

Secluded Sex
(G- Chronicles Series #1)
By: WereG-Wolf (Garrett R.)

G- panted as he finally made it to the secluded campsite after a long hike through the forest. In the clearing the overweight boy huffed down his pack and started to make camp. He started with his tent then put his things inside and move on to getting firewood around for later for a fire and dinner.

Not too far away was a beautiful lake that called to the boy. So G- decided to strip and made his way to the lake, skin dipping since he knew no one was around to see him. The water was refreshing to the boy and cold him off from the heat that was in the air.

After some swimming and just floating on the water, G- made his way back to his camp and dried off and didn't bother dressing again. No one was there to see him, right?

Wrong. In the woods, a unknown watcher has been watching the boy and was waiting until the time was right. Though the thing in the shadow wasn't sure how much longer he could wait, the boy has been unknowingly teasing him and has let him horny as hell.

Back on G-, the boy was shuffling through a bag in his tent looking for something and wiggling his ass. A moment later the boy come out of the tent with a canine dildo and lube in hand and went to sit on his chair. Once in the chair, the boy lubes up the dildo then some fingers and starts to finger himself a little.

In the shadows, the unknown person stifled a moan as he watched G- finger himself knowing what was going to happen next once the boy was finished. The mystery person let his hand wander down to his cock, already naked, and start to jerk his huge nine inch cock.

At camp, G- let out a loud moan since he, again, knew he was alone. After a few minutes of pumping his fingers in his ass he take the dildo he brought and put the tip to his ass and started to push it in, forcing a groan and pain and pleasure from the boy.

The person decided to move from his position to get a better view of the boy's ass as the toy sinks into the tight pink hole. Once settled again he jerking his member again but feel close already, but he dared not to cum until the boy was finished.

"Fuck" G- said aloud as the toy sunk inch by inch into his hole. "I hope I can get the knot in this time." The dildo the boy used was an average size canine dildo, five inch shaft but a three inch knot to take in. G- was just getting to the knot before he pull the dildo back out and in again, fucking himself. "I hope my orgasm will make me loose enough to take it in."

In the tree line the person had to sit and he watched and jerk the show was too much for the man to stand up. He was glad to find the boy when he ran through the woods today.

G- started to pick up the pace as he fucked himself, feeling closer and closer to climaxing in hopes of taking the knot.

"Fuck. I can want to fuck him and have him wither under my knot as I turn him." The man in the woods thought to himself as he to quicken his pace on his cock.

A sudden cry out in pleasure caught the man's attention as G- covered his chest in cum, hands-free at that, and push the knot inside like he wanted.

Seeing G- cum forced the man to cum as well but he held back his cry of pleasure to not be discovered.

The boy relaxed into the chair as sex afterglow set in, not bothering to clean the cum from his chest or taking the toy from his ass, which he planned to leave in there anyways.

“Ah. That was fucking great. It’s a shame I can’t get any action like I do with my dildo.” G- said aloud to himself.

The man pants from his own afterglow but he couldn’t rest for long he had other things to attend to before he can approach the human. So the man stood and to drop to all fours and shift into a above average wolf and ran off. G- quickly looked to his right, thinking he heard something but chalked it up to the wind and relaxed again.

After a good five minutes later G- decides to get up and clean himself and get the fire going for his dinner and light from the soon-to-be darkness. So G- got up from his chair and walked to his tent and pulls his underwear out and cleaned himself. Once cleaned and half hard from the dildo in his ass, he started on the fire. Grabbing some matches and kindling, G- stoked the fire and got it going and up to a steady level for light, heat, and cooking.

Couple hours later, G- sat in his chair with a blanket and full belly as he stared at the fire. As G- stared at the fire, a wolf stopped his running just within the shadows of the woods and turning from a wolf to a half man, half wolf looking creature.

“Mm... *Perfect timing I’d say. I wonder if he still has that toy in there...*” the man thought to himself as he watched G-.

And as if he was answering an unheard question, G- shifted in his chair wincing slightly and snuck his hand under the blanket to his ass and played with that dildo.

“*Good. He’s still full with that toy. I can just pull it out and push mine in*” the man thought to himself again, smiling.

