14), He is considered a prince of Gaia but of the native wolf pack. He grew up a pretty modest life Even living in the forest where his pack lives in the middle of the Valor pack.

He wasn't particularly fond of Justin at first but grew closer to him over time and eventually started dating him once Justin asked him out.

He is very kind and loyal and very gentleman-like. He refers to anyone by their last name as that's a weird quirk he has. He has a hidden competitive side to him that is rarely shown. He is also very honest with himself and rather blunt.
