

The Anniversary Lovings

by Xenny Diemes

It has been good five years since Zack and Andrew, or Andy as the big lemur loves to call him have been together. The hunky mallard has come to love the giant more than just his size and “incredible” endowments. But to see him more like an actual person that even himself didn't see. It was as good of time as ever to have a great 5-year anniversary of their togetherness as boyfriends. With the promise of some real serious loving afterwards. Zack goes up and down around town by foot, he could go around by with is custom made skateboard, but waking the way up and down wearing just only his sweat pants that leave nothing to hide his tree trunk legs and tremendous member that bounces and sways about. He finds a good store where he can find a gift for his love. Meanwhile Andrew was in charge of not only getting a gift for the big lug and he has found it. He always has an affinity for spandex clothes so he manages to find a good supplier who thanks to some friendly connections, manage to get five pieces of clothing all made of spandex just for his size.

On his way back, he finds the nearest pharmacy where he can get some “extra” stuff. Namely just some helpful aids and some special lube. Which was on sale today, Just picking up one, Andrew remembers what he is dealing with and decides to get twenty bottles. Zack then gets a call on his smart phone and trying to use his big hands to navigate his way through the screen. He gets the message that he is ready to give him his special gifts but Zack is still stuck in trying to find a gift for Andy. He knows he's not much into receiving gifts as he loves to give, but he wants to get him something that can show his love. Shirts and goods sound common and cologne would make him sick. But then he realizes that he doesn't need to get him something material, but something he will never forget.

Back at home, the two came together and Andrew gives Zack his gift, it's a set of 4 long-sleeved spandex pants, two pairs of spandex pants and a specially stylish full body spandex suit. With a gasp

and a smile, Zack full muscle hugged his feathered boyfriend into loving these gifts, especially the suit to which he will try it on right now for he has a special surprise for him when he comes back. Twenty minutes have passed, and Duck has grown a little impatient in what is keeping Zack so long, with the other box with the special lube untouched he was ready call Zack out until suddenly the lights dimmed down and the other lights came on. Zack came out through the door and he was wearing the tight and sexy spandex suit. But he's also wearing the makeup of his stripper persona TigerStrype. This is his present for his lover: A one of a kind lap dance that only special "clients" pay for. It was time to try out his new moves for his "other job". Flexing his bulky muscles, posing for him, and even dominating over his little boyfriend and letting his monstrous testicles drop and press up against his body.

With sayings of sweet anything into his ears. Andrew was too distracted and horny of feeling so much mega-lemur meat up against him. Zack's reaction to the sudden erection growing under his jeans is a clear sign that he wants to really enjoy his special gift. Zack slowly zips down his suit exposing the humongous and wide pectorals, washboard six-pack abs and further down to show off the top of his massive black cock, veins throbbing and twitching. And he's not even hard yet. Andrew pulls himself off and immediately reaches for the box to tear it to shreds to show off his other gift, It was twenty bottles of X-Y-Z brand tingling lube all for the both of them to play and fuck hard. Zack does feel very horny and they didn't waste any more time to press up against each other and get themselves ready for some hard sex.

Andrew gets himself out of his clothes and Zack's watching of all this, stretches his spandex at the crotch. He pulls it off to expose his monstrous erection in front of his boyfriend. Andrew now in the nude sits astride on the great member and shoots out a whole bottle of lube on his body and starts to hump it. Leaning back and watching hunk of a duck power humps Zack's dark penis is as an incredible feeling to him as if he did it solo in his private time. Zack tells Andy to pump harder and he does, grabbing the couch edges and crushing the arms with his bare hands. Zack's raging erections

pulses, making the naked duck bounce up and down with its great movements. Andy can feel the surge coming on and he keeps pumping it faster and faster until, Zack hits his orgasm and explodes! The thick stream of cum blasts from the tip and hits the door in a long shot. Andy hasn't come yet, however that will save for the finishing moves Zack has in mind for him. Zack picks the duck up by the sides of his torso and admires his fit, muscular body, covered with black, brown and green overtones that define his lover's muscles perfectly. But even that can't top the size of his cock throbbing right in front of him.

Andy playfully asks if he wants to lick it up like a lollypop, Zack nods and sucks down on his dick. He loves both the length and girth of such a piece, prompting him suck on him. Grabbing his feathered buttocks and shoving more of that man-meat down his throat, he can feel all ten inches of man-duck down on him. Andrew grabs his head and thrusts his hips more, telling Zack to suck harder. Then Andy tells Zack he is about to cum. With a gasp, Andrew shoots his load down his throat and the giant lemur drinks it all down in hard gulps. Andrew, for his size really cums like a hose! Pulling his mouth out, the long dripping cock is still hard and wet. Taking a few breathers, and letting him rest on his mighty body, the two are ready for the last stretch of their play time. Slicking some lube on his long cock, Andrew sees a well-positioned lover with his tail up in the air and those bulging butt cheeks inviting for his loving. Wrapping his arms around the long, thick ringtail, Andrew shoves his dick right into Zack's rock hard ass and starts to fuck him deep and hard. This is the sexual part of why he loves Andrew: For someone his size, he knows how to treat a titan right.

Using his special moves, swirls and well-timed thrusts. Zack heaves and breathes hard, feeling every inch of his lover going in and out of him. Prompting the lemur to get rock hard again he tells Andrew of how an incredible fucker he is and tells him more sweet complements to boost his ego and pump even harder to make him cum. This always does the trick as Andrew fucks the giant harder and harder. The bounces and the feeling off his gigantic member and testicles bouncing, makes the feeling of his hot semen rise up to the tip, dripping over his great, white chest and abs. Watching that sight

and the scent of his musk, Andrew tells Zack if he really wants him to cum, Zack tells him yes, but Andrew really wants to make him ask for it. Zack, coming close to another orgasm, really tells him that he wants it, Andrew tells him one more time and Zack couldn't take it anymore and he cums with Andrew following after. The surge was incredible and Zack felt the blast of his own seed hit him in the face, Quickly turning around, he pushes his cock down to let Andrew have a taste of his power and loves to see him covered in his sticky love goo.

The living room, stands, walls, TV, floor and anything that wasn't within the range of the mighty lemur's eruptions is all covered in thick semen. Laying on the small couch with his lover again resting on top of him. He can see his boyfriend exhausted from the intense pleasure he got and gave. The giant hunk pulls him up and nuzzles. All these years of them together and still Andrew's the one who loves him for him and is willing to take on so much of him. And sometimes, he loves him for even trying. He's going to make it up to him by cleaning up the living room tomorrow but now he wants to enjoy snuggling up with his love in the warm and wet bed of his great body.