G- lets out a loud yawn. “Fuck. Should get to bed, but I feel horny again and I even still have my toy in.”

“*Fuck. I better make my move then.*” the man thought then moved from his spot, deliberating making noise to stir the man by the fire.

G-’s head quickly snapped to hear he thought he heard a twig snap. But then snapped the other the other way when he heard leaves russell. “Wh... who is there?” G- said then got up and made for the tent to get a flashlight.

Turning the flashlight on, he directed it to the noises. “Anyone here? Show yourself!”

A huge, bulky, hairy figure came into G-’s view and light, shrugging before speaking in a deep, rough voice. “If you say so.”

G- slowly steps back as the creature steps toward him. “Wh... what are you?”

“Me?” the creature asked and gestured to himself. “I’m a wolf shifter. I can be a man, wolf, or something in-between like you see here.”

“What do you want with me? Why are you here?” G- asked, trying not to sound scared but failed. But could you blame him? He was a young adult only in the woods with a weird creature and naked.

“You’ve been teasing me most of the day and I’m here to do what I have been wanting to do.” the creature said, still stalking the boy.

“What do you mean?” G- asked, still stepping back but trips over his chairs and falls onto his ass, forcing the dildo inside him more unexpectedly. “Fuck!”

“That.” the creature said as G- fell and yelled out. “I am going to fuck you and turn you into a wolf shifter.”

G- gets back up and steps back again. “You... you can’t do that. That’s rape.”

“You won’t consider it rape when I’m done.” the creature said then leaped the distance between them and grabbed G- by the neck. “No more chit-chat. I’m horny as fuck and I need to

fuck.” the creature said then took his other hand and stroked his throbbing twelve inch member with eight shaft and four inch knot.

G- looks toward the jerking hand. “You can’t be serious, that will break me.”

“Luckily you have that dildo in your ass to help in inside then.” the creature said then reached for the dildo and tugged at it but didn’t pull it out, yet.

“Ah! Fuck! Mm... Can you... at least... tell me... your name?” G- asked, panting from the dildo playing.

“You first.”

“Ah... I’m Garrett but G- for short.”

“I’m Bodolf. Now to fucking you and changing you.” the creature named Bodolf said then pull out the dildo in G-’s ass.

“Fuck!” G- yelled out as the knotted canine dildo was forced from his hole and cool air filled the space.

Bodolf chuckles and turns G- around then put him onto all four, keeping a clawed hand on his back so he doesn’t run. Once he had G- settled, he kneels on his knees and puts his cock tip to the gaping entrance and push as deep he could in one thrust.

“Mother fucker!” G- screamed out. “Can you at least be gentle?”

“Can be? Sure. Will I? No, not this time. My will power is low right now.” Bodolf said as he pull out and thrust forward to bury more cock into the half loose ass, getting about six inches in.

“Argh. Fine, get this over with.” G- said, but moaned too.

Bodolf doesn’t reply, just fucks to get his how shaft in and working on pushing the knot in but knows it would be easier if his victim gets off before knotting him. So Bodolf took a hand and grabbed G-’s semi cock and strokes it, it getting hard instantly from the attention.

G- lets out moan and groans as his ass is fucked and cock jerked. “Fuck. Im close.”

“Good. Let me help you out though.” Bodolf said then quickly leaned down and bit into G-’s neck, sucking some of the blood.

“Oh, god! Yes!” G- hissed as he came as his neck was bitten into.

Bodolf smiles around the meat around his teeth and push forward quickly to knot his victim to get the process of turn him started. Once his knot inside, he instantly came into the hot channel, filling it.

G-’s limbs give out and he falls, taking Bodolf with him. “Okay, you were right. I wouldn’t consider that rape, that was fucking great!”

“Glad to help.”

“Yeah. And now if you’ll excuse me, I’m going to pass out now.” G- said and just as he said it his head fall and eyes close, fainting.

“Of course, sweet boy. They all faint after. When he wakes he’ll have one hell of a headache and surprise for him.” Bodolf said to no one.

Bodolf laid there for a bit before pulling his knot and leaving a pair of his underwear of for the newly turned wolf then runs off into the woods, to home.
