

So me and my family somehow got to talking about the book/movie *Holes* the other day (really, this is arguably the best ever movie translation of a book), and how Sam would say "I can fix that." Well, something suddenly came to my mind, so here it is! If S. Morgenstern had written *Holes*:

*And the day came when Kate Barlow realized that when Sam said "I can fix that", what he really ment was "I love you."*

...Eh, for what it's worth.
