

Arcanine Sitting

Written by: Garrett R. (WereG-Wolf)

“Arrgh. Ah. Oh, God.” Ari panted out as he jerked canine cock faster and faster, getting close to climax.

RING, RING! RING, RING!

“Fucker.” Ari swear at the phone and picked it and seen his friend Fen was on the other end. Ari hit the answer button and said, “Hey... Fen. Give me a minute would you?”

Fen laughed on the other end, hearing Ari’s panting and breathless voice. “Yeah, sure. Finish, don’t let me disturb you. Hehe.”

“Thanks, buddy.” Ari said then jerked his cock even faster to bring his climax out. “Oh, god. Mm...” Ari said then his hips thrust involuntarily and foam like, cream looking cum flowed out of his cock, covering his chest in it. After he was finished and breath back he spoke into the phone. “Ah... Sorry. You caught me at a bad time. What do you need?”

“Well now I want to come over and clean you.” Fen said, laughing. “But the reason I called was I want to ask a favor from you.”

“Oh? And what would that be?” Ari asked, sitting up on the couch he was on.

“Can you can over here and stay at my place and take care of my Arcanine?” Fen asked.

“Sure, I guess. But where you going?” Ari questioned.

“Well... there’s this retreat this weekend and there’s no Pokémon allowed. If I could, I would take him with me, but I can and need someone to look over him.”

“Okay. When exactly do you need me?”

“Well, that’s the thing. I have to head out tonight and it’s for three days. So can you come over right away and stay that long?”

“Ah... Fine. I got nothing better to do.” I Ari said then got off the couch and stood and made way to his bedroom to start packing.

“Oh, thank you. Thank you. Ari, I owe you one. See you in a bit then?”

“Haha, yeah. Packing right now, I’ll be over as soon as I can.” Ari said throwing some clothes into a suitcase.

“Yeah, see ya!” Fen said then hung up. Ari ended the call on his end and throw the phone onto the bed and continued packing for the stay over to his friend’s house.

“The things you do for friends.” Ari said aloud to no one. “At least I don’t have anything planned for the next few days.”

Thirty minutes later Ari was packed, cleaned, and on his friend’s front steps.

KNOCK, KNOCK!

A moment later Fen, a mainly black furred wolf, opened the door. “Hey there. Glad you made it.” Fen said, walking through the doorway with his own luggage. “Sorry to leave as you arrive, but you’ve been here before and now the place and Arcanine. Help yourself to the fridge, I stocked it earlier and sleep in my bed, no reason for you to sleep on the couch.”

“Hehe. Okay, Fen. I got it, go have fun. Arcanine and I will be fine.” Ari said then patted his friends back, in a “get going” motion.

“Okay. Yeah. I’ll be home in a few days and there’s enough PokeFood for Arcanine.” Fen said, checking off things aloud.

Ari sighed and started to push his friend away. “Get going, you worry too much. Go have fun.”

Fen looked down to his short friend and nodded. "Yeah. Okay, see you in a few days." Fen said then walked away on his own.

Ari watched his friend get smaller and smaller in the distance. Once he was out of view was when Ari turned on walked into his friend's house, closing the door behind him.

"Arcanine?" Ari called out, wondering where the large Pokémon was in the small house.

No seeing or hearing anything, Ari made his way to Fen's room or the Master Bedroom (and only bedroom in the house) and put his suitcase at the feet of the bed. After setting down his suitcase he sat on the bed and took off his shoes and stripped his pants, revealing a jockstrap. Then he stood up and stripped off his shirt and discarded both items onto his suitcase and made for the living room, not caring being in a lone jockstrap in his friend's house.

In the living room Ari plopped onto the couch and turned on the TV and flicked through the list of channels. Then a thought came in his head. "Probably should make sure Arcanine is in the house before I get too settled." Ari said aloud to himself then got off the couch and searched for Arcanine.

Ari started with the living room and search around the furniture and found nothing. Moving onto the kitchen, he found nothing. On the way to check the bathroom, he checked a hall closet for kicks and found nothing. In the bathroom, he found nothing. Big surprise. That left the bedroom.

As Ari walked into the bedroom he said aloud to himself, "I've been in here already and didn't see him. Mm..."

Unknowing to Ari, Arcanine has been in the bedroom the whole time, hiding in the closet. As Ari enter the room and turned his back from the closet, Arcanine pounced onto Ari, knocking him to the bed.

"What the?" Ari asked as he was tackled to the bed.

"Woof!" the Arcanine said then licked Ari back. Ari shivered from the action and his taste made him lick Ari more and more.

"Hehe. Like the taste of root beer, Arcanine?" Ari said, laughing from Arcanine's tongue, then flipped himself around to face his "licker". As Ari flipped over, Arcanine started to lick his upper chest and neck. "Have you been there the whole time, Arcanine?"

Arcanine stopped licking for a moment and woofed in response then continued to lick him.

"Haha. You like root beer flavored Ari do you? I bet you could fit me in your maw, if you wanted to. Considering how big you are compared to me." Ari said. As Ari finished, Arcanine stopped licking and looked at him, tilting his head in curiosity. "Like that idea, do you? You want a big taste of me, don't you?"

Arcanine happily nodded his head at the questions. Ari smiled at Arcanine's reaction and said, "Okay, boy. I can do that. I always wanted to be in someone's maw. Open wide for me and I'll hop in, okay?"

Arcanine nodded in acknowledgment and got down to all fours on the floor then open his mouth wide, as instructed. As Arcanine moved, Ari sat up and watched Arcanine open his mouth, waiting for him to hop inside. So Ari hopped off the bed and walked to Arcanine opened maw then put a hand on his tongue and rubbed it for a moment. "Now, no swallowing me. Got it? Or Fen will have your ass."

Arcanine whined a little but nodded. "Good. Ready now, boy?"

Arcanine nodded again, happily. Ari smiled at Arcanine eagerness and not to make the Pokémon wait any longer he turned around then sat on the Pokémon's tongue. Then pulled his

legs to chest and quickly pulled them to the left to turn around to get all the way in Arcanine's mouth. "Okay, boy. I'm in."

Arcanine then closed his mouth, making it dark to Ari. After a moment his eyes adjusted to the darkness and spread out onto the tongue, hugging it in a way. Suddenly, Arcanine pushed his tongue against the roof of his mouth and started to rub it, and Ari.

"Hehehaha!" Ari laughed as you was rubbed against the roof his Arcanine's mouth.

In the bedroom, Arcanine stood to all fours the walked out and to the living and laid on the floor in front of the fireplace. All the while Ari could feel Arcanine stand and move and lay down again, as he feel him suck on him like a treat.

Suddenly, Arcanine's tongue throws Ari around his mouth, hitting teeth and tongue and the roof of the mouth. "Hey! Quite it! Open up boy. Let me out!" Arcanine whines at Ari's request but does as he was told and opened his mouth to let Ari out. Once the mouth was open up enough, Ari worked his way out and sighed. "Maybe we'll try again down the road." Ari said then walked to the bathroom and started a shower to wash the slubber off himself.

Arcanine followed Ari to the bathroom but when the door closed he stopped and laid outside of it waiting. On the other side of the door, Ari stepped into the warming water of the shower and started to wash of Arcanine's saliva that coated his fur.

Five minutes later, Ari steps out of the shower and dries off and drops the towel into a hamper then opens the door, finding a snoozing Arcanine. Trying to not to wake him Ari tiptoes around him and heads back to the living room, sitting on the couch and sinking into its embrace.

Not too soon after Ari sinks into the couch, Arcanine returns and puts his head just under his balls and sheath, sniffing slightly. Ari smiles at Arcanine and says. "You want to take care of my cock as an apology, boy?"

Arcanine nodded his head in response.

"Okay, get me off and all is forgiven. Do good enough, I'll take care of you, fair enough?"

Arcanine nodded his again, quickly this time seeming to like the idea of Ari repaying the favor.

Ari was already hard, just from asking, and pointed his six inch canine cock toward the Pokémon's mouth. Arcanine happily took the invitation and took the whole cock into his mouth and started to suck on it, sort of how he sucked on Ari earlier.

"Oh... That's better than when I was inside your mouth. Oh..." Ari moaned out, in pleasurable bliss.

Arcanine gave a playful growl in response as he continues to suck on the cock in his mouth, wanting a creamy reward.

"Fuck. I must be hornier than I thought. I'm close, boy. Get ready..." Ari said, trailing off, then his hips involuntarily thrust forward and he started to spill his creamy, foam-like cum down Arcanine's throat.

Arcanine didn't miss a beat and swallowed every drop given to him and continued to suck on the cock until it retreated to his sheath, at which he licked at the sheath.

"Okay, boy." Ari said, pushing Arcanine off. "Get on your back for me so I can repay you."

Arcanine whined slightly but quickly rolled over to his back and present his throbbing lava colored cock and red furred balls. Ari smiled at the cock, wanting it in his ass. So Ari stood from his seat on the couch and then stepped over Arcanine to have him under his body.

Arcanine looked at Ari with a slightly confused look, wondering what the husky had in mind. Ari looked back at the Pokémon but didn't say a word as he crouched down and grabbed the Pokémon's throbbing warm cock and pointed it toward his hole, slightly pushing it in as you crouched down far enough.

The Fire-type Pokémon then knew what the husky planned, he was going to ride him until climax. Excited at what was going to happen, Arcanine thrust his hips and pushed a couple inches of his cock inside Ari. This action was unexpected to Ari and he screamed out in pain then looked at Arcanine.

"Hey now! I'm not lubed, and neither are you. We have to take it slow." Ari said, with a slight harsh tone.

Arcanine flattened his ears and whined slightly, feeling bad.

Ari reached down and rubbed his ears and head. "It's alright, boy. Let me do the work here."

Ari's words must have reached Arcanine because his ears perked back up and he nodded.

"Good." Ari said, smiling at the Pokémon, then started back down the member in his ass. It was a slow and planned journey down the member, but after five minutes Ari reached the top of knot of Arcanine's cock. Ari didn't go further, not planning to take the knot at all, and started up the cock and back down starting to fuck himself.

Arcanine growled slightly in pleasure as Ari started to fuck himself. Ari himself moaned and groaned as he fucked himself, going faster and faster as time went by.

"Oh, fuck. Your cock is nice, Arcanine. You close to filling my ass you with warm cum?" Ari asked Arcanine as he went hard on the cock in his ass.

Arcanine barked in response. Ari smiled at the happy Pokémon. "Me too, surprisingly."

Not too long after, Arcanine thrust his hips as Ari was going back down and Arcanine's knot forced itself into Ari's hole. The action pulled a scream of pain and pleasure from Ari and his flopping cock started to spray creamy cum over himself and Arcanine. As Arcanine's knot forced itself into Ari's hole, Arcanine started to fill Ari's ass with warm lava-like and feeling cum.

After both canines finished spilling their loads, they panted from exhaustion and Ari fell onto Arcanine's chest, his knot not letting him escape. "You're lucky that was a good fuck. I wasn't planning on taking your knot." Ari said.

Arcanine whipped and barked in response.

"Glad you enjoy it too, boy." Ari said and hugged him close and lay there, waiting for the knot to recede from his ass.
